LAWS OF MARYLAND.

Passed January Session, 1866.

I. HARWOOD, Secretary Senate.
J. R. COLE, Chief Clerk House of Delegates.

CHAPTER 76.

An Act authorizing the Commissioners of Montgomery county to deed a portion of the Court House Square, in the town of Rockville, to Lewis Shots.

Section 1. *Be it enacted by the General Assembly of Maryland*, That the Commissioners of Montgomery county be, and they are hereby authorized and empowered to convey by deed to Lewis Shots, all that part of the original Court House Lot, as described in a deed and plat recorded in Liber P., folio five hundred and ninety-one and five hundred and ninety two, of the Land Records of the Circuit Court for Montgomery county, in the State of Maryland, which lies east of the following three lines, viz: Beginning for the first line on the south side of Montgomery Avenue, in the town of Rockville, at a stone on the north-west corner of the lot belonging to Lewis Shots, on which his dwelling house stands, and running and bounding with the south side of said avenue, north fifty-nine and one-half degrees, west sixty-six hundredths of a perch, to a stone, thence for the second line running so as to leave a street thirty-four feet in width, between said Lewis Shots' lot and the iron railing on the east side of the Court House enclosure, south six and one-half degrees west, eight and fourtenths perches to a stone, and thence for the third and last line, running south forty-eight and three-fourths degrees west, five and three-tenths perches, to a stone on the fourth line of the original Court House lot aforesaid.

Sec. 2. *And be it enacted*, That this act shall take effect from the date of its passage.

ASSOCIATION

FOR THE RELIEF OF

Southern Sufferers.

A NUMBER of the Ladies of Maryland have formed an Association for the purpose of alleviating, to the extent of their ability, the wretchedness and want which the late war has entailed upon large portions of the population of the South. As the work which they propose to themselves is purely one of charity, and as its scope, unhappily, must needs be ample to be of much avail, they feel justified in calling for liberal assistance upon all good people who sympathize with human creatures and brethren in suffering and sorrow. They, therefore, respectfully and earnestly invite contributions of all sorts to the end in view, and especially in furtherance of a FAIR or BAZAAR, which they are preparing to open in the city of Baltimore, as soon as may be possible after Easter. They have already received encouragement which promises them much success in this latter undertaking, and they trust that the present appeal may so insure it, that they may be enabled to send relief to thousands of desolate homes and destitute women and children. They do not deem it necessary to enlarge upon the widespread misery and want throughout the South, of which every day brings them heart-rending accounts, unfortunately too true.—They can safely assure the charitable, whose almoners they ask to be, that no wider or readier field was ever opened to the kindliness of those cheerful givers whom God loves.

The following named Ladies have been appointed Officers of the Association. All money and articles of value which may be transmitted to any of them or to the Managers—a list of whom will be published in a few days—will be gratefully received, and applied as may be directed. An efficient Committee of Gentlemen will give their personal attention to the business of the Association, and to the careful management and impartial distribution of its funds.

Mrs. BENJ. C. HOWARD, *Pres.*
Miss FRICK, *Sec.*

☞ It has been determined to open the Fair on the 2nd day of April.

☞ The above circular having been sent to me by the Managers in Baltimore, to ask the co-operation of the people of Montgomery county, I have taken the liberty of nominating the following named ladies as a committee for that purpose, with authority to call to their aid any number of other ladies they may respectively select:

1st *District*—Mrs. Wm. Thompson, of R. and Miss Mary Hutton.
2d do Mrs Leonidas Willson and Mrs. William Blount.
3d do Mrs. John H. Gassaway and Mrs. Joseph A. Taney.
4th do Miss Jane Harding and Mrs. Jno. L. Dufief.
5th do Miss Maggie Duvall, and Miss Agnes Noland.

These ladies will be expected to perfect their arrangements amongst themselves and with the committee in Baltimore city.

BARTHOLOW'S PREPARED

Peruvian Guano

Manufactured under our personal supervision.

It is composed principally of the best Peruvian Guano and other Phosphated Fertilizers. It readily assimilates with the soil, and is a valuable and permanent Manure.

We have been engaged in the manufacture of this article for six years and have introduced it over a wide extent of territory. It has established its own reputation, and needs no comment at our hands.

We will simply say with reference to it, that its standard shall be kept up—that we will guarantee the article sold this season and hereafter to be the same as that manufactured at any time since we have commenced its manufacture.

We think it necessary to make this statement, in view of the fact that it has hitherto been the custom of some manufacturers of Manipulated Guano and Fertilizers to manufacture a good article for introduction, which when it had succeeded, they have lessened in value for greater profit.

Th such an extent has this been carried, and so great has been the loss to the purchasers, that Farmers have, and very justly too, lost all faith in Manufactured Fertilizers.

When Fertilizers are sold by dealers, received from Manufacturers who can adulterate them for greater profit, the dealer cannot offer any guarantee as to their genuineness.

We manufacture only for consumers, and we are therefore responsible for its standard.

The demand last year exceeded the supply. We have in consequence, enlarged our Factory and otherwise increased our facilities, and will hereafter keep constantly on hand a full supply.

BONE DUST.

To this we would particularly call your attention. As a fertilizer it is the most reliable and beneficial article in use, and is rapidly superseding all others.

Having a Mill grinding for our exclusive sales, we will be able at all times to supply a pure and fresh article of Bone Dust, in any quantity, at the lowest market price.

We guarantee this Bone Dust to be the best manufactured. It is made of Bones that have not been boiled or calcined.

We offer the above Fertilizers at lowest market rates.

By establishing our House in Alexandria, Va., the natural market of the lower counties of Maryland, and the Eastern Shore of Virginia, we are prepared to offer advantages important to the convenience of the Farmers of those sections, as they will be able to purchase their supplies from more accessible points at as low, if not lower, prices than they can be purchased elsewhere.

Furnished for all kinds of Machinery.—Competent machinists constantly employed to REPAIR MACHINERY at short notice.

NO. 1, PERUVIAN GUANO,

Fresh from the Guano Islands;

Coe's Super Phosphate,
Busey's Excelsior Guano.
FINE GROUND BONE DUST,
AND
PACIFIC GUANO

ALL of which I offer to the Farmers of Montgomery at *PRICES MUCH LOWER* than they have been sold for several years.

The Peruvian Guano is a part of the only cargo that has been imported for four years.

My EXCELSIOR this season is being made up of the very best New Peruvian Guano—the bone is well dissolved, fine and dry, and the two are combined by process that makes a fertilizer superior in immediate and permanent effects to any fertilizer used in this part of the country. I can refer to a large number of Farmers who have used this Guano for several seasons past, who endorse it as the best in use.

COE'S SUPER PHOSPHATE is now being used all over the country, and is so well known as a CORN, GRAIN and GRASS GROWER, that few persons care to know more than where the genuine article can be had.

I AM SOLE AGENT FOR THE ARTICLE MADE BY MR. COE HIMSELF, and each barrel is branded, "E. F. Coe's Ammoniated Soluble Phosphate."

The BONE DUST is very finely ground and its purity guaranteed.

The PACIFIC GUANO combines the qualities of Peruvian Guano and Bone Dust.

☞ Mr. O. Z. MUNASTER, of Rockville, is authorized to take orders for any of the above articles, and to deliver them at Rockville or his Mill, where I shall keep small lots; charges added.

For *Spring* crops, I regard it as *unequalled*."

SOLUBLE PACIFIC GUANO.

200 LBS. SOLUBLE PACIFIC GUANO contains 70 lbs. *animal matter* yielding 7 to 8 lbs. *ammonia*.

Also 80 to 90 lbs. *earthy bone Phosphate of Lime*, 30 lbs. of which are *soluble phosphate*.

It combines all the advantages of the *best brands* of Super Phosphate, with those of Peruvian Guano.

By reason of its greater *concentration*, we recommend 20 per cent. less by weight to be used per acre, than of any fertilizer costing the same per ton; and no more per acre than of those selling at 20 per cent. more per ton. Hence *its economy*.

This Guano weighs 65 lbs. per bushel, hence in applying it farmers must be governed by weight and not by bulk, for it is much lighter than the Super Phosphates. *Every cargo duly inspected.*

"Flour of Bone."

WE WILL GIVE A MONEY GUARANTEE of the *purity* of this article. It is pure *unsteamed, unburnt bone*, reduced to the fineness of flour, which adds 100 per cent. to its value. It is as *quick and active* as acid *dissolved bone*, hence its value is vastly greater, because it contains neither acid nor water, which necessarily add weight and reduce the quantity of valuable elements. We recommend 250 lbs. to be used in place of 300 lbs. Super Phosphate or dissolved bone.

BASHAW by KOSSUTH.

WILL MAKE THE SEASON OF 1866, at the stable of the Proprietor, from the 1st of April to the 1st day of August at $30 THE SEASON, and $50 to INSURE. In all cases $10 to the Groom.

BASHAW, sired by Kossuth, dam thoroughbred, by Alamode; Alamode by imported Margrave. Kossuth's pedigree is given to show his abundance of Messenger blood, considered by all to be the best ever disseminated.

Kossuth was by New York Black Hawk, out of the celebrated trotting mare, Lady of the Lake; her dam was out of a Messenger mare. New York Black Hawk was by Andrew Jackson; the sire also of Jackson, Kemble Jackson, Henry Clay, Young Andrew Jackson, and many other stallions. Andrew Jackson was by Young Bashaw; Young Bashaw was by imported Bashaw; the dam of Andrew Jackson was by Whynot, and he by old imported Messenger; the grand dam of Andrew Jackson was also by imported Messenger.

New York Black Hawk's dam was the distinguished trotting mare, Sally Miller, who trotted her mile in 2 m. 30 sec., and she was not excelled by any horse of her day. Sally Miller was by Tippo Saib, he by imported Messenger.

It will readily be seen that Bashaw is related to the best horses of our country, and that the fresh infusion of thorough blood through his dam gives him superiority for producing colts of speed and endurance, as blood will tell.

☞ Any gentleman from the county sending a mare to the horse, will have her fed each day free of charge. The person bringing her will also receive his meals free of charge.

Potomac Bottom Lands FOR SALE.

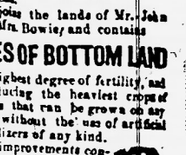
WE are authorized to sell, at private sale, one of the MOST VALUABLE RIVER FARMS in Montgomery county.

It is located on the River road, between Seneca Mills and Edward's Ferry, within a quarter of a mile of the Chesapeake and Ohio Canal and seven miles from a Depot on the Loudoun and Hampshire Railroad, and about the same distance from the route recently laid out by the Baltimore and Ohio Railroad Company for their road from Washington city to the Point of Rocks.

This Farm adjoins the lands of Mr. John E. Reeside and Mr. Bowie, and contains

300 ACRES OF BOTTOM LAND

possessing the highest degree of fertility, and capable of producing the heaviest crops of grain and grass that can be grown on any land whatever, without the use of artificial manures or fertilizers of any kind.



The improvements consist of a FRAME DWELLING HOUSE and all necessary Out-Buildings, and there is a FINE YOUNG ORCHARD of Apples and Peaches on the place, just coming into bearing.

☞ For terms of sale, and a more particular description of the property, apply to D. SAMUEL PLEASANTS, residing near the premises, or to the subscribers, in Rockville.
