FOR the information of all persons concerned the following Act of the Legislature passed March 24th, 1865, is published:

CHAPTER 191.

AN ACT prohibiting the sale of spirituous or fermented liquors in the several counties of the State on the day of Election.

Section 1. Be it enacted by the General Assembly of Maryland, That it shall not be lawful for the keeper of any hotel, tavern, store, drinking establishment, or any other place where liquors are sold, or for any person or persons, directly or indirectly, to sell, barter, give or dispose of any spirituous or fermented liquors, ale or beer, or intoxicating drink of any kind, on the day of election hereafter to be held in the several counties of this State.

Sec. 2. And be it enacted, That any person violating the provisions of this act shall be liable to indictment by the Grand Jury of the county where the offence is committed, and shall, upon conviction before any Judge of the Circuit Courts of this State, be fined a sum not less than fifty dollars nor more than one hundred dollars for each and every offence, one half the fine shall be paid the informer, and the other half to the County Commissioners for the use of public roads.

Cleanse the Blood.

WITH corrupt, or tainted Blood you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But your blood is impure. AYER'S SARSAPARILLA purges out these impurities; it expels disease and restores health and stimulates the organs of life into vigorous action. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick for they not only contain little, if any, Sarsaparilla, but often no curative ingredient whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound, "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by the class of diseases it is intended to cure. We can assure the sick, that we offer them the best alterative we know how to produce, and we have reason to belive, it is by far the most effectual purifier of the blood yet discovered.

AYER'S CHERRY PECTORAL is so universally known to surpass every other medicine for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and dealers in medicine everywhere. [sep 7-2m

NOTICE

A COMPANY is now being formed here for the purpose of purchasing a tract of nearly 13,000 acres of heavy yellow pine timber land in the South, on navigable water, ten miles from the ocean; and purchasing and running a saw mill, to manufacture the lumber. The cost of manufacturing and shipping the lumber to New York will not be over $15 per thousand ft., and the price in New York is from $40 to $60 per thousand, according to quality. The land can be purchased for $2 per acre—and it is proposed to set up a mill to saw 30,000 ft. a day.

If the company saws but 10,000 ft. a day, the profit will be at least 25 per cent. every three months, and if they saw 40,000 feet a day the timber would not be exhausted in 10 years. This is not a speculation to make or lose all but. a bona fide invesment in Real Estate at much less than its value, and as near a certainty of large profits as Bank stock if not a little nearer.

Capital stock $50,000—$31,00 already subscribed.

Persons wishing further particulars will apply to JOHN R. HALL.
