Lottery ads criticized

ANNAPOLIS (UPI) — Some state legislators said they are irritated by the state lottery agency's commercials that link playing the lottery to funding Medevac helicopters.

On Jan. 5, the state lottery agency began showing commercials that depict emergency response teams at work and explain that those rescue efforts are supported in part by lottery proceeds.

But Del. Howard Rawlings, D.-Baltimore, said the ad campaign tries to make playing the lottery a moral act and a public service rather than gambling.

Union charges SSA with unfair labor tactics

(UPI) — The union representing employees at the Social Security Administration has filed charges of unfair labor practices against the agency.

Local 1923 of the American Federation of Government Employees said a plan to transfer employees from the Baltimore headquarters to distant field offices is aimed at reducing staff and cutting salaries.

Officials said the plan would force many senior employees to retire or resign rather than face transfer or lower pay.

Union leaders said as many as 2,000 of the agency's 6,000 employees would be affected by the plan.

We've Been Friends With The Turner Family For More Than 20 Years

At Baltimore County General Hospital, we live up to the word "friend" with the Turners and thousands of other families.

When Bill had his heart attack, our critical care unit pulled him through ...Our Home Health Services helped Mary recover from her stroke... Families depend on our emergency room for life's unexpected surprises, like Cliff's football injury and Stan's appendectomy...Our Ambulatory Surgery Center repaired Irv's hernia and performed cosmetic surgery on Wanda's nose...We knew what to do when our mammography service found a lump in Brenda's breast and how to treat Helen's arthritis ...Our community programs helped Tom quit smoking and Joan lose weight and get in shape. They taught Stephanie how to take care of children when babysitting and Grace how to cope with her chronic illness.

We have also given our friends the convenience of free and ample parking, the luxury of single occupancy rooms with private baths and the assurance of a friendly, caring and knowledgeable staff and the latest medical equipment.
