A BIOGRAPHY,

By William Elder.

IN announcing the life of DR. KANE, we are but anticipating the wishes of thousands and tens of thousands of the admirers of that great man.

Having been a personal friend of the deceased, and enjoying a large share of his confidence, Dr. Elder is well qualified to do justice to the subject.

This work will be issued in one handsome octavo volume, and will equal in every respect the superb volumes of "Arctic Explorations," recently published. It will contain a new full-face portrait, executed on steel, as well as engravings of his residence, tomb, medals, &c.

LIME.

To the Editor of the Annapolis Gazette:

WE deem it due to Mr. COULTER, of your place, to invite public attention to the very superior article of LIME now furnished by him. In doing so we feel that we are rendering a service to the Farmers, and especially to those of Anne Arundel county. We say without hesitation that, in our opinion, Mr. COULTER furnishes an article greatly superior to any thing of the kind we have ever used or seen. The Lime furnished by him is burnt with the best spruce pine and light wood, the ashes of which every Farmer knows the value of, in improving land. These mix with the Lime and add greatly to its fertilizing properties. Whereas the Lime obtained from Baltimore and elsewhere is burnt with the filthy coal offal, procured from yards, and of course inferior in quality and of much less value as a fertilizer than that furnished by Mr. COULTER.

Mr. Coulter must certainly possess some secret in manufacturing his Lime, for we have never seen any Lime where all the shells were so thoroughly burnt. He burns ten thousand bushels in ten days, and every shell is converted into Lime of the finest quality and as white as the driven snow.

Dr. James Higgins, State Agricultural Chemist, in Company with Col. Walton, visited Mr. Coulter's place of business a short time since, and pronounced his Lime the most beautiful article of the kind he had ever seen.

Mr. Coulter furnishes his Lime at Baltimore prices; and the Farmers of Anne Arundel county and others would do well to give him a call, if they wish to procure an article of superior quality

THE EASTON FOUNDRY

IN FULL BLAST.

THE Farmers of Talbot and adjoining counties are respectfully informed that my NEW FOUNDRY on the front street, at the lower end of the town, on the road leading to Trappe, in Easton, is now in full operation, where all kinds of casting for the farmers can be done at the shortest notice, and in the most satisfactory manner.

I have on hand, and intend keeping a full supply of the following articles:

Plows and Plow Castings of all kinds; Harrows, Cultivators, &c., which will be sold *below Baltimore prices for* CASH. As I have been at great expense to fit up a complete Foundry, I hope the farmers will give me a liberal patronage, and spend their money at home instead of sending it abroad. "RINE, DISH-WATER, SUDS.—Human urine is among the richest of manures. In every pint of it there are all the elements of a pound of wheat. This being the fact you should not hesitate to save it.

Your dish-water and suds should also be carefully saved. If you will have two hundred loads of marsh-mud, river mud, or wood's-mould, deposited in your barn-yard—and have the urine, dish-water, and soap-suds, deposited thereon, daily, as made, you might in three months have that number of loads of the most enriching manure. Have a hogshead on wheels placed near your kitchen, in which cause all the matters named to be poured therein, mix, say 2 lbs. of plaster in each hogshead full of liquor, and have these removed to the compost heap, and there will be neither bad smell, nor material loss of virtue.
