Anthony Armstrong

Residential

8/74

Mr. Armstrong requested renovation and design assistance f from NDC. Since his funds are limited and he missed the renovation workshop, the NDC decided to help him in his goals. Our goal was to help Mr. Armstrong design his home and eventually use it as a model design home. Mr. Armstrong was aware of this and agreed to it. He had a budget of $20,000 to work with. We were to work on a consulting basis with the contention that it was up to him to do the actual labor and buying hinself. He began demanding too much of NDC, however, so it was decided that it would benefit Mr. Armstrong most if he would use a professional since NDC is not funded to handle individual situations.

HAMPDEN-WOODBERRY SCHOOL #55

Comm. organ.: Hampden-Woodberry Community Council
Comm. contacts: Jean Hare, History comm. 539-7744
Jim Campbell, President 366-8160

Group wanted architectural assistance in determining the feasibility of renovating rather than replacing public school #55. The school is scheduled for replacement in 1977. Due to lack of visible community support for the idea, NDC declined in providing an architect, but indicated interest in the future of the school and the possibility of providing architectural assistance.

006

HERB LODDER, EXECUTIVE DIRECTOR OF MANTRA, a drug program in Hampden, requested the aid of NDC in doing a feasibility study on the possible renovation of their basement for use as additional conseling space. Architect Jim Schneider did some sketches, made some suggestions, but made the recommendation that it would not be practical to re-do the basement because the building foundation wall is not suited for such a project and the costs of renovation would be excessive.

Professional volunteer: Mark Levin, architect, 433-4600
NDC provided plans for renovat on of school allowing a maximum of flexibility in space usage. The school planning Committee an educational philosophy calling for flexible group team teaching, and other innovative forms of organization. This required close work with architects to develop a structure which would be conducive to such an educational strategy.

THE NORWEGIAN SEAMAN'S HOME

~~Planning~~ assembly

Date NDC services requested: 9/23/70
Comm. organ.: The Planning Council for the Norwegian Seaman's Home, Baltimore Planning Commission, Dept. of Planning
Comm. contacts: John Pierce, Chairman, Bernard Berkowitz
Professional volunteers: Joseph Scalabrin, architect

Initial request was to determine if the renovation of the home would be more costly than its denolition and if so, to develop plans for its use as a multi-purpose center. NDC efforts were to be considered service in-kind for funding purpose. Funding would be 1/3 local,

Kensington Hill MPC

over

1/3 state and 1/3 federal. Federal monies did not materialize. After preparing renovation plans, the project ended. No money from Feds.
