1939

KEY TO ABBREVIATIONS, SYMBOLS, ETC.

ABBREVIATIONS

Months of the calendar year:

The first 3 letters of each month constitute abbreviations used.

Surnames and given names:

No alphabetically listed SURNAMES have been abbreviated; surnames in parentheses, and given names, have been abbreviated only when necessary. The general rule observed for abbreviations has been to omit vowels.

Birth years:

In birth years, the first two digits have been omitted, thus:
1910 is listed as 10

SYMBOLS

* The asterisk appearing before an entry indicates belated registration of the original birth certificate. Only births registered on paper certificates (first used officially January 1, 1914) have been marked with this symbol. A large number of births registered on card certificates were also filed late, but lack of filing dates on card certificates prevents definitely classifying any of these as late registrations. Therefore, the absence of an asterisk does not necessarily imply prompt registration.

P The initial 'P' for 'paternal' following a parenthetical entry indicates the father's surname, the birth being cross-indexed under both parents' surnames due to known or suspected illegitimacy.

M Similarly, the initial 'M' for 'maternal' following a parenthetical entry indicates the mother's legal name.

( ) A parenthetical entry without 'P' or 'M' indicates that the birth is cross-indexed under two (or more) surnames for a reason OTHER THAN ILLEGITIMACY - possibly due to illegibility of the original certificate, or to any change of name by court order, by remarriage or adoption, etc.

F The entry 'F' for 'filed' is used in the date column to indicate the month or year in which an indefinitely-dated certificate is filed, thus: Jan F 10 or F Jan 10; reference to the original certificate is necessary in this instance.

? The interrogation point is used in the date column to indicate orginal certificates which show uncertain birthdates. Certificates on which birthdays are omitted are shown without date or question mark in the day column, for future entry.

\# This symbol is used to indicate entries which have accidentally been typed in the wrong place.

Faber, Elizabeth Jane		Louis C; Helena	May 19, 19	Harfd
Faber, Frederick Albert		Henry A; Mary E	Feb 18, 14	Balto
