A CARD.—The undersigned, a committee of the "TAYLOR LIGHT DRAGOONS," and the "GERMAN RIFLEMEN," of Baltimore, in behalf of their respective Companies, beg leave respectfully to tender their grateful acknowledgment of the kind and hospitable manner in which they were received on the occasion of their recent visit to the city of Philadelphia.

To the highly accomplished commander, Captain Becker, and officers and members of the "Philadelphia Cavalry," whose guests we were, and whose attention, from the moment of our arrival to the hour of our departure from their beautiful city, was uninterrupted, and characterized by acts of kindness rarely equalled, we owe a debt of gratitude that time can never cancel. Long, indeed, will the recollection of their assiduous attentions to our comfort, our pleasure and social enjoyment be treasured in our memories, and the scenes around the festive board, the gorgeous display of military parade, and the day of purest pleasure enjoyed amidst the groves of "Washington's Retreat," will live in fond remembrance, and midst cares of after years start forth like dreams of boyhood's happy hours.

To his Honor the Mayor of Philadelphia, we return our sincere thanks for the cordial welcome that he extended to our troops, and for the opportunity he afforded us of lingering within the hallowed walls of the temple of liberty; the Hall of Independence.

To the Committee on behalf of the Citizens of Philadelphia, who welcomed us on our arrival, and formed a portion of the escort, we gratefully tender our thanks, with the assurance that this act of kindness will long be remembered.

To the Sheriff of Philadelphia, whose gentlemanly and kind attentions we experienced on all occasions, we feel, indeed, that we are under lasting obligations.

To the tried friend of the soldier, the kind and amiable Major Fritz, whose hospitality we experienced, and whose attentions added so largely to our enjoyment, we would desire to convey an idea of our gratitude, but feel that language is unequal to portray a sense of our obligation for his varied acts of kindness.

To our venerable friend, Mr. Clay, we stand indebted for his marked attention.

To Messrs. Bless and Bergman, whose liberality and munificence were unbounded, and who contributed largely to the pleasure of our visit, we feel that we are unable sufficiently to return our thanks.

To the Proprietors of the Mint and of the admirable "School of Design and Collection of Paintings," we are under many obligations for the pleasure that a visit to their Institutions afforded.

To the Manager of the "Walnut street Theatre" we return our unfeigned thanks for the pleasure that his kind invitation afforded to our Companies.

To J. W. Zimmerman, Esq., who kindly invited us to his beautiful Pavilion in Camden, we are under lasting obligations; and the pleasure of that evening, and the remembrance of the sumptuous banquet that he furnished, will cause his name to be remembered with grateful emotion.

To our worthy host, Wilhelm C. Heurer, Esq., the gentlemanly and attentive Proprietor of the Hotel at which we quartered, we sincerely desire to convey our heartfelt thanks. Nothing was left undone that could contribute to our comfort, or add to the pleasure of his numerous guests.

In fine, to our fellow-soldiers at home, Captains Montgomery, Schillinger, Hoffman and Schneider, and the officers and members of the Independent Light Dragoons, the Jackson, Washington and Lafayette Guards, we return our sincere thanks for the escort that they furnished on the morning of our departure, and the welcome that they extended on the night of our return. We assure them that their acts of kindness are appreciated, and that on similar occasions it will afford us pleasure to return the favor and reciprocate the compliment.

OFFICE OF THE LOUDON PARK CEMETERY COMPANY, No. 212½ BALTIMORE STREET.—The Managers beg to call the attention of the citizens of Baltimore, and its vicinity, to the progress of the Company up to this time, and its present position, believing that it cannot fail to enlist the interest and confidence of the public. The beauty and peculiar adaptation of the Company's Grounds to the purposes in view do not fail forcibly to impress every visitor, and when improved and beautified as the Company design, they will not be excelled by any similar place in the country.
But it is the object at this time to make public the position of this Company with regard to its pecuniary affairs—that the purchase money for their grounds has been paid in full; that a complete title, in fee-simple, clear of all incumbrance, is held by the corporation; also, that a fund has been provided ample to insure the completion of the extensive improvements proposed and now in progress. There is, therefore, every possible guarantee for entire security to the purchasers of Lots in their Cemetery. The carriage ways and avenues are, to a considerable extent, laid out and graded, and a large number of lots laid off, in desirable locations. The officers of the Company are now prepared to sell and grant certificates for LOTS in the Cemetery; to have them located; and the grounds may, from this time forth, be used for interments. The Cemetery was dedicated the 14th of July past, with appropriate ceremonies.
The public are invited to visit and view the grounds, which are within one and a half miles of the western limits of the city, and any desired information may be obtained at the office. In addition to the lines of omnibuses leaving the General Wayne Inn, at different hours, a special line is established, running from Broadway, through Baltimore street, and out the Frederick turnpike to the Cemetery.
The public may feel assured that this Company, thus holding clear and unincumbered grounds, which possess great natural advantages, and *having made ample provisions, apart from the sale of Lots, for their improvement,* will spare no pains nor expense in adorning and beautifying and making this Cemetery one of the most attractive in the country, and an ornament to the environs of Baltimore. The public are referred to Dr. Richard H. Thomas, Galloway Cheston, Esq.; Benjamin C. Barroll, Esq.; Hon. Charles F. Mayer, and George Ross Veazey, Esq. o6 eotf r

THE MONUMENT BUILDING ASSOCIATION et al. vs. CHARLES A. BROCKMEYER.—In the Superior Court of Baltimore city, in Equity.—The object of this suit is to procure a decree for a sale of certain mortgaged premises in the city of Baltimore, which were on the first day of July, eighteen hundred and fifty-one, mortgaged by the defendant, Charles A. Brockmeyer, to Michael Binau, Heinrich Hartken, and a certain Joseph Acker, since deceased, trustees of the Monument Building Association.
The bill states that on or about the first day of July, eighteen hundred and fifty one, the said Brockmeyer conveyed certain leasehold property, which is described in the bill and the Exhibit accompanying it, and marked "Exhibit A," unto the said Binau, Hartken and the said Joseph Acker, by way of mortgage, to secure the payment of certain sums of money, and the performance of certain conditions, which he has failed to make and perform, since the second day of December, eighteen hundred and fifty two. That at the time of the making of said mortgage, the said Association was not a body corporate, and that the said Michael Binau, Heinrich Hartken and Joseph Acker were the trustees thereof; but since that period it has become incorporated in accordance with an act of the General Assembly of Maryland. That Joseph Acker has since died. That there is due by the said Brockmeyer to said Association the sum of three hundred and eighty-three dollars and sixty-three cents by way of balance on the amount advanced, as also for fines, for not complying with the terms of said mortgage; that the said Charles A. Brockmeyer is beyond the jurisdiction of this Court.
It is thereupon adjudged and ordered that the complainant, by causing a copy of this order to be inserted in some newspaper, published in the city of Baltimore, once in three successive weeks before the fifth day of November next, give notice to the said absent defendant of the object and substance of this bill, and warn him to appear in this court in person, or by solicitor, on or before the fifth day of FEBRUARY next, to answer the premises, and show cause, if any he has, why a decree ought not to pass as prayed.
WM. FRICK.

HOME—RHEUMATISM CURED—EIGHT YEARS' STANDING.—*Scepticism cant stand before the wonderful Cure of Hampton's Vegetable Tincture.*
BALTIMORE, March 18, 1853.
Messrs. Mortimer & Mowbray—Gents: My wife was for more than eight years a great sufferer from Chronic Inflammatory Rheumatism; at times she was entirely helpless—her limbs much swollen, her hands contracted, and to appearance out of joint. She had the advice of the best physicians, tried the various liniments and other remedies she had heard of, but received but partial, if any relief.
She obtained your Hampton's Vegetable Tincture, which I must say, she took without my advice, as I then had no confidence in its curing her, as she had tried so many remedies before (all promising to cure) without any relief.
I am now happy to say your invaluable Tincture has restored her to perfect health, which continues to this date; her present appearance is that of the picture of health itself, she not having any attack for a year or more.
Before taking the Tincture, she was also subject to severe attacks of the headache; they also are cured. She feels truly grateful for her happy restoration by your Tincture, and confidently commends it to the afflicted, rejoicing in the great success that attends its use. I now truly believe it to be an unequalled medicine. Yours, THOS. M. VEAZIE,
Grocer, No. 76 Pearl street.
Hundreds in this city will bear same testimony.

The most extraordinary Medicine in the world.
This Tincture is six times pleasanter, and warranted superior to any sold. It cures without vomiting, purging or debilitating the patient.
The great beauty of the superiority of this Tincture over other medicines is, that while it eradicates the disease it invigorates the body. It is one of the best SPRING AND SUMMER MEDICINES ever known. It not only purifies the whole system, and strengthens the person, but
CREATES NEW AND PURE BLOOD!
A power possessed by no other Medicine; and in this lies the grand secret of its wonderful success.

HUMAN HAIR RESTORED, GREY HAIR CHANGED WITHOUT THE APPLICATION OF DYEING.—It is a fact, which can be attested by the thousands who have benefited by it, that VAN DEUSEN'S IMPROVED WAHPENE has proved itself an undoubted Specific for the purposes designed by the inventor, containing, as it does, vegetable ingredients only. The hair is renovated and strengthened, and the natural color restored, without the deleterious and precarious application of mineral and acid substances. This invaluable preparation can be had at the store of SETH S. HANCE, 108 Baltimore street, and by Druggists in the city generally, and those of the United States.
