A CONTENTED LIFE.

BY JAMES MACE.

(At thirty.)
Five hundred dollars I have saved—
A rather moderate store—
No matter; I shall be content
When I've a little more.

(At forty.)
Well I can count ten thousand now—
That's better than before;
And I may well be satisfied
When I've a little more.

(At fifty.)
Some fifty thousand—pretty well—
But I have earned it sore;
However, I shall not complain
When I've a little more!

(At sixty.)
One hundred thousand—sick and old—
Ah! life is half a bore!
Yet I can be content to live
When I've a little more!

(At seventy.)
He dies—and to his greedy heirs,
He leaves a countless store;
His wealth has purchased him a tomb—
And very little more!

Fact, Fun and Fancy.

— Industry is fortunes right hand; frugality her left.

— At twenty years of age the will reigns, at thirty the wit, and at forty the judgment.

— An Inspiring Sight for a Glazier: The early dawn, when it breaks in the windows.

— What wind should a hungry sailor wish for? One that blows fowl and chops about.

— Vanity Fair says the three ages of a Senator are Mile-age, Post-age and Patron-age.

— When you go a fishing be sure to take a "bite" before you start, for you may not get one afterwards.

— That young man who drinks, bets, swears, gambles and idles away his time is on a thin place on the ice.

— It is an old proverb that "boys will be boys." What a pity it isn't equally true that men will be men.

— Why couldn't Job sleep at night?—Because he had such miserable comforters.

— An indiscreet person is like an unsealed letter, which every one may read, but which is seldom worth reading.

— "There is no place like home"—except the home of the girl you are in love with, when the old folks are willing.

— Wit is brush-wood; judgment is timber; the first makes the brightest flame, but the other gives the most lasting heat.

— A fellow that blames the devil for all his own misdeeds unquestionably evinces a very extraordinary lack of filial regard.

— It is very difficult to pronounce on the character of some men's minds, for the sufficient reason that they seem to have no mind at all.

— Women love to find in men a difficult combination—a gentleness which will invariably yield, with a force which will invariably protect.

— Woman has many advantages over man; one of them is, that his will has no operation till he is dead, whereas hers generally takes effect in her lifetime.

— Can it be said with truth that we are all children of forefathers, when Moses plainly tells us that Joshua was the son of Nun?

— The Pekin Visitor says: "Coming home a few mornings since, we met a man attempting to walk on both sides of the street. By a skillful manœuvre we passed between him."

— An Eastern editor says he had a pair of boots given him which were so tight that they came very near making him a universalist, because he received his punishment as he *went along*.

— The most important lesson of life is to know how to be happy with ourselves, when home is our comfort, and all in it. Do not define away happiness by thinking that which is good may be better.

— There is only one barrier now to the triumphant success of the Union party in the Southern States.—*Baltimore Clipper.*

Exactly so! And that is the people wont believe in it or go for it.

— There is nothing formidable about death except the consequences of it, and these we ourselves can regulate and control; the shortest life is long enough if it leads to a better, and the longest is too short if it does not.

— PAYING FOR ADVERTISEMENTS.—The Connersport, Penn., *Journal*, under a marriage notice, acknowledges the receipt of four quarts of green currants, which it seems to consider payment in full for the advertisement. The announcement is also made that "We take all kinds of produce, for marriage notices, where money is scarce."

— Topeka, in Kansas, is a very thirsty town. A late number of the paper publishes the wonderful intelligence that "the old well" in that place had "gin out!" and adds that if the city fathers would make a good well, where all could be accommodatad, "water would soon be as *cheap as whiskey*, and a great many *be induced to use it as a beverage!*" From which we infer that water in Topeka, is not relied upon as "a steady drink."

— "Sonny, where is your father?"

"Father's dead, sir."

"Have you any mother?"

"Yes, I had one, but she's got married to Joe Dunklin, and doesn't be my mother any longer; 'cause she's got 'nough to do to 'tend to his young 'uns."

"Smart boy—here's a dime for you."

"Thank ye, sir; that's the way I gits my living."

"How?"

"Why, by tellin' yarns to greeny's like you, at a dime a pop."

THE SENTINEL

Is published every Friday morning at One Dollar and Fifty Cents per annum, if paid within six months from the time of subscribing or Two Dollars if not paid until the expiration of the year. No paper discontinued until all arrearages are paid, unless at the option of the editor.

☞ ADVERTISEMENTS conspicuously inserted at the rate of one dollar per square for the first three insertions, and twenty-five cents for every subsequent insertion. TEN lines to constitute a square. FOWLE & CO.'S SOLUBLE PHOSPHATED PERUVIAN GUANO,

MADE OF GUANOS OF DIRECT IMPORTATION,

Under the personal supervision and direction of Dr. R. H. STABLER, Chemist, of Alexandria, Va.

THIS FERTILIZER

We confidently recommend as the most permanent and cheapest yet offered to the public. Being composed of

No. 1 Peruvian and Sombrero GUANOS,

OF OUR OWN DIRECT IMPORTATION FROM THE CHINCHA & SOMBRERO ISLANDS.

WE WARRANT IT in every respect.

The Sombrero Guano,

Before being mixed, is rendered *immediately soluble*, by the addition of Sulpburic acid.—This treatment is universally recommended by the most eminent agricultural chemists. Without it, the action of the Guano when mixed is not simultaneous, and consequently comparatively inefficient.

This is the ONLY mixture of the Ammoniated and Phosphatic GUANOS we know of, yet offered to the Agricultural community, in a READILY SOLUBLE form.

Price $50 per ton of 2000 lbs.

Our reports from those who applied the above FERTILIZER to their crops last fall, are highly *satisfactory*—so much so, indeed, as to convince us that our *Soluble Phosphated Peruvian Guano* will, ere long, be altogether used in this section, as a substitute for the Peruvian Guano, which, *without the addition of Phosphates*, tends rather to exhaust than permanently to improve the soil.

A GUANO CARD.

THE undersigned having noticed in the Rockville "Sentinel" an advertisement over the signatures of certain dealers in Guano in the District, would respectfully state to all Farmers, who trade in Washington, that, since his accession to business, he has *uniformly* and *steadily* resisted *all* efforts either at *combinations*, or *high prices*, as all his friends, and the *dealers themselves*, must bear witness.

On the contrary, he has every season sought to keep the price of Peruvian Guano as near cost as possible, as his advertisements to that effect, and the *less* price at which the article has been purchased from his establishment, will testify.

He is aware (and tenders to the public his acknowledgments for the same) that notwithstanding *certain* inuendoes to the contrary, *his* Guano stands in the *highest* repute among farmers of the surrounding sections of Maryland and Virginia, as always the purest and best article to be had.

As the undersigned has thus far, in his business career, been able to make a "LIVING" profit on what he has sold, and as he believes every one has the right to regulate his own prices, he now has the pleasure to say, that, *for this Spring*, or until the price of the agents of the Peruvian government is changed, he will sell for ANY and ALL quantities the *Purest Article of A No. 1 PERUVIAN GUANO*, WAREHOUSED and INSPECTED, at

$57.00 per 2000 Pounds.

Cash, in current funds.

Farmers are *particularly* assured that the Peruvian Guano sold by *me*, is *all* of the purest character, as I receive *none* that does not come direct from the Agents' Depot in Baltimore, *every bag* bearing the *inspector's mark*.

Farmers are further assured, that *I keep no second class* Peruvian Guano, and that my efforts, as heretofore, will be to keep the price as *low down as possible*.

Bear in mind, that it is *your interest* to buy a *pure article*, at the *lowest price*, at my Guano Depot, No. 510 7th Street, above the Avenue.

THE CHEAPEST AND BEST!

Super Phosphate of Lime, GROUND BONE,
PERUVIAN AND MEXICAN
GUANO.

CORNELL & DORSEY, Commission Merchants for the sale of—

FLOUR, GRAIN, PROVISIONS AND PRODUCE GENERALLY,

No. 70 South St., BALTIMORE,

Having arrangements with the Manufacturers for a regular supply of—

Super-Phosphate of Lime and Ground Bone,

would call the particular attention of Farmers in want of cheap and certain Fertilizers to those articles, which the experience of those who have used them, and Dr. Bicknell's analysis, have satisfactorily proven to be the cheapest and most reliable Fertilizers now offered in this market. They are put up in good shipping barrels.

☞ We will furnish the Phosphate of Lime at $43 per ton of 2,000 pounds, from store; Ground Bone at $25 per short ton.

We also continue to sell the different kinds of Guano at the lowest market prices when ordered. We respectfully solicit orders from our friends in the country, and all orders will receive our prompt attention.

CORNELL & DORSEY,
mar 2—y No. 70 South St., Baltimore.

To Farmers and Planters

PER-MANIPULATED GUANO,
A COMBINATION OF
☞ *Best Peruvian and the best Phosphatic Guano, made with the best Machinery and most expert Workmen.*
☞ *On most Lands and on most Crops SUPERIOR in its effects to either Peruvian or any other Guano.*

By Dr. James Higgins,
FOR THE LAST TEN YEARS
State Agricultural Chemist
OF MARYLAND.

THIS combination of Peruvian and the Phosphatic Guano was *first* recommended by me more than *six years* ago, and very successfully used by many planters and farmers in this State, though several dealers in Baltimore city have pretended to be its inventors. If this statement be denied, I have abundant proof of its correctness.

A long experience as a practical planter and farmer, with a constant analytical examination for more than ten years, of every kind of manure sold in our market, (advantages possessed by none others in the trade,) will enable me always to furnish those, who may favor me with their orders, with the *best, purest*, and therefore the *cheapest* Manures.

Farmers, planters and others will be furnished with all the Guanos sold in our market. Also, with PLASTER OF PARIS, and PURE or MAGNESIAN LIME, according to the wants of the soil—and too much care cannot be taken in adapting the proper lime to soils; for the want of this, thousands of dollars have been annually lost to our State. Also, the following artificial Manures:

HIGGINS' SUPER-PHOSPHATE OF LIME prepared under his own direction; and

HIGGINS' NITRATED SALINE FERTILIZER, an admirable top-dressing for wheat, oats or grass, which has been very successfully used, and prevents, to a great extent, the wheat from being straw-fallen; where the wheat is pale, sickly or yellow, it at once changes it to a bright, healthy green, and rapidly increases its growth, and greatly promotes the yield.

All manures sold in our markets are liable to differ naturally, though coming from the same place and bearing the same mark. Still more are they liable to *adulteration, &c.* and for these things *our Inspection System has never afforded an adequate protection.*

All Manures sold by me will have my name stamped on each bag or barrel, be carefully analyzed, and for their purity the buyer is pledged a *legal guarantee* and my *personal honor.*

The Manures sold by me will be at the same rate as those sold by others in the trade.

Persons wishing to obtain any of the Manures manufactured by me, or any others of my selection, should so specify in their orders to their agents in Baltimore.

TERMS CASH, or accepted Baltimore city paper.

I will also attend to the Buying of Real Estate, and everything connected with the Farming and Planting interest.

For sale now, several *very fine FARMS* on the Baltimore and Washington road, one of them with elegant improvements and every convenience, for the most beautiful and elegant location on it, and several large tracts in Virginia, with negroes, stock, &c. attached.

An Important Letter

From Rev. JACOB SECKLER, well known and highly respected throughout the State of Pennsylvania:

HANOVER, PA., February 16, 1859.

Messrs. S. W. FOWLE & Co., Boston.—Dear Sirs: Having realized in my family important benefits from the use of your valuable preparation—*Wistar's Balsam of Wild Cherry*—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle, there was a great improvement in her health. I have in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it. *I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry afloat throughout the country.*

JACOB SECKLER.

MILFORD, Del., October 25, 1858.

S. W. FOWLE & Co., Boston: Please send me a supply of Wistar's Balsam, as I am nearly out and there is a great demand for it; it is doing wonders; it cures *Coughs, Asthma, Whooping Cough and Consumption*, without fail. There has never been any of the genuine here until you sent me a lot some time since, but plenty of the counterfeit.

Yours, truly, *JACOB Y. FOULK.*

☞ REMEMBER, THEREFORE, *all who seek health*, that the only *genuine* has the *written* signature of "I. BUTTS," as well as the *printed* name of the *Proprietors, SETH W. FOWLE & CO., Boston*, on the *outside wrapper. Take no other*; it were money wasted and health jeopardized.

HAGERSTOWN ADVERTISEM'TS

GEISHER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER,
AND THE LATEST IMPROVED
Iron Tripple-Geared HORSE-POWER,
All furnished Complete, if desired, on
Four Wheels.

THE subscribers desire to call the attention of the Farmers and Thrashermen of Montgomery and adjoining counties to their Improved Machine for the present year. This machine has now been before the public for six years, during which time it has earned for itself the reputation of being the best Separator in use; and we have made some very important improvements and additions for the present year, which renders it still more perfect, and we take pleasure in recommending it to the public, knowing that it cannot fail to give general satisfaction. We are now manufacturing two different sizes, as follows:

No. 1, the largest size, is 8-horse power, 36-inch Iron Cylinder, Trunk 37½ inches wide, with Stacker, delivering the straw 30 feet beyond the feeder and upon the stack 16 feet high, and can be easily managed either to carry the chaff with the straw, or deliver it in a separate place if required. It bags the grain, by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from 20 to 40 bushels per hour, or from 200 to 500 bushels per day, using eight horses and the same number of hands; but to force the work, under the most favorable circumstances, it will do considerably more, or, with the same number of horses and less hands, it will thrash and clean as much or more grain per day than any other machine now in common use and with much more ease and agreeableness to the hands.

No. 2 is the same as No. 1, except something less in size and capacity; it is from 7 to 8-horse power, 30-inch Iron Cylinder, Trunk 31 inches wide.

Persons having good Thrashers, can have Separators, suitable to their capacity, attached, at a comparatively small cost. All our machines are sold under a warrantee.

We being practical mechanics, and being engaged in the manufacture of these machines for the last five years, and one of us having the advantage of twenty years practical experience in the thrashing machine business, and having in our employ the most skillful workmen, and using the best material, we flatter ourselves that we are now prepared to manufacture these celebrated machines in the most substantial manner.

REPAIRING done in workmanlike manner. All our work warranted to give satisfaction, or no sale. Orders respectfully solicited.

Attention, Farmers!

THE SUBSCRIBER, of Middletown, Frederick county, Md., offers to the public one of the largest assortment and most approved style of—

SADDLES, BRIDLES, HARNESS, COLLARS, WHIPS, BROAD GEAR, &c.

ever offered in the State of Maryland, outside of Baltimore city—made up of the best leather, (tanned by the old process,) and by the best workmen. My stock consists in part of the following articles:

☞ 91 Saddles; 40 Riding Bridles; 36 Blind Bridles; 120 Collars; 4 Dozen Wagon Whips; 41 Setts of Fine Harness; 16 Setts of Breechen and Side Plates, from four to six inches wide; 15 Setts Front Gear, from four to ten inches wide; all of which we will sell to prompt-paying customers on six months' time, without interest.

I will also MAKE TO ORDER any article in my line of business at the shortest notice, and deliver it to any part of the State, free of charge, and if not as ordered, no sale.

As I do not compel any one to take what does not suit them, so persons in want of any thing in my line of business will do well to give me a call before purchasing, as I have never failed to please any reasonable man, and am determined to sell cheaper than the same articles can be bought for any where in the State. Don't forget the place, as you are sure to get a good article, at a low price.

All persons advertise that they have the best articles and sell the cheapest, but all we ask is a trial from one and all.

☞ I will pay 6 CENTS PER LB. FOR HIDES, delivered at J. B. NEEL's, Neelsville, Montgomery county, Md., in Saddlery, at cash prices.
