Mr. Edward C. Papenfuse
State Archivist and Commissioner
of Land Patents
P.O. Box 828
Annapolis, Maryland 21404

Dear Mr. Papenfuse:

Allow me to acknowledge receipt of your letter of June 8 agreeing to the conditions stated in my letter of June 3 relative to microfilming our parish records. I am only too happy to clarify the points you raised.

You are quite correct in noting that my understanding is that access to records less than 100 years old is being restricted. In fact a clarification is needed here as well. The records which are being restricted are not those concerning marriages and deaths but only baptismal records. The purpose of this restriction is related to such matters as adoption and illegitimacy.

Permission is readily granted to have a member of your professional staff examine reels of film containing restricted records for a search of records dating before 1877 on an individual request basis. It is understood that these reels will not be available to the public. You may sell to the Maryland Historical Society those reels which contain restricted as well as unrestricted records only if they are able to guarantee the same understanding.

Hoping that this presents any clarification needed, I am

Sincerely yours,

William D. Borders

Archbishop of Baltimore

ROMAN CATHOLIC CHURCH
ARCHDIOCESE OF BALTIMORE

St. Michael Parish
Frostburg

St. Michael was established as the first Roman Catholic Parish in Frostburg in 1852. Until that time Catholics in the area were served by priests from St. Patrick Church at Mount Savage which, at that time, included Frostburg (then called Mount Pleasant). About 1850 Father Michael Slattery was sent to Frostburg, where he first held Mass in local residences. Arrangements were soon made for the purchase of the abandoned Highland Hotel, a large building in the center of town. This structure was remodeled: part was used as a church and part as a rectory. After Father Slattery left St. Michael in 1860 the parish again became a mission of St. Patrick in Mount Savage. For a few years the Redemptorist Fathers from Cumberland took charge at Frostburg, and by 1868 the old church structure was replaced by a brick and stone ediface. Set in the midst of a growing mining and railroad community the parish continued to expand. A pastoral residence was built on the site of the former hotel and cemetery land was purchased on McCulloh's Hill.

Dodd - Shertzer

David W. Dodd was born at Shelburn, Indiana, on Aug. 26, 1895. He was never baptized.

In 1915 he was married to Sara Marie Devlin, a Catholic, at St. Patrick's Cathedral Rectory, New York City.

He was divorced in 1921.

Sometime later a priest sent him papers to determine whether he had ever been baptized. Both he and his mother certified that he had never been baptized. Apparently, his former wife, Sara Marie Devlin, was applying for a dissolution of the bond (in favorem fidei), because a little later she was married by a priest. He does not know the name of the man she married, and he has no idea of her whereabouts.

In 1936 he was married to Florence Shertzer, a Catholic, by a Justice of the Peace at South Bend, Indiana.

Sometime later he wanted to become a Catholic, but a priest told him that he could not become a Catholic, because of his matrimonial complications.

His second wife, Florence Shertzer, was born Oct. 22, 1898. Since she was a Catholic, they promised to live as brother and sister twelve years ago.

Recently Florence Shertzer has suffered a stroke. At times she is quite confused.

In view of all the above considerations, I thought it best to have them renew their consent in one of her lucid periods.

The validation took place at Sacred Heart Hospital, January 15, 1969 in my presence with John Burke and Prema Often as witnesses.

David W. Dodd is still very desirous to become a Catholic.

January 15, 1969.

Fr. Gerald M. Greenwalt O.F.M. Cap.
Chaplain

Goldsworthy - Drew

This marriage is an invalid marriage.

Reason: the dispensation from Form granted in Rome, arrived in this country after the Marriage had taken place. Asa result, the Dispensation from Mixed Religion and Disparity of Cult, issued by our chancery after the arrival of the Dispensation from Rome, was not granted prior to the wedding.

Father Moeller suggested a validation or a sanation, but the Catholic party failed to come when requested to do so.
