I suffered fearfully with swollen joints; went on crutches, tried every remedy without success; Giles' Liniment Iodide Ammonia cured me.—Thomas McDonnell, 178 Willington street, Montreal. Gile's pills cure Liver Complaint. Sold by all druggists. Send for pamphlet. Dr. Giles, 120 West Broadway, N. Y. Trial size 35 cents.

What is Indigestion? A condition of the stomach produced by inactivity of the liver when the food is not properly digested, and in which the sufferer is liable to become the victim of nearly every disease known—relief from which can be obtained by using Laroque's Anti-Bilious Bitters, manufactured by W. E. Thornton, Baltimore, Md., and sold by all druggists at 25c. a package, or $1 per bottle. Try them.

Mothers! Mothers!! Mothers!!! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it: there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

Brown's Household Panacea is the most effective Pain Destroyer in the world. Will most surely quicken the blood whether taken internally, or applied externally, and thereby more certainly RELIEVE PAIN, whether chronic or acute, than any other pain alleviator, and it is warranted double the strength of any similar preparation.

It cures pain in the side, back or sore throat, rheumatism, toothache, and ALL ACHES, and is THE GREAT RELIEVER OF PAIN. "BROWN'S HOUSEHOLD PANACEA" should be in every family. A teaspoonful of the Panacea in a tumbler of hot water (sweetened, if preferred), taken at bedtime, will break up a cold. 25 cents a bottle.

Much sickness, undoubtedly with children, attributed to other causes, is occasioned by Worms. BROWN'S VERMIFUGE COMFITS, or Worm Lozenges, although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians and found to be absolutely sure in eradicating worms, so hurtful to children. 25 cents a box.

Excursion to Penmar.

This favorite place of resort, has excited the public of late to such an extent that every man and woman you meet say they intend to go if they feel well enough. Buy a bottle of Dr. Thomas' Mayapple or Podophyllin Bitters and you will be all right for the trip.

Y. M. C. A.

Rev. R. H. Williams will preside at the meeting of the Y. M. C. A. at Kemp Hall, at 7:30 this evening.

Court Proceedings.

Joseph H. Eyler, indicted for forgery, was tried by jury in the Circuit Court yesterday and acquitted. Capt. Jas. McSherry was his council. The case of the State vs. Gotleib Kraft et al. is now on trial.

Johnsville Notes.

Reported for the Times.

The hall over C. E. Saylor's store room (mentioned some time since in the TIMES), is being enlarged and when finished will be the largest and finest in the town.

Mrs. Joseph Phipps and family, of Philadelphia, are visiting Dr. R. Sidwell.

Personal.

Mr. George W. Woodward, of Carrollton, O., who has been here visiting his relative, Mr. Milton A. Woodward, for the past several weeks, left this city for his Western home yesterday morning.

Col. Carlin has so far recovered from his recent illness as to be able to be about once more among his numerous friends.

Accident.

On Saturday last Mr. Geo. Appleby, of New London, was thrown from his horse and severely injured. He received several painful bruises and had one of his ankles sprained. A little boy, son of Mrs. Trumbull, who was riding with Mr. Appleby, was also thrown and alighting upon his head and shoulder was injured quite seriously. Dr. H. W. Dorsey, of New Market, rendered the necessary aid.

Lecture and Concert.

A lecture and concert will take place at Fairview on the evening of the 19th inst., for the benefit of the church, of that place. The lecture will be delivered by Rev. R. H. Williams, of this city, and the concert will be participated in by a large proportion of the musical talent of this vicinity. The well and favorably known Prof. Jackson will have the direction of the musical portion of the programme.

M. P. Conference.

The fifty-second session of the Maryland annual conference, Methodist Protestant church, will convene in Washington, D. C., to-morrow the 10th inst. The conference is composed of 110 ministers and an equal number of lay delegates. Within the bounds of the conference district there are 14,140 white and 660 colored members; value of church property $712,677; collected and disbursed during the past conference year, $50,693.03.

The Endowment Assessment Association.

The TIMES again calls the attention of its readers to one of the most attractive institutions of the State—the Mutual Endowment Assessment Association of Baltimore, Md., notice of which has already been given in these columns. This association is gaining strength and is assuming very marked proportions in this section. By reference to the advertisement of the company to be seen in the fifth column, second page, this issue, it will be seen that a large number of prominent residents of this section have become members and who will recommend it to all who may desire a cheap, sure and honest investment of the smallest amount for the greatest benefit. The character of the gentlemen connected with this institution all over the State, is a gurantee of its reliability and the TIMES cheerfully recommends it to the consideration of the citizens of Frederick county as entirely worthy of their patronage and support, being the only purely Maryland institution of its kind in the State.

Unionville News.

Reported for the Times.

The exercises of Linganore temperance society of Unionville, Tuesday evening, March 5th, consisted of a recitation, "Hope On," by Miss Olevia S. Urner. This was this young lady's first appearance in public and her success at this first venture leads us to expect even better for the future. Next in order, was an address by Capt. John Doty. This gentleman is, and has been, for the last half century an earnest worker in the temperance cause. His lucid statement of facts, and the earnest manner in which he spoke had a telling effect on his audience. A very appropriate selection was sung by the choir, after which Prof. Karsten's humorous essay was called for. Everybody was prepared for a feast of fun and they were not disappointed. The essay was humorous in the extreme and was loudly and repeatedly applauded. Last, but not least, in our notice of the proceedings, was the solo "Not half has ever been told," by Miss Clara P. Worman. This modest young lady has only recently ventured to let us hear her voice in solos. It is so remarkably sweet that it deserves more than the passing notice we are compelled to give.

On the evening of the 3d inst., the annual meeting for the election of Sunday school officers was held in the basement of Linganore chapel. Unfortunately, a difference of opinion arose in regard to who should and who should not vote. As the matter was not decided, there was no election.

Miss Mollie T. Urner, of this place, is visiting Miss Florence Boyd, of Baltimore.

Rev. E. W. Urner is attending conference.

Capt. Benjamin Largent, of Missouri who has been visiting Rev. J. J. Largent, of this place, left on Saturday, the 6th inst, for Virginia, en route for home.

Alfred Coats, a colored man, residing near this place, has a son thirteen years old, who weighs 218 pounds.

The Occultation of the Planet Mars by the Moon—A Beautiful Phenomenon.

Mars is the evening star, and holds the place of honor at the most interesting member of the planetary brotherhood during this month for he plays an important part in a beautiful celestial phenomenon that occurs in the early evening of the 17th. An occultation of Mars by the moon will then take place under conditions favorable for observation. The occultation will commence about half past six o'clock, and the planet will be hidden for more than an hour. Mars will be about an hour past the meridian, and at an altitude above the horizon that will insure a good view, while the moon will be within a day of her first quarter. If the weather is propitious, there will be no drawback to the perfection of the show. At forty-four minutes after six, Mars will disappear behind the dark side of the moon, this is called the time of immersion. At thirty-four seconds after eight, he will reappear on the Western edge of the moon; this is called the time of emersion. The duration of the occultation will be an hour and sixteen minutes. A good telescope will increase the interest and grandeur of the phenomenon. The Eastern or unenlightened portion of moon will first pass between us and the planet. The instant Mars touches the invisible outline of the lunar disk, he will apparently be blotted out of the sky. After an hour and sixteen minutes have passed, the ruddy star will suddenly start forth from his hiding place, trembling for a second on the moon's Western verge, charmingly illustrating the contrast in colors between the red light of Mars and the silvery hue of the moon; then the show will be over, and satellite and planet will roll on in their respective paths. The position of Mars should be thoroughly fixed by those who would witness the occultation. He has passed the Pleiades and is now almost directly North of Aldebaran. His size and brightness are slowly diminishing as he travels from us and towards the sun. Mars now sets shortly after one in the morning; at the close of the month, about a half hour after midnight.

WOMAN'S RIGHTS IN FREDERICK.

The Appearance of Mrs. Belva A. Lockwood, in the Circuit Court—Sensation Among Females.

The event of yesterday, or as it might be said, of the season, was the appearance of Mrs. Belva A. Lockwood, the "lawyeress" of Washington, D. C., in the Circuit Court, she appearing as one of the counsel in the case of the State vs. Gotleib Kraft, *et al.* Mrs. Lockwood, came into court at noon, accompanied by her daughter who is a pupil at the Frederick Female Seminary, while the case of the State vs. Joseph H. Eyler, forgery, was in progress. The news of her presence in court soon became known and in a comparatively short time the court-room was crowded with those curious to witness the tactics of a female lawyer. The lady in question is of medium height, sharp features and the possessor of a pair of very keen dark eyes. Her hair is gray, worn brushed straight back from the forhead and tied in a coil at the back. Her complexion is florid and her manner is most certainly calm and deliberate. She was attired in black and wore a cluster of pink and white rose buds at her throat. She remained in court for a few minutes and then retired, not returning until the Eyler case had been given to the jury which was at 2:45 o'clock, by which time a large number of the best known ladies of the city had arrived, occupying seats inside the bar railing. A few moments later Mr. Chris. Eckstein, one of Mrs. Lockwood's colleagues in the cause mentioned, Mr. P. Frank Pampell being the other, moved for her admittance to the bar. The court, Judge Lynch, after hearing Mr. Eckstein's motion, announced that unless some member of the bar had some objection to urge, the customary oaths would be administered to the lady in question. There being no objection Mrs. Lockwood subscribed to the oaths and soon after her case was called. Her client elected to be tried by a jury which was soon empaneled. Up to this time Mrs. Lockwood had little to say, but when the examination in chief of the first witness, George Carter, B. & O. R. R. detective, ended, she commenced the cross-examination in a manner which must have impressed the witness as being business-like in the extreme. Mrs. Lockwood's questions were short and sharp, and although the witness did not mix "worth a cent" he was several times slightly flustered. There wasn't a married man in the court-room who did not fully appreciate his position and sympathize with him. Mr. Motter, the State's Attorney, was snapped up once or twice while off his guard, and as the examination proceeded became more careful. During these passages the ladies appeared most interested. At about 3:30 o'clock, only the one witness having been on the stand, court adjourned until this morning at 9 a. m., when the case will proceed. Upon the adjournment of court Mrs. Lockwood retired to the judges' room where she was surrounded and conversed with by many of the ladies who had been in court during the proceedings of her case.

DIED.

DEVILBISS.—On the 28th ulto., at the residence of her son, near Creagerstown, Frederick county, Md., of paralysis, Mrs. Maria Devilbiss, aged 76 years, 6 months and 19 days. She was a consistent member of the M. E. church, for 65 years.

I would not live always,
I ask not to stay,
Where storm after storm
Rises dark o'er the day;
The few lured mornings
That dawn on us here,
Are enough for life's woes,
Full enough for its cheer.

I would not live always,
No! welcome the tomb!
Since Jesus hath lain there,
I dread not its gloom;
There sweet be my rest,
Till he bids me arise,
To hail him in triumph,
Descending the skies.

Who, who would live always,
Away from his God,
Away from yon Heaven,
That blissful abode,
Where the rivers of pleasures
Flow o'er the bright plains,
And the noontide of glory
Eternally reigns.

Where the saints of all ages
In harmony meet
Their Saviour and brethren
Transported to greet;
While the anthems of rapture
Unceasingly roll,
And the smile of the Lord
Is the feast of the soul.

Dr. TUTT'S Expectorant!

IN 25CTS. AND $1 BOTTLES.

Its properties are Demulcent, Nutritive Balsamic, Soothing and Healing. Combining all these qualities, it is the most effective LUNG BALSAM ever offered to sufferers from pulmonary diseases.

DR. J. F. HAYWOOD,
of New York, voluntarily indorses it.

—READ WHAT HE SAYS:—

New York, Sept., 19, 1877.

Dr. TUTT: Dear Sir—During this year I visited nine hundred cases of lung diseases. In the lower wards of the city the cases were of a very severe type. It was there my attention was called to Tutt's Expectorant, and I confess my surprise at its wonderful power. During a practice of twenty years, I have never known a medicine to act as promptly, and with such happy effects. It instantly subdued the most violent fits of coughing, and invariably cured the disease in a few days. I cheerfully indorse it as the best lung medicine I ever used.
J. FRANCIS HAYWOOD, M. D.

A NEWSPAPER PUB. WRITES.

Office, Evening News, Augusta, Ga.

Dr. TUTT: Dear Sir—My little son, was attacked with pneumonia last winter, which left him with a violent cough, that lasted till within a month since, for the cure of which I am indebted to your valuable Expectorant. I had tried most every thing recommended, but none did any good until I used your Expectorant, one bottle of which removed the cough entirely. With many thanks, I am yours truly,
JOHN M, WEIGLE.

Had terrible NIGHT SWEATS.

Memphis, Feb., 11, 1871.

Dr. TUTT: Sir—I have been suffering for nearly two years with a severe cough. When I commenced taking your Expectorant I was reduced to one hundred and sixteen pounds in weight. I had tried almost everything; had terrible night sweats. I have taken half dozen bottles. The night sweats have left me, the cough has disappeared, and I have gained fifteen pounds in flesh. I recommend it to all my friends. With great respect, OLIVER RICE.

IMPORTANT QUESTIONS.

Reader, have you caught a cold? Are you unable to raise the phlegm? Have you an irritation in the throat? A sense of oppression on the lungs, with short breath? Do you have a fit of coughing on lying down? A sharp pain now and then in the region of the heart, shoulders and back? **If so, our Advice is** take at once a dose of Tutt's Expectorant; you will soon be able to raise the phlegm. In an hour repeat the Expectorant, place a hot iron to the feet, take two of Tutt's Pills. You will soon fall into a pleasant sleep and wake up in the morning, cough gone, lungs working freely; easy breathing, and the bowels moving in a natural manner. To prevent a return of these symptoms use the Expectorant several days.

FROM THE PASTOR OF HARFORD AVENUE, M. E. CHURCH.

BALTIMORE, January 5, 1880.

Mr. A. R. Mettee.—Dear Sir: I have used the **Pulmona** in my family for severe bronchial trouble with decidedly beneficial results.

Respectfully,
J. J. G. WEBSTER.

Pulmona, the sure remedy for Coughs, Throat and Lung Trouble and General Debility, for sale by all Druggists and the Proprietor.
A. R. METTE,
122 Fayette street,
above Park street.

The above is only one of the many testimonials we have seen referring to this remarkable remedy. The following is an editorial notice from one of the Baltimore papers: **Pulmona,** the recently discovered cough, throat and lung remedy, is rapidly gaining an astonishingly wide reputation, owing to its having effected a number of wonderful cures within a very short time. A remarkable feature of **Pulmona,** as noted by one of the medical faculty the other day, is that it is free from morphia or any other anodynes. Its tonic properties are most excellent to strengthen the system and build up the stomach. At this season of the year, particularly, some specific of this sort is greatly needed to remedy the evil effects of the sharp changes of temperature and the penetrating blasts of winter. **Pulmona** contains no injurious ingredients of any kind and is indorsed by the testimonials of many who have experienced the greatest benefit from its use. f28d&w3m.
