EASTON, MD., March 27, 1917.

County Commissioners of Talbot Co.,

Easton, Maryland.

Gentlemen:

We beg to hand you herewith our proposal for the State Aid Contract 444, known as the Mathews road.

Please note that the prices contained in said proposal are subject to change unless accepted on or before April 10, 1917.

If it is decided to build only two miles of this road beginning at the Easton end toward Matthewstown during this season, we would undertake to build the remaining portion of the road during the following season at the same unit prices contained in our proposal, subject only to the differences in prices of labor, material, freight, etc., obtaining at the time that the road is built and those obtaining at the present time. In other words, we will simply charge you the difference in actual cost of labor, material, freight, etc., and if there is any reduction in same we will make you the equivalent allowance.

Yours truly,

W. B. SHAFER.
