"NO SUCH WORD AS FAIL."

A RESISTLESS REMEDY.

HOLLOWAY'S OINTMENT.

Circular to the Sick.

The first hospital surgeons and medical publicists of Europe, admit the unparalleled anti-inflamatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflamation and corruption which underlie the external evidences of disease, and neutralize the fiery elements which feed and exasperate the malady.

RHEUMATISM, SCROFULA, ERYSIPELAS.

These are among the most terrible and agonizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, antidote to pain and inflammation.

Salt Rheum, Fever Sores, Stiff Joints.

In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopœa have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews, is truly wonderful.

Discharging Ulcers.

A most remarkable and happy change is produced in the appearence of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material, and the ulcer radically cured.

A Word to Mothers.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

Significant Facts.

This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections and as the best possible remedy for wounds and bruises Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following cases:

Bunions	Rheumatism	Mercurial Eruptions
Burns	Salt Rheum	Sores of all kinds
Chapped hands	Skin-diseases	Sprains Scalds
Chilblains	Sore Legs	Swelled Glands
Piles	Sore throats	Wounds of all kinds.
Lumbago	Sore Heads	Venereal Sores
Fistula, Gout	Sore Breasts	Stiff Joints Ulcers
Scalds	Tetter	Ringworm.

***Sold at the Manufactories of Professor HOLLOWAY, 80 Maiden Lane, New York; and 244 Strand, London; & all respectable Druggists and Dealers in Medicines throughout the United States & the civilized world, in boxes 25 cents, 52½ cents and $1 each.

INHALATION IN CONSUMPTION.

BRONCHITIS, LARYNGITIS, and other Diseases of the Chest and Throat, successfully treated by the inhalation of Medicated Vapors and Powders, by absorption and constitutional treatment, as practiced at the Stuyvesant Medical Institute, New York City.

The unprecedented success which has attended this method of treating diseases of the Lungs and Throat, has induced us to depart from our usual course, and avail ourselves of the columns of the press, in order to bring it to the knowledge of such as may be laboring under, or predisposed to such affections. The dawn of a brighter day has at length arrived for the Consumptive; the doctrine of the incurability of consumption having at length passed away. We have indubitable proofs in our possession that *Consumption in all its stages can be cured!* in the first, *by transformation of the tubercule into chalky and calcareous concretions;* in the third, *by cicatrices, or scars.* Those versed to the opinions of the past may assert, that even now, Consumption is incurable; such are behind the age. To all, this great truth must be apparent viz: that the medicines inhaled in the form of Vapor or Powder directly into the Lungs, must be much more effective than that taken into the Stomach, where the disease does not exist. The advantage of Inhalation in Consumption and Throat Diseases is, that medicines in the form of Vapor are applied directly to the Lungs, where the disease exists; the stomach thus left free to aid in restoring health, by administering to it healthy life-giving food. *There is no case so helpless that Inhalation will not reach!* The means, too, are brought within the reach of all, the manner of administering the Vapors being so simple, that the invalid is never required to leave home, where the hand of friendship and affection tends so much to aid the physician's efforts.

The inhaling method is *soothing, safe and speedy,* and consists in the administration of medicine in such a manner that they are conveyed into the Lungs in the form of vapor, and produce their action at the seat of the disease. Its practical success is destined to revolutionize the opinions of the medical world; and *establish the entire curability of Consumption.*

I earnestly appeal to the common sense of all afflicted with Lung diseases, to embrace at once the advantage of Inhalation, and no longer apply medicine to the unoffending stomach. I claim for Inhalation a place amongst the priceless gifts that nature and art hath given us, that "our day may be long in the land," *and as the only ark of refuge* for the Consumptive; a method not only *rational, but simple and efficacious.*

Such of the profession that have adopted Inhalation have found it *efficacious in the highest degree, arresting the progress of the disease, and working wonders in many desperate cases;* in verity, a signal triumph of our Art over this fell destroyer of species.

NOTE.—Physicians wishing to make themselves acquainted with this practice, are informed that, our time being valuable, we can only reply, as to ingredients used, to such letters that contain a fee.

The fee in all cases of Pulmonary Affections will be $5.00, on receipt which the necessary medicines and instruments will be forwarded. The fee in other cases will be from $5 to $10. Applicants will state, age, sex, married or single, how long affected, if any hereditary diseases exists in the family, and symptoms generally. Let the name, town and State be plainly written. Postage for return answers must be enclosed. Letters when registered by the Postmaster, will be at our risk. All letters must be addressed to
