Now Possible To Shrink Hemorrhoids Without Surgery

...Except In Unusually Severe Or Persistent Cases

New York, N.Y. (Special): A scientific research institute has discovered a substance which has the ability to actually shrink hemorrhoids without surgery except in unusually severe or persistent cases.

In most cases the sufferer first notices relief from the itching, burning and pain. Then this substance starts right in to gently reduce the swelling.

Tests conducted on hundreds of patients by leading doctors in New York City, in Washington, D.C. and at a Midwest Medical Center proved this so. And it was all accomplished without surgery, injections, narcotics or astringents of any kind.

The secret is *Preparation H®* —the *only* formula for the treatment of hemorrhoids that contains *Bio-Dyne®*. In addition to actually shrinking piles—Preparation H lubricates, makes bowel movements more comfortable, and soothes irritated tissues. It also helps prevent further infection.

Preparation H comes in ointment or suppository form. No prescription is needed.

Don't ever let anybody tell you a girl couldn't use a good old-fashioned medicine that once a month.

You feel a little headachy and tired maybe. And it seems to be more than cramps that hurt you. A special kind of sadness can come over you that makes you wish someone would take your hand.

Well, we have something for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle ingredients, including one that works to help relax the tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this.

You know very well there are a lot of things for a girl to take that once a month. But with an old-fashioned problem like this, shouldn't you take an old-fashioned medicine.

Lydia E. Pinkham

Maybe the gentle way Lydia E. Pinkham works is why a lot of women use it for menopause too.

① "Comfortable! The whole phone cradles in the palm of your hand!" Or ② "And the dial's right here on the phone!" Or ③ "The dial lights up for night calling, too." Or ④ "The recall button clears the line between calls so you can dial again without hanging up." Or ⑤ "This cord is lots longer. You can really move around as you talk."

If you can't wait, call your Service Representative and order your Trimline dial-in-handset phone. The cost is only pennies a day. And it comes in a range of smart colors. If you think you can wait, stop by your Telephone Business Office. You may find, then, that you can't wait.
