100 Dollars Reward.

RAN away from the subscriber on the 23d of February last, a negro lad named JIM, 19 years of age, 5 feet 5 or 7 inches high, square built, black brown complexion, a small scar under one of his eyes and had one on each cheek, the white of his eyes are mixed with a yellowish red, has a good countenance, he has a hurt in one of his legs which is not perceivable unless he walks quick. His dress when he went away was a blue baize coat, double jacket lined with green, longer than common—a blue inside ditto half worn, a grey fearnaught pair of breeches, a coarse shirt, white yarn stockings and two pair of shoes. He is an artful villain and will change both name and dress, and will endeavor (through the means of his father who lives on Fell's Point) to pass for a free man and no doubt will enter on board some vessel as such. This is the 5th time he has run off—He ran away the 3d of January 1801, and was caught in York county, Pennsylvania, and lodged in Little York jail. If he is taken up in Maryland, I will pay fifty dollars and reasonable expences. If brought and delivered to me—if in any other state the above reward, and all reasonable expences on his being delivered to

American Manufacture.

CALICOES, Bandanas, Stripes and Pocket Handkerchiefs, for sale by the subscribers, No. 15, Calvert-street.

To those who cannot experience a new undertaking, and doubt the manufacture of cotton goods in this country, they think it proper to observe that the material is raised in the business to small growers and farmers to persons who work for them, in Europe. That they have these artisans—that two of the manufacturers were bred to the business, satisfactory of the best proofs, and one of them their father, and long after was by themselves. They trust that what they have given received without a question, and the consideration will not be lost their countrymen by giving an equal trial to such as are very anxious of proving themselves—to sale of natural, that there is room to fear, has certain interests, may also well as individual may suggest objections to their undertaking—It is necessary to refer to that work of the like kind, that is as well executed here, as the foreign hands abroad. The colors cannot be changed will be found as remarkable, the cloth perhaps of better substance and the prices lower than of the imported cottons.

The customary credit will be given on good notes or acceptances in the city.

To the Public.

SOME ill minded persons have of late made a practice of endeavoring to injure my reputation and feelings, by falsely asserting that I have married the woman, who, as they say, *lives for me*. Men who possess the feelings of humanity would never resort to means so diametrically opposed to injure and insult female delicacy, particularly in a place in which we are strangers.

I have deemed it necessary so far to trespass on the patience of the public, to remove any unfounded suspicion which such slanders might otherwise excite. Men of discernment will not judge we have been illegally married because we are *young*. Our affections will grow with our age, and all the powers on earth are not calculated to cause a separation.

Our marriage took place at Norfolk, (Va.) on the evening of the 31st January, 1803, and was published in the Norfolk Herald, Baltimore American, and numbers of papers in the United States. It has been placed on record in the state of Virginia, and certified by the reverend Mr. Bland, by whom we were indissolubly united.

Let those who in future pursue the base arts, in which they commence, to injure my reputation and wish that add to the poignant grief of an affectionate and beloved wife, remember, that retributive justice, though slow, should fall hard upon such offenders.

VENEREAL COMPLAINTS.

AS Dr. WARNER's practice has been very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the venereal disease, in preference to any medicine vended or known in Baltimore. He has removed the most desperate cases with care and dispatch, after the failure of some of the ablest physicians both in Europe and America. Complaints of the urinary passages, and debility thereof, from various causes and accidents, removed in the shortest possible space of time.—As there are persons from various causes cannot personally apply, it may be necessary to inform them, they may be relieved from a description of their complaint.

Dr. W. warrants a cure in all cases. Masters of vessels and travellers may have their medicine so prepared that a safe, effectual and expeditious cure may be effected, without the least restriction in drink or diet.
