"FEVER & AGUE," and ROWAND'S IMPROVED TONIC MIXTURE,

"THE BANE and the ANTIDOTE."

"I hereby certify, that several persons under Medical Treatment for INTERMITTENT FEVER, (or FEVER & AGUE) within my observation and direction have been cured by the use of "ROWAND'S IMPROVED TONIC MIXTURE, *after every preparation of Peruvian Bark, (Quinine) &c. & had been tried in vain !!*

EATHANIEL P. CAUSIN, M. D.,

Washington City, District Columbia.

THOUSANDS of like certificates have from time to time been published.

1,500,000 *cases of Fever & Ague have been cured by* ROWAND'S IMPROVED TONIC MIXTURE!

WITHIN FIFTEEN YEARS!!!

However staring this statement may at first appear yet the FACT may be demonstrated by *the single rule of three*, for we estimate by reference to the "Manufactory Book" that FIVE HUNDRED THOUSAND BOTTLES have been made and distributed over the country during that period !!

Well, it is well known to the Agents, especially the Western States; that *whole families of 5 or persons* have been cured by *one single bottle!* In a majority of instances *one bottle* has cured 1, 2, 3 and persons. The average here would give THREE cases to every bottle amounting to the astonishing number of 1,500,000 cases of this "*hated component*" cured by this *inestimable remedy*!!!!

Now, "common sense" dictates the propriety of *resorting at once* to this *old favorite well tried and saving remedy*, and of avoiding all *vulgar and insignificant tonic mixtures*, which are mere counterfeit imitations of the original medicine!

The Agents are fully authorized to return the money paid whenever it shall fail to cure!

WISTAR'S BALSAM OF WILD CHERRY

THE GREAT REMEDY

FOR

CONSUMPTION.

The best medicine known to man for incipient Consumption, Asthma of every stage, Liver Complaints, Dyspepsia, Influenza, Coughs, Colds, Bleeding at the Lungs, Soreness of Breast, pain and weakness in the Breast, &c. and all other diseases of the

PULMONARY ORGANS.

A very important disease over which this "*Balsam*" exists a very powerful influence, is that of "DISEASED LIVER" In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had continued long suffering from the disease, without receiving the least benefit from various remedies, and even when MERCURY has been resorted to in vain the use of this BALSAM has restored the LIVER to a healthy action, and in many instances effected permanent cures after every known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the diseases above mentioned we also find it a very effectual remedy in ASTHMA, a complaint in which it has been extensively used with decided success even in cases of years standing.

NATURE'S OWN PRESCRIPTION

A compound Balsamic preparation of the Prunus Virginia, or "Wild Cherry Bark," combined with the Extract of Tar, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered

The universal celebrity which this medicine is rapidly gaining in every section of the country and the many astonishing cures it has effected, have now established its efficacy beyond all doubt, and it should be remembered, that in diseases of the LUNGS or LIVER, as in all other chronic affections a little time is always necessary to effect a cure. Although in most cases the Balsam will afford a most immediate relief and often effect great changes in a few days, it cannot reasonably be expected to produce the same salutary effect in every case in so short a time; yet from the high celebrity it has acquired, we find many persons are apt to expect too much at the commencement while others expect *Single Bottle* to afford them greater relief than all the medicine they had taken for months previous.

We will not assert that the BALSAM will cure consumption in its *worst form* but it has cured many after all other means of relief had been tried in vain. And why not? It seems that the WILD CHERRY was designed by Nature to be an PANACEA for the ravaging diseases of this latitude. Let not the despairing invalid waste his money and lose time by being so all important, in *experimenting* with the trashy nostrums of the day, but use *at once* a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it *always relieves*. "There is no such thing as fail" in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one *can* doubt; fully establishes this fact.

In presenting this highly useful and valuable medicine to public notice as a remedy for *Consumption* and *Pulmonary* diseases in general, the proprietor has been actuated solely by the great success attending its use in his practice and a desire to benefit the afflicted, and would therefore wish particularly to impress upon the public mind that it is entirely different from the *nostrums* daily ushered into notice by *boasting quacks*, as it not only emanates from a regular *Physician* but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery or in any way deceive the public by overrating its virtues; on the contrary, I shall simply endeavor to give a brief statement of its usefulness, and flatter myself that its surprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous that CONSUMPTION may and "CAN BE CURED," if this medicine be resorted to in time.

NO QUACKERY! NO DECEPTION!

All pretending statements of cures performed by this medicine, are to every respect TRUE.

BEWARE OF COUNTERFEITS AND IMITIONS.—The unparalleled and astonishing success of Dr. Wister's Balsam of Wild Cherry in all the cases for which it is recommended—during many years, and the skill of the best physicians was unavailing—has effected a large and increasing demand for it.—This has led to the sale of several nostrums called counterfeits and imitations to palm off spurious mixtures, of similar name and appearance, for the genuine Balsam.

Be careful and get the genuine DR WISTER'S BALSAM OF WILD CHERRY. None genuine unless signed by Dr. BUSH. All orders addressed to SETH W. FOWLE, Boston, Mass.

THE GREAT DIGESTER AND WIND DESTROYER

THE most valuable Medicine ever known in the world, which cures and forever stops the torment of *Dyspepsia* Costiveness, Disease of the Heart, Rheumatic pains, Costiveness, Liver Complaint, Pains in the Side or in the Small of the Back, Palpitation of the Heart, Impurities, Sore Throat, Shortness of Breath, Acute Cold, Cholic, and is superior to any Bitters. This Medicine has been introduced more than a dozen years ago by the French Doctor of the FRENCH MEDICAL HOUSE 16 South Frederick street, Baltimore. When it was first introduced it was the talk of physicians and the wonder of the people. It is a vegetable extract, the juice of the Mandrake flower, which acts wonderfully on the digestive system and restores the patient to his own strength.—The Dr has sold it ever since to the great relief of Dyspeptics with great success. Many persons think that the French Doctor confines his practice solely to Secret Diseases, but such is not the fact; any disease whatever will be treated and cured on written guarantee and for some time it disarmed with strict honesty—even those given up by Regular Doctors. Persons at a distance may consult the French Doctor by letter, and have the medicine sent to them. Advice gratis.

"CONFESSION."

I THE subscriber publicly confess that I have been afflicted with a Secret disease ever since 1823, I had thirteen eminent physicians whose names are recorded at the French Medical House; some of them abated the disease but it always returned worse than before, until it earthed away both inner or my throat and pierced the top of my palate. I also lost several bones of my nose and was almost blind of one eye, and my face was covered with an immense quantity of scabs, between which the skin was as red as scarlet, and I was thrown in a most deplorable condition, so much so that the learned professor S. pronounced me incurable. It was obvious to me then that a common death could not extract me from the jaws of death—for they all follow the same old routine with their train of mercury, mixture or pills! invented by ignorance and continued by cupidity, and do no good to any but the vendors. Seven persons recommended the French Doctor of the Medical House, 16 South FREDERICK St. as a scientific man and a rare genius in those complaints. I went to him and he pledged himself to cure me on written guaranty, and he furnished me with one from his house, as he generally does, with strangers, at no cure no pay. I did not hesitate at all on seeing so many likenesses of patients, who are living evidences of the many wonderful cures he has performed of almost every kind of disease. They he had my daguerreotype likeness and I took his medicine for about a year which completely cured me. He had then my other likeness taken, and I will see the second his offer. If this meets the eye of some wretched being in the grasp of death, as I was let him fly to this philanthropist, whose deep knowledge of the vital principles which animate and move the human frame, are known in both hemispheres, and I believe (from my very soul (and forgetful that I am so candid) that he exquisite genius, as new diseases may be formed

NO MERCURY OR COPAIVA

THERE are two ways to treat a Secret Disease; the first so much boasted of, is merely the temporary disappearance of the symptoms, by means of mercury or copaiva, and requires but a day or two, but it is very injurious indeed; the second way is to eradicate it out of the system, slowly, safely, and surely, without *Mercury or Copaiva*.

Sound in a day or two,
'Tis too good to be true.

Thirty odd years of experience in the scientific practice of curing Secret Diseases in Paris and America, have enabled the French Doctor of the French MEDICAL HOUSE, 16 south Frederick street, near Baltimore st. to eradicate the most virulent disease, no matter from what cause it may have originated, in a very short but reasonable time, without Mercury or Copaiva.—Very many of an impure nature, and Venereal will find an opportunity of a confidential application. Persons who have injured their Health by a certain practice and solitary vice, which brings impotency, will be restored to prime vigor. This is the only place in BALTIMORE where a sure cure can be had on written guaranty and no fee before, with strict honesty and terms moderate. The most respectable city reference will be given. Advice gratis.
