A Thumbnail Sketch of the Messenger

Mr. Elijah Muhammad, "The Messenger of Allah" and Spiritual Leader of the Moslems in the United States, for nearly 30 years, has been passionately concerned with justice and freedom for the American Negro. For He long ago learned, and learned well, the lesson taught that no one individual can rise above the condition of his race. The Messenger has been a military man fighting for His ideals and principles. But He has never become discouraged or embittered. For His eloquence, wisdom and inspiration are derived from the triumphant teachings of Allah.

Today he stands alone as the unacclaimed Leader of the American Negro. For, even though there are truths in His insights some people seem afraid of the brilliance of His visions and wisdom, and many are even shocked by His candor.

Yet to those who know Him intimately He has inspired loyalty, given meaning to their lives, and articulated their aspirations for "The Betterment of His People." To them, as a consequence, He has become the Anointed Leader. The Messenger is a remarkable person and the most modest of public men. He has lived and suffered in the midst of the Negro's complicated problems.

The Messenger loves His People! To show His love and admiration He proposes to build a Medical Center. Not for His people only. This will be a non-racial hospital whose purpose shall be to help cure those millions of people who are now overflowing other well-known health institutions. The site has been secured. He also proposes to build an educational center on the Chicago South Side. However, the Messenger needs help to make this most beneficial idea a reality. Whose help? Your help! Your dollars contributed to the Messenger to help secure a medical and educational center are not only contributions but investments in your future and in the future of your children. Join us in this colossal venture. Contribute today. Put your donations in an envelope now.

Science Shrinks Piles
New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "surprising improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anaesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H.* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

COOKING IS FUN

Beef and vegetables pies fill the bill of cold day

By FANNIEJOE REID

Lattice tops, easily woven with biscuit strips, dress up tasty Beef and Vegetable Pies.

Potatoes, carrots, onions and peas give these hearty beef pies plenty of appeal. By making the biscuit dough with enriched self-rishing flour, you save time and be sure of tender, extra-light biscuits.

Beef and Vegetable pies are made with one-third cup sifted enriched self-rising flour, two teaspoons salt, one-fourth teaspoon pepper, one pound beef stew meat, cut in one-inch cubes, one - fourth cup shortening, two cups water, one small bay leaf, four small potatoes, cubed, four medium carrots, sliced, one large onion, diced, one cup cooked peas, two tablespoons enriched self-rising flour, one-third cup water and Biscuit Strips.

Mix one-third cup flour, salt and pepper. Coat meat with flour mixture. Melt shortening in large saucepot and brown meat slowly on all sides. Add water and bay leaf. Cover and cook over low heat about one and one-half hours.

Add potatoes, carrots and onion, continue cooking until meat and vegetables are tender. Stir in peas. Mix two tablespoons flour with water. Stir into stew and cook until gravy begins to thicken, stirring constantly.

Fill individual casserole dishes two-third full. Top with Biscuit Strips and bake in hot oven (425 degrees F.) 15 to 20 minutes.

* * *

THE BISCUIT STRIPS are made with two cups sifted enriched self - rising flour, one-fourth cup shortening and two-third 16 three - fourth cup milk.

Cut or rub shortening into flour until mixture is crumbly. Add milk to make a soft dough. Turn out on a lightly floured board or pastry cloth and knead gently 30 seconds. Roll out to an 8 x 12-inch rectangle.

Cut into strips one-half inch wide. Place strip around edge of casserole dish. Make lattice top with remaining strips.

Makes 4 servings.

Mushrooms in meat balls

Need a quick recipe for family meals? Try these unusual meat balls containing finely chopped mushrooms and flavorful bits of instant minced onion. "Mushroom Meat Balls" are browned, then baked in a mushroom sauce made from canned soup.

By making this dish with instant minced onion, you eliminate one of the most distasteful of kitchen chores — the teary-eyed task of peeling raw onions.

* * *

MUSHROOM Meat Balls are made with one (four-ounce) can mushrooms, one-third cup pound ground beef, one teaspoon salt, one egg, one and minced onion or, six tablespoons finely chopped raw onion, one tablespoon oil, one (10½ - ounce) can mushroom soup, one-half cup milk, one-eighth teaspoon pepper and one-eighth teaspoon nutmeg.

Drain mushrooms, saving liquid. Chop mushrooms fine. Combine mushrooms, one-third cup liquid from mushrooms, beef, salt, egg and one tablespoon instant minced onion (or one-fourth cup raw onion); mix with fork until light. Shape gently into balls; brown in hot oil.

* * *

TRANSFER MEAT balls to a shallow baking dish, arranging them one layer deep, if necessary, pour off excess fat. Add undiluted soup, milk, pepper, nutmeg and remaining onion to pan drippings.

Heat, stirring frequently, until mixture boils and is well blended. Pour over meat balls.

Bake in a moderately hot oven (375 degrees F.) for 20 to 30 minutes.

Makes 4 or 5 servings.

A monument to quality and the people who create it

This is more than just another can of soup. It stands for the utmost in quality. And what makes this quality?

Quality raw materials . . .

Quality with Phillips Soups begins with the raw materials . . . the finest obtainable. Phillips Tomato Soup is made from tomatoes so choice that only 1 in 26 is good enough. Pure creamery butter, whole milk and select seasoning and spices round out this roll call of quality ingredients.

plus quality recipes . . .

The time-tested recipes for Phillips Soups are constantly being checked and double-checked for the most in flavor . . . the delicious taste that makes you pass your soup bowl back for more! But this alone is not enough to create the fine quality you get in every can of Phillips Soup.

but people make the quality difference!

We mean people who care . . . people who care that the soup is cooked just right . . . people who care about cleanliness . . . people who put their heart and soul into doing the very best possible job. These are the kinds of people who make Phillips Soup as fine a soup as you can buy. These are the kinds of people who work at Coastal Foods . . . people who have made the Phillips label a monument to quality.

Try some Phillips Soup soon and taste what we mean.
