A REVOLUTION IS CERTAIN! VICTORY IS OURS.

SUCH is the progress of Science in this age that nothing seems impossible. That there are new and scientific discoveries being made every day, no one will doubt. After a thorough investigation of the Vegetable Kingdom, with a view to obtain a positive or specific remedy for the more common ills of humanity, I have succeeded in bringing together such. Three years have elapsed since its introduction, and it is now esteemed the most popular remedy in the *WORLD*, known as *Helmbold's Genuine Preparation.*

HIGHLY CONCENTRATED COMPOUND FLUID **EXTRACT BUCHU,**
For all Diseases of the Bladder, Kidneys, Urinary and Sexual Organs.

JOY TO THE AFFLICTED!!

It cures Diseases of the BLADDER,
" " " KIDNEYS,
FEMALE COMPLAINTS, GRAVEL,
CHRONIC GONORRHEA, DROPSY,
STRICTURES, GLEETS, OBSTRUCTIONS
And all diseases arising from excesses and imprudencies in life,
NERVOUS & DEBILITATED SUFFERERS,
And removes all improper discharges from the Bladder, Kidneys or Sexual Organs, whether existing in *MALE OR FEMALE,*
From whatever cause they may have originated, and *No Matter of How Long Standing.*
Giving Health and Vigor to the frame and BLOOM TO THE PALID CHEEK.

DEBILTY, brought on by abuse, a most terrible disease, which has brought thousands of the human family to untimely graves, thus blasting the brilliant hopes of parents and blighting in the bud the glorious ambition of many a noble youth, can be cured by the use of this

Infallible Remedy,

and as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found. If you have contracted the terrible disease, which when once seated in the system undermines the constitution, sapping the very vital fluids of life,

Procure the Remedy at Once.

The Leprous distilment, whose effect
Holds such an enmity with blood of man,
That swift as quicksilver it courses through,
The natural gates and alleys of the body,
Curdling, like eager droppings into milk,
The thin and wholesome blood.

Beware of Quack Nostrums & Quack Doctors.

HELMBOLD'S HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT OF BUCHU
Is prepared directly according to the RULES OF PHARMACY & CHEMISTRY,
with the greatest accuracy and chemical knowledge and care devoted in its combination. Its popularity has extended in all directions, and whether used in town, country, hospital or private practice, has invariably given the most decided and unequivocal satisfaction and produced the most salutary and beneficial effects. It has been and is used in all the principal cities in the United States and British Provinces, in both public and private practice, with great success. Henceforth let it be understood, for the proofs are too overwhelming to be contradicted, that Helmbold's Highly Concentrated Compound Fluid Extract Buchu, is the most valuable remedy ever offered to the afflicted.

The mass of voluntary testimony in possession of the proprietor is immense, embracing names well known to SCIENCE AND FAME! Celebrated Physicians and Distinguished Clergymen.

See Professor Dewee's valuable work on the Practice of Physic and most of the late standard works of Medicine.

Dr. Ephraim McDowell, a highly distinguished physician and member of the Royal College of Surgeons, Ireland, and published in the transactions of the King and Queen's Journal, says: "The Fluid Extract Buchu having been lately strongly recommended, I was induced to make it a trial, and my experiments have resulted in the most satisfactory manner, having succeeded in saving the most inveterate cases in which I had no hopes of success."

An interesting letter is published in the Medico Churungical Review on the subject of Extract Buchu, by Benjamin Travers, F. R. S., speaking of Syphilis and diseases arising from excess of murcury, he states that "no remedy is equal to it—its power is extraordinary, more so than any drug I am acquainted with. It is in the strict sense a Tonic with this invaluable attribute, that it is applicable to a state of the system so sunken and yet so irritable as to render other substances of a Tonic class unavailable, or injurious." We take the liberty of marking, (in Italics,) says the distinguished, Dr. Johnson, because we most cordially concur with Mr. Travers in his statements of Extract Buchu.

It is a medicine which is perfectly pleasant in its taste and odor, but immediate in its action, and it is taken by persons of either sex, without hindrance from business or medical advice, as explicit directions for use and an ample number of reliable and responsible certificates to convince the most skeptical will accompany each bottle.

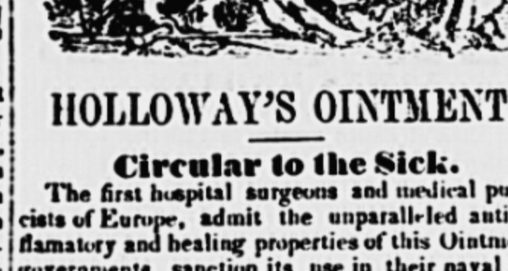
"NO SUCH WORD AS FAIL." A RESISTLESS REMEDY.



HOLLOWAY'S OINTMENT.

Circular to the Sick.

The first hospital surgeons and medical publicists of Europe, admit the unparalleled anti-inflamatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflamation and corruption which underlie the external evidences of disease, and neutralize the fiery elements which feed and exasperate the malady.

RHEUMATISM, SCROFULA, ERYSIPELAS.

These are among the most terrible and agonizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing healing, antidote to pain and inflammation.

Salt Rheum, Fever Sores, Stiff Joints.

In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopœia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews, is truly wonderful.

Discharging Ulcers.

A most remarkable and happy change is produced in the appearence of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material, and the ulcer radically cured.

A Word to Mothers.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

Significant Facts.

This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following cases:

Banions	Rheumatism	Mercurial Eruptions
Burns	Salt Rheum	Sores of all kinds
Chapped hands	Skin-diseases	Sprains Scalds
Chilblains	Sore Legs	Swelled Glands
Piles	Sore throats	Wounds of all kinds
Lumbago	Sore Heads	Venereal Sores
Fistula, Gout	Sore Breasts	Stiff Joints Ulcers
Scalds	Tetter	Ringworm.

"Pale and wan, she grew still weakly,

MISS MARY A. SCHOFIELD.

AN INTERESTING NARRATIVE.
"Truth stranger than fiction."
LET THE AFFLICTED HEAR THE TESTIMONY OF A LADY.

TO those who have the pleasure of knowing her, we need say nothing, but to others we remark that a desire to benefit the suffering induces her thus to speak. None can appreciate her joy and gratitude in being relieved from pain, after years of suffering almost unparalleled, but those (if there be any) who have suffered like her.

Miss S. has been a resident of this city—for the last two years has been successfully conducting a school at No. 630 Baltimore street. The happy change in her health is a subject of astonishment and joy to her numerous friends. We ask those interested to call on her. She will tell them more of her cure by *Hampton's Tincture* than she has written. Thus it is this remedy goes on giving relief to the sick. We refer the public to them from more distant places we also hear of the same happy result. These facts, with the concurrent testimony of thousands, should cause scepticism and prejudice to hide their heads and concede that Hampton's Tincture is in truth a wonderful discovery.

Baltimore, Oct. 18, 1855.

Messrs. Mortimer & Mowbray; Gents:—I have delayed entirely too long in writing to you in relation to the virtues of Hampton's Tincture. I fear, even now, that I cannot give the afflicted world a just idea of the good I have derived from its use; the benefits have been so great that I feel inadequate to the task. I was attacked with the chronic rheumatism in its most malignant form, at the early age of two-and-a-half years, and continued to be so afflicted until I crossed the Atlantic Ocean on my way to America, at which time it changed its form into a gathering. I had at this time attained my growth, and never expected to be well again, as the disease came, in the first place, of my being VACCINATED from a child who had the white swelling. When my gathering first broke it did not discharge less than one quart, and so continued to trouble me every time I took a cold or was in the least fatigued; my bodily strength was reduced to the weakness of infancy. I was several times very near to the grave; my hip joint had been out of place ever since I had the first attack. At the age of thirteen my hands became dislocated. These sufferings, and the general debility I felt from the constant discharge of my gatherings, caused me often to think that I should never be permitted to know how it felt to be free from pain and suffering, even for one hour, until my poor body should be changed, and become like unto "Christ's glorious body," at least, until "this mortal have put on immortality."

I had taken so many medicines, and received so little benefit that I had confidence in NONE. I had used of very nearly all the CELEBRATED LINIMENTS, and other external remedies I had heard of. I had been placed by my friends under some of the best physicians in England, and all the relief I ever obtained was but of transitory duration.

When I first heard of Hampton's tincture I had not the slightest confidence in its efficacy, but I had a friend who had known Mr. Jarrett Plummer when his sufferings were at the worst, and had witnessed the cure wrought upon him. To please her I consented to try the Tincture, and I had not taken ONE BOTTLE before I began to feel its beneficial effects—my strength returned—my appetite became good—my complexion was clear—I felt like another person.—Through the influence of this friend you became acquainted with my case, and requested to see me; you told me my case was such a peculiar one that you would like to see the effects of the Tincture fully developed in it, and if I desired to take it, you would present it to me, if it was for the space of five years—but only eighteen months have elapsed, and I HAVE LOST EVERY SYMPTOM OF MY DISEASE; I have become strong and hearty—I can stand as much if not more fatigue than most of my lady acquaintances. I have a beautiful complexion, and all my friends say I am getting quite FLESHY—one thing is certain, my LAME LIMB is quite as large again as it was before, and I can trip about home without a crutch.

I often wish my parents had known of this remedy when I was a child, as I believe I should have been saved the excrutiating pain I have been subjected to, as well as the deformity of body I must carry to the grave, and my parents would not have been under such heavy expenses from doctors' bills and in sending me, as they did, to the celebrated springs in England in search of health. I wish all the afflicted world could see me, and bear the benefits I have derived from this Tincture of Hampton's. I try to make all acquainted with its virtues with whom I come in contact.

Gentlemen I am a thousand times obliged to you, and you are at liberty to use my name and case to all. I remain yours, in gratitude,

EASE AND COMFORT.

HOLLINGSWORTH'S *TWO HUNDRED FLOATING BALLS, or KNUCKLE WASHING MACHINE,* will wash one dozen pieces of clothes in two minutes without injury to the most delicate material.

This Washing Machine has taken the premium at all the Fairs where exhibited. It is pronounced by all who have seen it *the wonder* of the age. It is so simple in its construction as not to get out of order.

The Machine is so easy to work that small children can take part in it; any half grown girl of ordinary strength, however little used to labor, can do a regular week's washing, and derive great benefit from the exercise, it being of the very best kind for strengthening the arms, chest and loins.

BANK NOTES—It will wash bank notes without tearing or injuring them. Not only is great labor saved, but the clothes are not injured as by other machines and rubbing boards. This will be apparent to all who see it in operation as it is not a rubbing machine. No boiling of clothes required. We invite the public to call and see it; also ask the Ladies (who wish to purchase) to send their servants with soiled clothing to No. 240 Baltimore street, (up stairs) where we wash them so quickly as to convince the most sceptical. To meet the circumstances of all we put it at $[illegible]. We give the testimony of a few of the hundreds who are using them.

THIS GENTLEMAN is well known throughout our own and other States as a chemist:

Sykesville, Md., March 5th, 1856.
Messrs. Mortimer & Mowbray,
Gentlemen—In reply to your inquiries in regard to Hollingsworth's Floating Balls Washing Machine, I have to say the principle is certainly the best I have ever seen or used for the saving of labor, clothes, time and soap. Those in my family say they can wash six pieces by this machine to one on the old plan, and not feel the labor; the clothes being better washed. We are perfectly satisfied with the machine, and recommend it to all our friends.
Yours, with respect, Wm. Baer.

Baltimore, June 19, 1855.
This is to certify that the undersigned has in use one of the PATENT KNUCKLE WASHING MACHINES, and finds it to be everything claimed for it. The labor is greatly lessened, and the expedition with which a heavy washing is accomplished is surprising. A washday is accompanied by many inconveniences to well-regulated households, and any improvement by way of relief should be hailed with pleasure; and in this machine that is certainly obtained. The undersigned believes that the KNUCKLE WASHER must be generally adopted, as much time and labor are both saved, and the work better done, while the articles are not injured by the usual friction of rubbing in the old way of washing.
John F. McJilton, "Baltimore Patriot."

I fully endorse the above recommendation of Mr. McJilton.
F. D. Benteen, Baltimore street, near Light.

I have the KNUCKLE WASHING MACHINE in use in my family, and cheerfully concur in the above recommendation. John L. Reese, Jr., No. 82 Camden street.

[From J. Wills, Esq., one of the proprietors of the Baltimore Patriot.]
I have had in use in my family for some time one of HOLLINGSWORTH'S PATENT KNUCKLE WASHING MACHINES, and feel no hesitancy in pronouncing it one of the very best instruments of the kind now in use. I make this assertion from having seen its operations, and upon the unreserved recommendation of washerwomen who worked it.—The principle on which this washer operates is thoroughly scientific, and at once indicative of its utility. My impression is that the Knuckle Washer must gradually find its way into general use. Some of the many advantages possessed by it are expedition, thoroughness in cleansing garments, and the ability to wash goods of the finest texture without causing the slightest wear or injury. Every family who can conveniently, should have this most excellent Washer. J. Wills, Baltimore, Md.

Having had the KNUCKLE WASHING MACHINE in my family, I cheerfully concur in the above recommendation. E. Y. Reese,
Editor of Methodist Protestant.

AYER'S PILLS

Are curing the Sick to an extent never before known of any Medicine.

INVALIDS, READ AND JUDGE FOR YOURSELVES.

JULES HAUEL, Esq., the well known perfumer, of Chestnut street, Philadelphia, whose choice products are found at almost every toilet, says:

"I am happy to say of your Cathartic Pills, that I have found them a better family medicine for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them and coincide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual but safe and pleasant to be taken, qualities which must make them valued by the public, when they are known."

The venerable Chancellor WARDLAW, writes from Baltimore, 15th April, 1854:

"Dr. J. C. Ayer—Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and Bilious headache, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure, and I feel it a pleasure to commend you for the good you have done and are doing."

JOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co., says:

"Pa. R. R. Office, Philadelphia, Dec. 13, 1853.
"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cathartic Pills. I am never without them in my family, nor shall I ever consent to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:

"Having used your Cathartic Pills in my practice, I certify from experience, that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe, qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best Cough medicine in the world, and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

"Acton, Me., Nov. 25, 1853.
"Dr. J. C. Ayer—Dear Sir: I have been afflicted from my birth with scrofula in its worst form, and now, after twenty years' trial, and an untold of amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write, can only be imagined when you realize what I have suffered, and how long.

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly bald all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks ago I commenced taking your Cathartic Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth; all of which makes me feel already a new person.

"Hoping this statement may be the means of conveying information that shall do good to others, I am, with every sentiment of gratitude, Yours, &c., MARIA RICKER."

"I have known the above named Maria Ricker from her childhood, and her statement is strictly true.
ANDREW J. MESERVE,
Overseer of the Portsmouth Manufacturing Co."

CAPT. JOEL PRATT, of the ship Marion, writes from Boston, 20th April, 1854:

"Your Pills have cured me from a bilious attack which arose from derangement of the Liver, which had become very serious. I had failed of any relief by my Physician, and from every remedy I could try, but a few doses of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had troubled him for months; he told me in a few days they had cured him. You make the best medicine in the world, and I am free to say so."

Read this from the distinguished Solicitor of the Supreme Court, whose brilliant abilities have made him well known, not only in this but the neighboring States.

"New Orleans, 5th April, 1854.
"Sir: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured two years since, of a severe and dangerous cough, by your Cherry Pectoral, and since then has enjoyed perfect health. My children have several times been cured from attacks of the Influenza and Croup by it. It is an invaluable remedy for these complaints. Your Cathartic Pills have entirely cured me from a dyspepsia and costiveness, which has grown upon me for some years,—indeed this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You seem to us, Doctor, like a providential blessing to our family, and you may well suppose we are not unmindful of it. Yours respectfully,
LEAVITT THAXTER."

"Senate Chamber, Ohio, April 5th, 1854.
"Dr. J. C. Ayer—Honored Sir: I have made a thorough trial of the Cathartic Pills, left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your Cathartic Pills. Yours with great respect,
LUCIUS B. METCALF."

The above are all from persons who are publicly known where they reside, and who would not make these statements without a thorough conviction that they were true.
