No. 7332 Equity.

Testimony of,

I know the parties to this cause. I knew Susannah Kline, she was my mother, she died the 26th day of January, 1901, intestate, she left a little personal property but not enough to justify administration. I reported the amount and value of it to the Orphans Court and they said it was not enough to justify administration. my mother Susannah Kline lived and died in Frederick County, Maryland.
At the time of her death she was seized and possessed of a one half interest in a small tract of land containing 2 7/8 acres more or less, situated in Frederick County, Maryland. near Walkersville. I look at Exhibit No. 1 now shown me and which is herewith filed with the Examiner as evidence (said Exhibit so marked filed by the Examiner) it is a certified copy of the deed conveying said property to my mother and myself and correctly describes it.
At the time of my mother's death my father George A. Kline was living but died a few days thereafter on the 31st day of January 1901, my mother left surviving her the following named children, the son Jonathan Kline whose wife name is Barbara A. Kline, both of whom are adults residing in Washington County, Maryland. a daughter Rebecca D. Warrenfeltz whose husbands name is Daniel P. Warrenfeltz, both of whom are adults, residing in Frederick County Maryland, a daughter, Mary M. Kline, an adult unmarried, residing in Frederick County, Maryland and myself a son Daniel C. Kline, my wifes name is Maud E. Kline, both of us are adults and reside in Washington County, Maryland, and the following infant grand children, who are the children of a deceased daughter Elizabeth Smith, who died about six years ago and whose husbands name was Jonathan Smith, namely: Minnie F. Gover who was born to the said Elizabeth Smith out of Wedlock and prior to her marriage with the said Jonathan Smith and who is now confined in the Female House of Refuge of Maryland, Said Minnie F. Gover, was 18 years, old the 12th of last February, an infant son Martin L. Smith who is about 7 or 8 years old and resides with his father in Washington County, Maryland. an infant son John W. Smith, who is about 6 years old and resides with my sister Mary M. Kline in Frederick County, Maryland.
2nd. Did your mother at the time of her death leave any debts.
Ans. Yes sir, she did, she was indebted to Dr. Lewis Lamar for medical services rendered her in time of sickness, but I dont know the amount. She was also indebted to James A. Grove, undertaker, that is the estate was for her funeral expenses in the sum of $22.00 Mr. James A. Grove also buried my father making the same charge $22.00 for that.
My own account of $11.92 for one half of the taxes on this Real Estate, which I paid, that is I have been paying all of the taxes on said property and the bill which I herewith file, with the Examiner as evidence is a correct statement of the 1/2 part of said taxes which my mother should have paid and which I paid and charged to her said bill is marked Exhibit "A.B.C."
She was indebted to Dr. A.J. Smith for medical services during her last illness I do not know the amount. These are all the bills that I have any personal knowledge of.
What is that whole property worth?
Ans. About $250.00 that is my interest and my mothers together. Her interest would be worth about 1/2 that.
