FOR THE SENTINEL.

ACROSTIC.

Awake! my Muse, in fitting phase
Indite a song in Amy's praise—
Rightly to extol her name,
Yours 'twill raise to envi'd fame.

Meridian sun in summer sky
Attracts and yet distracts the eye—
The brilliant graces of this maid
Invites your love, yet makes afraid;
Let once your eyes upon her rest,
Deeply in love you stand confessed,
And yet if you should make the test—

To tell in her attending ear
How great, how deep, your love for her,
Oh, how your heart would quake in fear
(More desp'rate made as drawing near)
Plain cause of this—you ne'er before
So clearly saw *your* defections,
Observed in light so bright and pure,
Noxious prove e'en your perfections.

FACTS, FUN AND FANCY.

If "brevity is the sole of wit," what is the upper leather?

The Difference.—Loquacity storms the ear, but modesty takes the heart.

— Exchange is no robbery. If you go out to a party, put your oldest hat on.

— Botany and Entomology.—Creepers do much better on walls than in beds.

— To the ladies:—In love's archery the *beau* should not be overbent, lest he *snap*.

— When does a candle represent a tombstone? When it is set up for a late husband.

— Man will refrain from evil-speaking when their fellow-men refrain from evil-hearing.

— Let no reproach make you lay aside holiness; the frowns of the world are nothing to the smiles of Heaven.

— If the Mexicans want to learn the secret of stable government, perhaps they had better send for Mr. Rarey.

— A negro, undergoing an examination, when asked if his master was a Christian, replied: "No, sir, he's a member of Congress."

— What line in Shakspere is most applicable to a young lady of much beauty, but little conversational power? "She speaks, yet she says nothing."

— Why is the husband of a scolding wife and father of a housefull of crying children like a railroad? Because he has a great many cross *ties*.

— Why is a colt getting broke, like a young lady getting married. Because he is going through the bridal ceremony.

— We must look downward as well as upward in human life. Though many have passed you in the race, there are many you have left behind.

— "Why does father call mother honey?" asked a boy of his elder brother. "Can't think, except its 'cause she wears a large comb in her head."

— One of the latest interpretations of the character of Hamlet is that he was a gambler, for he says, "How absolute the *knave* is; we must speak by the *card*."

— There is this difference between happiness and wisdom: He that thinks himself the happiest man is really so, but he that thinks himself the wisest is the greatest fool.

— The only money that does a young man good is what he earns himself. A ready-made fortune, is like ready-made clothing, seldom fits the man who comes into possession.

— "What are you looking after, my dear?" said a very affectionate mother to her daughter. The daughter looked around and thus replied—"I'm lookink after a son-in-law for father!"

— The cane which is to be presented to Edmonson, for switching Hickman, bears the following motto:—"To the man who whipped one of the eighteen millions."

— W. H. Hooe, a postmaster in Vermont, publishes that two hundred dollars of the public funds are missing from his office, and he asks "*who* has got the money?" Possibly echo may answer—*Hooe*.

— A lady subscriber of the Louisville *Journal*, wrote Prentice that she was horrified at the indecency of his paper, and she threatened to set her foot on every copy that came under her observation. He suggests that she hadn't better do it, as his paper had i's in it.

— "Well," said the old lady, throwing down the newspaper in disgust, I do think they ought to make Mr. Sherman Speaker, without any more talk. If these fellers only knew what a heap of good his lozenges had done, it would move their bowels to compassion."

— A political paper, in noticing a recent demonstration of his party, says "the air was rent with the *shouts* of three thousand people." After which we suppose the band played "Root hog or die."

— Noble Consistency.—When Algernon Sydney was told that he might save his life by telling a falsehood—by denying his hand-writing—he said: "When God has brought me into a dilemma in which I must assert a lie or lose my life, he gives me a clear indication of my duty, which is to prefer death to falsehood."

— "Come here, you mischievous rascal!"

"Won't you whip me, father?"

"No."

"Will you swear you won't?"

"Yes."

"Then I won't come, father, for Parson Atwood says, 'He that will swear, will lie.'"

— When I reflect, as I frequently do, upon the felicity I have enjoyed, I sometimes say to myself that, were the offer made to me, I would engage to run again, from beginning to end, the same career of life. All I should ask, would, be the privilege of an author, to correct, in a second edition, certain errors of the first.

To Farmers and Planters

PER-MANIPULATED GUANO,

A COMBINATION OF

☞ *Best Peruvian and the best Phosphatic Guano, made with the best Machinery and most expert Workmen.*

☞ *On most Lands and on most Crops SUPERIOR in its effects to either Peruvian or any other Guano.*

By Dr. James Higgins,

FOR THE LAST TEN YEARS

State Agricultural Chemist

OF MARYLAND.

This combination of Peruvian and the Phosphatic Guano was *first* recommended by me more than *six years* ago, and very successfully used by many planters and farmers in this State, though several dealers in Baltimore city have pretended to be its inventors. If this statement be denied, I have abundant proof of its correctness.

A long experience as a practical planter and farmer, with a constant analytical examination for more than ten years, of every kind of manure sold in our market, (advantages possessed by none others in the trade,) will enable me always to furnish those, who may favor me with their orders, with the *best, purest*, and therefore the *cheapest* Manures.

Farmers, planters and others will be furnished with all the Guanos sold in our market. Also, with PLASTER OF PARIS, and PURE or MAGNESIAN LIME, according to the wants of the soil—and too much care cannot be taken in adapting the proper lime to soils; for the want of this, thousands of dollars have been annually lost to our State. Also, the following artificial Manures:

HIGGINS' SUPER-PHOSPHATE OF LIME, prepared under his own direction; and

HIGGINS' NITRATED SALINE FERTILIZER, an admirable top-dressing for wheat, oats or grass, which has been very successfully used, and prevents, to a great extent, the wheat from being straw-fallen; where the wheat is pale, sickly or yellow, it at once changes it to a bright, healthy green, and rapidly increases its growth, and greatly promotes the yield.

All manures sold in our markets are liable to differ naturally, though coming from the same place and bearing the same mark. Still more are they liable to *adulteration*, &c. and for these things *our Inspection System has never afforded an adequate protection.*

All Manures sold by me will have my name stamped on each bag or barrel, be carefully analyzed, and for their purity the buyer is pledged *a legal guarantee* and my *personal honor*.

The Manures sold by me will be at the same rate as those sold by others in the trade.

Persons wishing to obtain any of the Manures manufactured by me, or any others of my selection, should so specify in their orders to their agents in Baltimore.

TERMS CASH, or accepted Baltimore city paper.

☞ I will also attend to the **Buying of Real Estate**, and everything connected with the Farming and Planting interest.

For sale now, several *very fine FARMS* on the Baltimore and Washington road, one of them with elegant improvements and every convenience, in the most beautiful and elegant location on it, and several large tracts in Virginia, with negroes, stock, &c. attached.

GETTING OUT GRAIN.

AGENCY FOR WHEELER, MELICK & CO.'S IMPROVED COMBINED,

THRESHER AND WINNOWER.

THE most convenient, portable, easily worked, and perfectly operating machine for threshing, separating and winnowing wheat, rye and oats, now in use. Though comparatively but little known here there are about 1400 of them in use in other grain growing districts, all giving entire satisfaction.

It is the machine (but much improved) that obtained the First Premium at the Montgomery County Fair at the exhibition in 1855, and elicited universal approbation; and wherever exhibited at a working test in competition with others has always taken the *Premium*.

The two-horse machine cleans in the best manner ready for market, with 5 or 6 hands, from 150 to 200 bushels of wheat per day, and the one-horse from 70 to 100 bushels; occupies but little space; is easily moved from stack to stack and readily put up.

For Farmers who raise from 500 to 2000 bushels of wheat and who prefer to do their work with their own force, no other machine is so desirable.

This machine is *warranted* to give entire satisfaction, or may be returned at the expiration of a reasonable time on trial.

I refer to J. L. Dufief, who owns at work horse machine; James Perry Wade, do., C. Sherwood, do.; Charles Spates, do., one-horse, and others in the lower section of our county.

New Leaf Turned Over!

IN REGARD to Silks, Robes, Fine Dress Goods, Cloaks, Shawls, Embroideries, &c. we offer an immense stock, all marked in plain figures at the actual cash standard value. No "fancy prices" put on, to be taken off according to the customer's skill in "Jewing." We have "blazed the way" and showed the public that a one price business can be done in this market, and we doubt not our ability to show them that all luxurious fabrics can be sold really cheap, and there is no actual necessity for those who buy for cash paying for Shawls, Silks, Robes, Cloaks, &c. more than their value.

Customers are invited to inspect our Stock of the above fabrics critically as to quality and prices. Purchasers quote daily that our prices for Cloaks, Robes, &c. are two profits less than some of the stores who keep bills. Of course it cannot be expected where bills are kept that goods can be sold so cheap as at cash stores; nevertheless, two profits above the cash value renders luxurious fabrics very dear.

New supplies from the North and East daily.

In future it will be understood that we sell Silks, Robes, Fine Dress Goods, Cloaks, Embroideries, and other "luxurious fabrics" all remarkably cheap, and purchasers may come with the assurance that bargains in reality may be had. We expect to move large lots at a small advance.

Largely Reduced Tariff of PROFITS!

SELLING ENTIRELY FOR CASH enables us to offer the articles below named at a largely reduced tariff of profits.

Fine and medium Cloaks, Raglans, Shawls.

With all the new and novel styles of fine and medium Dress Goods.

Medium and rich Silks by the pattern and in the piece.

French Cambric Sets, in new and select styles

Our trade for all the above classes of Goods is rapidly and daily augmenting, simply because we mark the cash standard value in plain figures, and no "fancy prices." Discriminating purchasers begin to see that we can afford to sell all fine goods at prices vastly less than those stores who keep bills, books, bad debts, and have store rent to pay.

An examination of our stock solicited. We invite the strictest and most searching scrutiny as to quality, styles and prices.

I am confident that I now offer the greatest variety and the handsomest goods, at the lowest prices, ever exhibited for sale in Washington city. A splendid stock of Clothland Velvet Cloaks

A great variety of Children's Bournees, Paletots and Raglans, both plain and embroidered.

All of the above articles, and a great many others not enumerated, were purchased at the opening of the present Parisian season, and are consequently a whole season in advance of the styles usually found here, as the goods imported to this country are generally ordered the preceding March, and hence are necessarily of the previous fall's Parisian style. Hence, to avoid the annoyance of being always behind the fashions, while making a visit to Europe I stopped a few weeks in Paris and bought the above goods in person, from first hands. I hope the kind patronage of the ladies will enable me to make a yearly trip to Paris, with the sole object of keeping pace with the Parisian fashions, and to have all the new styles of goods here at the same time they appear upon the Paris shelves.

Particular attention given to orders.

Cloaks and Bonnets made to order in latest styles.

An Important Letter

From Rev. Jacob Seckler, well known and highly respected throughout the State of Pennsylvania:

Hanover, Pa., February 16, 1859.

Messrs. S. W. Fowle & Co., Boston.—Dear Sirs: Having realized in my family important benefits from the use of your valuable preparation—*Wistar's Balsam of Wild Cherry*—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it. *I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry afloat throughout the country.*

JACOB SECKLER.

Milford, Del., October 25, 1858.

S. W. Fowle & Co., Boston: Please send me a supply of Wistar's Balsam, as I am nearly out and there is a great demand for it; it is doing wonders; it cures *Coughs, Asthma, Whooping Cough and Consumption*, without fail. There has never been any of the genuine here until you sent me a lot some time since, but plenty of the counterfeit.

Yours, truly, *JACOB Y. FOULK.*

REMEMBER, therefore, *all who seek health*, that the only *genuine* has the *written* signature of "I. BUTTS" as well as the *printed* name of the *Proprietors, SETH W. FOWLE & CO., Boston*, on the *outside wrapper. Take no other;* it were money wasted and health jeopardized.

PHILADELPHIA ADVERTISEMENTS.

HOWARD ASSOCIATION,

PHILADELPHIA.

A Benevolent Institution established by special Endowment, for the relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a *Charitable Act* worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give *Medical Advice Gratis* to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, to *furnish Medicines free of charge*. It is needless to add, that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their surgeons in the cure of Spermatorrhœa, Seminal Weakness, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or Self-Abuse, Diseases of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation, or Self-Abuse, and other diseases of the sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope,) *free of charge*, on receipt of *two stamps* for postage. Other Reports and Tracts on the nature and treatment of Sexual diseases, diet, &c. are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.

Address, for Report or treatment, Dr. J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth St., Philadelphia, Pa.

By order of the Directors.

EZRA D. HEARTWELL, Pres't.
