Mr. Buscher: May it please the Court, I would like to move to make an amendment to the petition by substituting a new page 2 in the petition for the original page 2 as filed. Counsel for the other side have agreed to the amendment and we would also like to substitute plats Nos. 8335, 8336, 8337 & 8338 to the plats that were originally filed. These are the plats showing the metes and bounds descriptions and give the description of the property in detail. For the purpose of the record I might show also that the new page 2 that we are substituting reduces the area taken in fee simple from 12.13 acres to 11.94 acres, and adds an area of .07 of an acre which is being acquired as a temporary easement area for a detour road during the construction of the new highway, and will only be used until such time as the approach to the Bay Bridge is completed and open to traffic. Counsel for the other side have agreed to this. Mr. Keating stated there was no objection.
