TO THE FARMERS AND PLANTERS of the South.

FOWLE & CO.'S Soluble Phosphated Peruvian GUANO,

The Best, Cheapest and most Permanent FERTILIZER Ever Offered to the Agriculturist.

Approved by Prof. Campbell Morfit,

ONE of the most eminent Chemists of America, as the most reliable and efficient combination of *Phosphatic and Ammoniated Guanos* yet offered in a really soluble form. It is composed of No. 1 *PERUVIAN AND SOMBRERO GUANOS*, of direct importation from the Chincha and Sombrero Islands, and is warranted *free from all impurities.*

This Fertilizer has been severely tested, in comparison with Peruvian Guano, by many of the most successful and intelligent farmers of Virginia and Maryland, from whom we have received numerous letters and certificates of approval. We submit the following extract from Prof. Morfit's report upon the Soluble Phosphated Peruvian Guano, viz:

"*The above analytical results express a high value for this Fertilizer, and indicate that the formula for its preparation is founded upon sound principles of agricultural economy and efficiency. Though replete with the indispensable elements of a fruitful soil, the relative proportions are so skilfully adjusted as to promote their mutual actions, and render it a most profitable manure, adapted for crops generally, without distinction as to kind.*" CAMPBELL MORFIT.

Copies of the above-named documents, together with Prof. Morfit's Analysis, and other interesting matter, will be found in our pamphlets and circulars, showing that our FERTILIZER is far better adapted to general use than Peruvian Guano alone, besides being

SIXTEEN PER CENT. CHEAPER.

The Sombrero Guano, before its combination with the Peruvian, is rendered immediately soluble by a process recently discovered and peculiarly our own. The value of Peruvian Guano, presented in this modified and improved form, can hardly be over-estimated.

We continue to keep on hand our usual supplies of *PERUVIAN AND SOMBRERO GUANO*, of our own direct importation, which we offer at lowest market rates.
