TAKE A PEEK AT OUR NEW TRAINS.

TAKE A PEEK AT OUR OFF-PEAK FARES.

Introducing Amtrak's new Amfleet between Washington, N.Y. & Boston.

Amtrak is celebrating America's revolution by revolutionizing the trains.

We've started putting a fleet of new cars and engines on the line from Washington to Boston via N.Y., stopping at all major cities between. And you'll be seeing a lot more of them in the near future. Once you try our new trains, you may never want to drive or fly again.

Just what is the Amfleet?

Forget everything you've seen or heard about trains. Then try to imagine the most comfortable, smoothest riding, luxurious way to travel. That's it. The new Amfleet cars. Their handsomely upholstered, deep reclining seats have drop-down trays on the back so you can enjoy a meal or work at your seat.

There's carpeting throughout (even on the walls), power doors, individual seat lights and complete climate control that'll keep you cool in the summer and warm in the winter. And the cars are engineered with a new air-cushioned ride that helps smooth the clickety clack on any track.

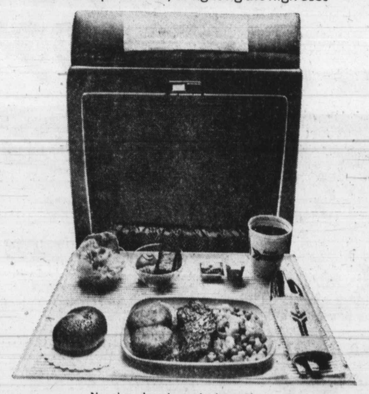
Then there's the Amcafe with a roomy counter all sparkling new, offering all kinds of goodies. The friendly attendant can serve up a hot meal or a cold sandwich in a flash. He also can serve you almost any beverage you want—hot or cold, soft or hard. All in a futuristic setting at old-fashioned prices.

Want to travel First Class? There's the new Amclub where you have your choice of luxuriously plush single and double chairs, and waiter service right at your seat. You can read, work and dine in privacy, comfort and ease.

Big comfortable reclining seats.

Now the train is more fun than ever.

Riding the rails has always been a joy. Especially when you consider some of the alternatives like riding in a compact car, cramped-up and tied-up in traffic, or fighting the high cost and hassle of flying. But with the new Amfleet and all it means in comfort, convenience and savings, it just doesn't make any sense to travel any other way at all. You can stroll down the aisle to the Amcafe, meet fellow passengers as relaxed as you are, or just enjoy the scenery from your seat. Every trip is an adventure, if you like, or a relaxed "time out" getting where you want to go.



New drop-down trays at every seat.

Introducing Amtrak's Off-Peak Excursion Fare.

What goes best with a new set of trains? Of course, a new set of fares. Lower fares. To get you onto the best ride you've ever had, we're introducing a special "Off-Peak" Excursion Fare that'll save you 25% off regular round-trip coach fare.

The whole idea is to get you to enjoy train travel at its best—when the trains aren't crowded in the off-peak hours. Which just happens to cover most of the week. We want to get you on the right track when you travel so we're offering you substantial fare reductions on all our conventional trains in addition to the new Amfleet.

Here's how our "Off-Peak" Fare works: you plan to board any time except Friday, noon to 6 P.M. and Sunday, noon to 6 P.M. (that leaves you plenty of time to take advantage of our bargain) and return within thirty days. That's it. You save a lot of money and a lot of wear and tear on your car, yourself and your family*.

Amtrak takes you almost anywhere.

Discover how much fun train travel can be with trains that are new and fares that are low. For information on how and when you can ride the Amfleet call (toll-free) 800-523-5700. Or see your travel agent.

Now isn't it time you took the train?

HOW MUCH YOU SAVE

Baltimore to:	Off-Peak Fare Round-Trip Excursion*	Regular Fare Round-Trip Coach	You'll Save
Washington, D.C.	$ 5.30	$ 7.00	$ 1.70
