NOTICE.

A COMPANY is now being formed here for the purpose of purchasing a tract of nearly 18,000 acres of heavy yellow pine timber land in the South, on navigable water, ten miles from the ocean; and purchasing and running a saw mill to manufacture the lumber. The cost of manufacturing and shipping the lumber to New York will not be over $15 per thousand ft., and the price in New York is from $40 to $60 per thousand, according to quality. The land can be purchased for $2 per acre—and it is proposed to set up a mill to saw 30,000 ft. a day.

If the company saws but 10,000 ft. a day, the profit will be at least 25 per cent. every three months, and if they saw 40,000 feet a day the timber would not be exhausted in 10 years. This is not a speculation to make or lose all but. a bona fide invesment in Real Estate at much less than its value, and as near a certainty of large profits as Bank stock if not a little nearer.

Capital stock $50,000—$31,00 already subscribed.

Persons wishing further parteculars will apply to JOHN R. HALL.

214 West Baltimore Street,

Reduction in Price OF THE AMERICAN WATCHES, MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing we have reduced our prices to as low a point as they can be placed

WITH GOLD AT PAR,

so no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

MORE THAN 200,000 WATCHES.

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred workmen.

We are fully justified in saying that we now make more than one-half of all the Watches sold in the United States. The different grades are distinguished by the following trade-marks on the plate:

1. "American Watch Co." Waltham Mass.
2. "Appleton, Tracy & Co." " "
3. "P. S. Bartlett," " "
4. "Wm. Ellery."
5. Our Ladies' Watche of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality in Ladies' Watch is named "P. S. Bartlett," Waltham, Mass.—These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham Mass. authorize us to state that without distinction of trade-marks or price.

All the products of their Factory are fully warranted to be the best time-keepers of the class ever made in this or any other country. Buyers should remember that unlike the guarantee of a foreign maker who can never be reached, this garuntee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.
