TERMS OF SALE, as prescribed by the Decree: One-third of the purchase money to be paid in cash on the day of sale, or the ratification thereof, the balance to be paid in equal instalments in one and two years from the day of sale—bearing interest from the day of sale—interest payable annually—the deferred payments to be secured by the single bills of the purchaser or purchasers, with securities to be approved by the Trustee.

NO. 1, PERUVIAN GUANO,

Fresh from the Guano Islands;

Coe's Super Phosphate,

Busey's Excelsior Guano.

FINE GROUND BONE DUST,

AND

PACIFIC GUANO

ALL of which I offer to the Farmers of Montgomery at *PRICES MUCH LOWER* than they have been sold for several years.

The Peruvian Guano is a part of the only cargo that has been imported for four years.

My EXCELSIOR this season is being made up of the very best New Peruvian Guano—the bone is well dissolved, fine and dry, and the two are combined by process that makes a fertilizer superior in immediate and permanent effects to any fertilizer used in this part of the country. I can refer to a large number of Farmers who have used this Guano for several seasons past, who endorse it as the best in use.

COE'S SUPER PHOSPHATE is now being used all over the country, and is so well known as a CORN, GRAIN and GRASS GROWER, that few persons care to know more than where the genuine article can be had.

I AM SOLE AGENT FOR THE ARTICLE MADE BY Mr. COE HIMSELF, and each barrel is branded, "E. F. Coe's Ammoniated Soluble Phosphate."

The BONE DUST is very finely ground and of superior quality.

The PACIFIC GUANO combines the qualities of Peruvian Guano and Bone Dust.

☞ Mr. O. Z. MUNCASTER, of Rockville, is authorized to take orders for any of the above articles, and to deliver them at Rockville or his Mill, where I shall keep small lots, charged at

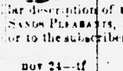
BASHAW by KOSSUTH.



WILL MAKE THE SEASON OF 1866, at the stable of the Proprietor, from the 1st of April to the 1st day of August at $30 THE SEASON, and $50 to INSURE. In all cases $1 to the Groom.

BASHAW, sired by Kossuth, dam thoroughbred, by Alamode; Alamode by imported Margrave. Kossuth's pedigree is given to show his abundance of Messenger blood, considered by all to be the best ever disseminated.

Kossuth was by New York Black Hawk, out of the celebrated trotting mare, Lady of the Lake; her dam was out of a Messenger mare. New York Black Hawk was by Andrew Jackson; the sire also of Jackson, Rumble Jackson, Henry Clay, Young Andrew Jackson, and many other fast ones. Andrew Jackson was by Young Bashaw; Young Bashaw was by imported Bashaw; the dam of Andrew Jackson was by Whynot, and by by old imported Messenger; the grand dam of Andrew Jackson was also by imported Messenger.

New York Black Hawk's dam was the distinguished trotting mare, Sally Miller, who trotted her mile in 2 m. 30 sec., and she was not excelled by any horse of her day. Sally Miller was by Tippo Saib, he by imported Messenger.

It will readily be seen that Bashaw is related to the best horses of our country, and that the fresh infusion of thorough blood through his dam gives him superiority for producing colts of speed and endurance, as blood will tell.

☞ Any gentleman from the county sending a mare to the horse, will have her fed each day free of charge. The person bringing her will also receive his meals free of charge.
