TOWN COMMISSIONERS, ST.MICHAELS, MD.

Subject:- Proposed site of the Seymour-Fairbank Oyster House.

We, the undersigned, respectfully request our Town Commissioners to urge upon said Seymour & Fairbank not to placee their oyster house upon the point of land facing the Town Wharf, as proposed by them, for two reasons:-

1st.- That it will entirely eliminate the view of Miles River from some and materially effect the view of others.

2nd.- That the building of the wharf as proposed by the above will seriously menace and restrict the waters in the cove running from the Town Wharf to Chestnut Street.

All particulars were discussed in full and Mr. Hall suggested several ways in which the town could assess property for payment of sewerage.

Mr. Friel stated the P.W.A. grant could not be applied for until the Town Commissioners had authority to assess all property to raise sufficient money to take care of bonds if sold. There would have to be a vote of people carried in order to do same.

It was left for Dr. Riley, Mr. Friel and Mr. Hall to consult Mr. Henry, the towns attorney and get his advise on the situation.

We later find that Mr. Henry said it would be against the State flaws to file application for P.W.A. grant until

the election is carried by the people.
Mr. Hughlett Hervey's advise was taken and no application was filed.
There being no further business the meeting adjourned.
