Strawberry Plants for Sale.

STRANDBERG'S CHAMPION STRAWBERRIES.

AFTER four years of careful selection and cultivation, with personal attention, I have produced the finest Strawberries in the country; some of them measuring 5 inches around, in fact they are all very large and of a superior flavor.—As an evidence of their superiority over all other Strawberries that was in the Baltimore market, when the best sold for 12½ cents per quart retail, Strandberg's Champion Strawberries sold readily for 50 cents wholesale, throughout the season; nor could he supply half the demands at that price.—They were also sent to New York and pronounced by Taylor, the best ever sent to New York market I offer my plants to the public, there is no humbug about them I refer to gentlemen who have seen my Strawberries, and some of them examined my beds, and ready to testify to the above as correct. Frederick Female Seminary,

FREDERICK CITY, MD.

The Scholastic duties of this Institution will be resumed on Tuesday, the 1st of September next.

The State of Maryland appropriated $50,000 for the founding of this School, with the intention that it should be in all respects a Seminary of the highest order—a school where the daughters of Maryland and other southern States could receive an education adapted to the advanced refinement and intelligence of the people and to the institutions of these States—which should be highly moral and religious in its Character, but not sectarian.

It is located in one of the most healthy and beautiful valleys in the State, and is accessible from all parts of the country by Railroad and Telegraph.—The extensive and superb buildings; the spacious halls, and professors rooms,—the commodious lodging rooms elegantly furnished and well ventilated—baths of the purest mountain water—extensive Chemical and Philosophical Apparatus and all other desirable educational convenience, a Faculty well known at home and abroad for refinement, professional skill and learned ability, are some of the evidences before the public that the Frederick Female Seminary is all that the Legislature contemplated when they made this appropriation, and twelve years of unprecedented prosperity have secured for it a high reputation at home and abroad.

There are ample grounds for exercise in the open air, and the whole of the basement, (which is above ground,) is fitted up for a Gymnasium for the Young Ladies to exercise in, during inclement weather. The new edifice just completed affords excellent accommodations for from 40 to 50 more Boarding Scholars. These improvements make it one of the most extensive and complete establishments in the U. S., and parents from a distance may rest assured that no effort will be spared to sustain the high reputation that the School already enjoys.

For Board and Tuition, including furnished Rooms, Lights, Fuel, Washing, etc., $200 per Scholastic year; payable half yearly in advance.

LIME.

To the Editor of the Annapolis Gazette:

WE deem it due to Mr. COULTER, of our place, to invite public attention to the very superior article of LIME now furnished by him. In doing so we feel that we are rendering a service to the Farmers, and especially to those of Anne Arundel county. We say without hesitation that, in our opinion, Mr. COULTER furnishes an article greatly superior to any thing of the kind we have ever used or seen. The Lime furnished by him is burnt with the best spruce pine and light wood, the ashes of which every Farmer knows the value of, in improving land. These mix with the Lime and add greatly to its fertilizing properties. Whereas the Lime obtained from Baltimore and elsewhere is burnt with the filthy coal offal, procured from yards, and of course inferior in quality and of much less value as a fertilizer than that furnished by Mr. COULTER.

Mr. Coulter must certainly possess some secret in manufacturing his Lime, for we have never seen any Lime where all the shells were so thoroughly burnt. He burns ten thousand bushels in ten days, and every shell is converted into Lime of the finest quality and as white as the driven snow.

Dr. James Higgins, State Agricultural Chemist, in Company with Col. Walton, visited Mr. Coulter's place of business a short time since, and pronounced his Lime the most beautiful article of the kind he had ever seen.

Mr. Coulter furnishes his Lime at Baltimore prices: and the Farmers of Anne Arundel county and others would do well to give him a call, if they wish to procure an article of superior quality
