If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing permanent cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, has less than one-tenth the number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

KNOX IN THE LEAD

Friends Actively Engaged In Laying His Claims Before The People.

Washington, Jan.—(Special) The Republican National Convention, when it meets in Chicago on June 16, will contain 980 delegates. This number was fixed when the Republican National Committee met here in Washington on December 6, and allotted two delegates to each of the territories. Each state has two delegates for every senator and representative in Congress.

It will take 491 votes, a majority, to nominate. None of the candidates mentioned has anything approximating the number of votes necessary. No delegates have been elected or even pledged by the action of party convention to Secretary William H. Taft, except six from Alaska, and this number has been cut down to two by action of the national committee. Grave doubts are entertained as to whether Taft will get a majority of the delegates from Ohio, his own state. The 54 votes of Illinois are committed to Joseph G. Cannon, and, in addition, two delegates have been elected and instructed for him in the eighth Michigan district. However, under the call of the national committee, these two delegates must be elected over again. Vice President Charles W. Fairbanks will get 30 votes of Indiana, and Senator Lafollette is expected to have Wisconsin's 26 votes. Gov. Hughes of New York is far from assured of the 78 votes of that state.

Senator Philander C. Knox of Pennsylvania, has the 58 votes of that state pledged to him by the unanimous action of the Republican State Convention. He has more real, visible strength than any other candidate. His record in the Roosevelt cabinet and in the Senate has made him strong in all parts of the country, so that there are several other state delegations that consistently can be placed to his credit. The vast majority of states are fighting territory for all the candidates. Senator Knox's friends are actively engaged in laying his claims before the voters and they expect him to go into the convention with a formidable number of delegates supporting him. From the first the Knox people have refrained from any sort of pyrotechnical politics and the steady growth of its strength is leaving more substantial impression than that of any other candidate.

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Forman & Keating.

A plan for drawing trade to a town that has been successfully worked at several points might be adopted to advantage in Centreville. The plan is as follows: An agreement was reached between all the merchants whereby they offered special sales on certain days, each merchant selecting some special line of goods upon which he made a lower price than usual. Thus one dry goods house would sell gloves at a special price, while another would offer bargains in dress goods. One hardware merchant would reduce the price on skates. Everyline of business was represented and care was taken that no conflicts occurred. Prizes were then offered to the farmers bringing the best load of grain or the handsomest baby, and the bargain day was extensively advertised in the surrounding country, the name of the merchants and their special sales being in all cases stated. The farmers responded in a most gratifying manner and the merchants were well pleased with the plan. The idea has already been carried out in several cities.

BUSINESS WAS BETTER

Not As Many Failures On The Peninsula During 1907.

The business record of the Delaware, Maryland and Virginia Peninsula for the year 1907, according to figures furnished by R. G. Dunn & Co., shows a decrease of five failures as compared with 1906 and a decrease of 51 from 1905, a decrease in liabilities in 1906 of $343,922.90.

The assets of 1906 exceed those of 1907 by $256,232.49.

The district covered by the figures comprises 14 counties, New Castle, Kent, and Sussex of Delaware; Cecil, Kent, Queen Annes, Talbot, Caroline, Dorchester, Wicomico, Somerset and Worcester, Maryland; and Northampton and Accomac, Virginia.

Following are the figures of the failures in 1907: Number of failure in Delaware 38 with $643,399.20 liabilities, and $217,359.88 assets; Maryland, 28 failures, with $102,099.04 liabilities, and $46,860.05 assets; Virginia, 6 failures, with $24,234.92 liabilities, and $17,161.15 assets.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. Its many remarkable cures of coughs and colds have won for it this wide reputation and extensive use. Sold by Forman & Keating.

Newnam—Hughes.

On Wednesday morning of last week at 10 o'clock at the home of the bride, Miss Henrietta Knapp Hughes, of Rock Hall, was married to Mr. William Pickup Newnam, of Chestertown. The ceremony was performed by Rev. C. Morgan Compher, pastor of Wesley Chapel M. P. Church. Owing to the recent death of the bride's father, the wedding was a quiet one, and only immediate relatives were present. After their return from a wedding tour, they will reside in Chestertown, where the groom is superintendent of the Singer Sewing Machine Company. He is known to many residents of this county having been stationed here for some time as agent for the same Company. The bride is a daughter of the late William Hughes.

No false pretense has marked the career of Ely's Cream Balm. Being entirely harmless, it is not responsible like the catarrh snuffs and powders, for minds shattered by cocaine. The great virtue of Ely's Cream Balm is that it speedily and completely overcomes nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years' success. All druggists, 50c., or mailed by Ely Bros., 56 Warren St., New York.

Much of the so called friendship of the day is but pretense. It exists only in name and as soon as it ceases to be advantageous it is dropped. The friendship that continues the same in prosperity and adversity is to be prized, but all other kinds are worthless. It matters not how hard a man may struggle to do right and make a success of life there is always some loathsome reptile, some worthless wretch, who is ready to drag him down, to blight his hopes and blast his fondest ambitions. The loss of money and property is not the greatest loss a man can sustain in the business world; far better to lose your money than your hope and ambition.

James B. Hendrix, living on Cross street, Chestertown, Md., says:

"Doan's Kidney Pills cured me of a severe case of kidney complaint and it gives me pleasure to recommend them to others. I contracted a severe cold, which settled on my kidneys and left them very much disordered. Very soon my back began to ache and bothered me constantly, and the pain was so acute at times that I was forced to stop work and go home. I was strongly urged to try Doan's Kidney Pills and at last procured them. They helped me from the first; I continued taking them and my back improved, the pains finally left and the kidneys were restored to their normal condition. I can conscientiously recommend Doan's Kidney Pills to others.
