LATROBE'S JUSTICE.

LUCAS BROTHERS,
170 *Market Street,*
BALTIMORE, MD.

WILL PRESS & WILL PUBLISH ON MONDAY, AUG. 18, '56,
A NEW EDITION OF

Latrobe's Justices' Practice,

IN ONE VOLUME, 8vo., OF 624 PAGES.

PRINTED ON SUPERFINE PAPER, FROM NEW TYPE, AND BOUND IN LAW SHEEP.

PRICE $4.00.

THE last edition of this work was published in 1847. It had been long out of print. Since then there have been material alterations in the law, and the State has a new Constitution.—In the interval, imprisonment for debt has been abolished,—the Justices have had their jurisdiction enlarged. Attachments on judgment, attachment against absent and absconding defendants and replevin have been added to it. The laws relating to the colored population have been modified; the Chancery court has passed away and the stamp act repealed; married women have had new rights given them; and, though last, not least, the Legislature has adopted a system of pleading which proposes to supersede the old one. In no period of 10 years, since the publication of the first edition of Justices' Practice, have there been so many matters to be noticed. A large part of the work has been re-written; a more copious index than before accompanies it, and the acts of Assembly referred to in it some three hundred and fifty, are enumerated with a reference to the paragraphs relating to them. In every respect, it is believed, the work is improved as well as enlarged.

Early Orders are solicited as the work will be sent on Publication. [aug 9-4t

VALUABLE FARM FOR SALE.

THE undersigned offers his FARM, called *CASTLEHAVEN*, containing

317 ACRES OF LAND,

situated in Dorchester county, Maryland, on the Choptank river, 16 hours travel by steamboat from Baltimore, and within an hour's ride of the beautiful town of Cambridge. This Farm presents many advantages which are rarely met with, so advantageously imbined. The situation is healthy, the land high, easily drained, of good quality, and receptive of improvement. About 40 acres is loam land, particularly adapted to the growth of vegetables. Its close proximity to both the Baltimore and Cambridge markets, makes it more desirable both for gardening and farming.—The tract may be divided into two farms if desired, each of which will have good landings. Each farm has a water front, where lime, ashes, and manure of all kinds can be landed when needed. There is a large and valuable bed of marl, deposited in shell mold and sea ore upon the shores, all which are valuable manures. The river abounds in large oyster beds, the oysters from which are obtained with little labor. The fencing has nearly all been built within the last two years. There is a *Sufficiency of Timber* for the use of the farm and at least two thousand cords can be cut for market. There is also a large tract of young timber from which, in a few years, can be cut from 3 to 4 thousand cords of wood. The extensive shore which the farm presents and its being well adapted for the bedding of oysters, a large quantity having already been bedded, makes it a most desirable location for the oyster business. There is no place where that business can be more profitably carried on. Seed oysters are to be procured at the low price of 24 cents per bushel. As a place of residence or recreation few situations in the State surpass it, as it affords the finest fishing, bathing and shooting in the seasons. The improvements are good, consisting of a large and commodious DWELLING, substantially built of brick containing 15 rooms with a FRAME KITCHEN attached, comfortable Overseer's House, Barn, Stable, Corn Shed, Carriage-House, Work-Shop, Negro Quarters, Ice-House and Dairy, all in good order. There are several *Wells of Excellent Water*, one being within a few steps of the house.—The undersigned will sell the above property at a low price and on liberal terms. It will be offered at private sale till *4th of September*. If not sold then it will be offered at public sale at the Merchant's Exchange, Baltimore. For further information apply to the undersigned, Cambridge, Maryland, or to Jas. L. Bartol, Superior Court, Baltimore.

Beautiful Water Situation FOR SALE.

BY virtue of competent authority, the subscriber will sell at private sale, that small and beautiful tract of land in Hopkins' Neck, of Talbot County, near Royal Oak, called "Diamond Hill," formerly belonging to Robert Banning, deceased, and afterwards occupied and owned by Richard Frampton. This farm adjoins the lands of Andrew Orem, the heirs of Anthony Banning and those of Joshua Leonard, deceased, and contains *Eighty One and a half Acres of Land*, more or less.

It is beautifully situated on the waters of "Third Haven Creek," and has been much improved lately.

The Buildings are a small, comfortable *Dwelling*, and out houses in good condition. Further description is deemed unnecessary as persons desiring to purchase will no doubt inspect the property. The neighborhood is excellent and very healthy.

VALUABLE

Bayside Land for Sale.

WILL be sold at private sale, a Farm in Bay Hundred, Talbot County, Md. It contains **136 ACRES,** mostly arable, with sufficient WOOD for the use of the farm. It is one of the most delightful situations in the County, being immediately on Eastern Bay, and on the county road leading from St. Michaels to Tilghman's Island; also near a school house and church, and in an agreeable neighborhood. All the luxuries of the salt water can be had on its shores. The land is kind, and easily tilled and improved, and yields good crops of Wheat, Corn, &c. The whole farm is enclosed with a new Chestnut fence.—The improvements are a commodious new two story DWELLING, (now building) a very good *Dwelling* now occupied by the subscriber, with the necessary OUT-BUILDINGS. The attention of persons desiring salt water situations is respectfully invited to this farm.

Also, 131 ACRES OF WOOD LAND, divided from the above by the county road, heavily set in WOOD and TIMBER. This land is convenient to navigable water, and to a person wishing to cut wood and timber, offers great inducements.

The above lands will be sold at a bargain, either together or separately. For further particulars enquire of J. A. JOHNSON, at the Gazette Office, Easton, or of the subscriber on the premises.

CAMPBELL'S PURE ESSENCE OF JAMAICA GINGER.—Ginger is a grateful stimulant and carminative, and is often given in gout, Rheumatism, Dyspepsia, Cramp, Cholera Morbus, Cholic, Cholera, &c. &c. In Nervous and sick headache, sea sickness, nausea, imperfect digestion, or from nausea induced by riding in a carriage, &c. it will be found most agreeable to the stomach and palatable to the taste, and affording at the same time almost in all cases immediate relief.

To the Inebriate it is particularly serviceable; a very small quantity used instead of the usual stimulant, will give tone and vigor to the digestive organs, and impart strength to resist the temptation, and may therefore be considered an invaluable agent in reclaiming the drunkard.

The traveling public will also find it very efficacious in correcting the bad results arising from a change of water and diet, a few drops of which will give a glow and vigor to the stomach, equal to a wine glassfull of Brandy or other stimulant, without producing any of the injurious and overrating effects which are sure to result from the use of stimuli of any kind. It is also a superior article for flavoring jellies, preserves, cakes, and for other culinary uses, besides making a good beverage in hot weather. Prepared and for sale at the Drug and Chemical Store of

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give *Directions* for their use in the complaints which they have been found to cure.

FOR COSTIVENESS.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

FOR DYSPEPSIA, which is sometimes the cause of *Costiveness*, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the *heartburn, bodyburn*, and *sourburn* of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a FOUL STOMACH, or *Morbid Inaction of the Bowels*, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

FOR NERVOUSNESS, SICK HEADACHE, NAUSEA, *Pain in the Stomach, Back, or Side*, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

FOR SCROFULA, ERYSIPELAS, *and all Diseases of the Skin*, take the Pills freely and frequently, to keep the bowels open. The eruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

TO PURIFY THE BLOOD, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which now the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

LIVER COMPLAINT, JAUNDICE, *and all Bilious Affections*, arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhœa, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhœa, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATISM, GOUT, *and all Inflammatory Fevers*, are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principal of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

AS A DINNER PILL, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.
