a certain Mr Tho[s] Thomson a minister at present of Dorsett County
has made application to y[r] Excell[y] to be inducted into this Parish
ill created a great uneasiness in y[e] Inhabitants of y[e] parish in general
and w[ch] has given y[r] Excell[y] trouble of this desiring on y[e] behalf of
themselves & y[e] rest of y[e] parishioners, y[t] y[r] Excellcy would as well have
a tender regard to them of y[e] laity as of y[e] promotion of some of the
Clergy whose business of late has been more to gape after y[e] fleece
than any great Desire of Directing there flocks — of w[ch] y[r] Excell[y]
to acquaint y[r] Excell[y] that y[t] have been too late an Instance of
such unchristian practices — The Character of Mr Thomson (y[e]
Papist given of him be true) is so bad y[t] he is ridiculous even in
the Denomination of Layman but far worse of a Clergy man; whose
actions are publick marks for y[e] enemies of y[e] Church to point at and
it is an abjumpeon y[t] y[r] Excellcy might be unacquainted wth the
Gentlemans Credit y[t] they give the trouble of this Relation — the
bad life & Corrupt principles of there last minister they [illegible] have
been more than a little injurious to Religion in General & Especially
to there parish & Whole of y[e] parishioners not Caring to come to Divine
Service during his stay amongst them & some others (whose Love and
y[e] Church & now constantly attend y[e] Quakers Meetings & have sometimes
given there reasons for so doing & say there can be little Religion in
man that preaches ag[t] a sin on y[e] Sunday w[ch] he so often practices the
rest of y[e] week) y[r] Excellcy may perceive by this how unhappy
we have been by loosing some of y[e] members of y[e] Church for want of
a good Minister & they probably loose more if not prevented by y[r]
favour to recommend such one to reside among them as above mentioned
whose life & actions may keep up y[e] Character of a good Christian
Clergyman & may tend to y[e] support of the true [illegible] Protestant
Religion & y[e] glory of God — otherwise they beg y[r] Excell[y] favour

The following letter was then submitted
to the Vestry -

Gentlemen, The Bishop has commanded
me to inform you of his decision in the
case which you & the Revd Mr. Wilmer
submitted to him. He declares it to be the
duty of a Minister to reside with his congregation,
but thinks it unnecessary for the Vestry to
insist on any express Stipulation to that
effect: because the acceptance of a
Rectorship implies an obligation to perform
all the parochial duties, such as visiting
the sick, burying the dead, baptising Infants,
catechising Children, marrying Adults &c; and a
Minister can regularly perform
these duties no where else but in the bosom of
his flock, when a Minister accepts a
Rectorship, he virtually binds himself to
reside: and if he do not reside, he subjects
himself to ecclesiastical Censures. The Bishop
therefore recommends to the Vestry to enter
into an engagement with Mr. Wilmer in the
precise terms of the Contract which they
made with that Gentleman last autumn
& he entreats both parties to be faithful
to the Spirit of that engagement, & diligent
in the discharge of their respective duties.
With great esteem,
I am Gentlemen,
Yr. Hm. Obt. Humble Servt.

Dr Sir

I will officiate if providence permit in Shrewsbury Church on Sunday morning

the 28th inst at the usual hour of service and in the afternoon at the Chapel — Pleas to give notice to that effect — Our relations as Pastor and People shall then commence and I trust it will prove to both parties a source of mutual satisfaction and comfort

During my stay among you must work and the week after we shall have an opportunity to arrange matters

My furniture has not yet arrived from Hartford this is a difficulty in procuring conveyance as the waggons from the West are commonly loaded before they pass through that place — I hope it will be here however by the time I can remove my family hence — It is my desire if possible to go at once into Lower Keping but if this cannot be done we may I suppose find in some convenient & healthy location a house in which to board — It will be well for you to notify the Bishop of the election of a Rector

It must be done according to the form prescribed in the Book of Canons

Yours Very Faithfully
John Owen

To the Vestry of Shrewsbury Parish

Gentlemen

The early unexpected Result
of the communication addressed to you
on the 27 of June 1856 has been the partial
payment of the arrears to which I there
referred — There has been no increase
of Salary while a large proportion of your
needs for the last two years remains unpaid
The termination of the pastoral ties which has
bound us together for nearly fifteen years
was not to be undertaken rashly or for
light reasons, rather than ~~than~~ incur
this responsibility I have submitted for
patiently for
a long time to many privations and
embarrassments not unknown to some
of you, but duty at length requires I
should no longer endure this state of things
for so hath the Lord ordained that they
who preach the Gospel should live by
the Gospel" I therefore resign my charge
of the parish to take effect on or before
the 19th day of August next which will termi-
nate my parochial year — I have no place
in view but will trust that a kind
Providence will in due time make
the necessary provision and that you
will in the meanwhile secure the payment
of all that is due to me that I may
be able to leave in an honorable manner
I have been not a little discouraged

by the want of consistency and zeal
on the part of some members of your
body and the congregation while
I thank God for the peace and
quietness that have prevailed
among us and pray that this
blessing which only makes the neck for
time and eternity may be
amongst you and remain
with you always

at a meeting of the Vestry

Church held on monday afternoon last I submitted to them your proposal to give the Parish 1/4 acres of land for a Parsonage The following resolutions were immediately adopted with great unanimity

It gives me very great pleasure my dear Sir to be the medium of communicating to you the above resolutions — The value of the gift to the Parish is not to be estimated alone by its intrinsic value — The desperate condition of the Parish and the disarrangements under which it has laboured had almost bereft it of energy — The intelligence of your generous donation has already stirred us as a powerful stimulant and all seem ready in our communion once more to unite together promptly in order to express their gratitude for the gift

The cost of conveyancing &c you will I trust allow us to meet

It is proposed to build the Parsonage house in a line parallel with the Church building I trust you may live the pleasure of seeing the fruits of your generous kindness and when the house is erected we shall be only too well pleased to have yourself and family participate in it of the hospitality of the Parish

May God reward you a thousand fold

My kindest regard to Mrs Gemmell while I remain

Most respectfully
Your obt Svt
Wm D. Clark

The building committee upon the
Parsonage made the following
report which was accepted
by the Vestry ~~on the 5th day of~~
~~1858~~ The committee appointed
at a meeting of the Vestry of Shrews
bury Parish held on the 8 day of
May 1858 to make the necessary
arrangements for and to superintend
the erection of a Parsonage upon
the Church Lot respectfully report
that we immediately on this appoint
=ment they invited proposals from
Sundry builders for the erection
of a neat and substantial Cottage
of either brick or frame - The propo
=sals made were so far beyond
our calculation and the state of
the subscription list that we could
not entertain them - our attention
was then directed to the material
known as Sun dried brick
or sand brick and after examin
ing the material and hearing from
those who use it the most favora
able judgment of it - your Com
mittee entered into Contract with
Mr Isaac C. Davis of Crumpton
Queen Anns County to erect upon
the present Lot east of the Church
a house 36 feet front by 32 feet deep
with ell and two Stories and attic
The walls to be of the Sun dried brick
for the sum of two thousand dollars
the said Davis to furnish all the
material and the labour of the
same and provide the board

all his employees during the progress of the work — the contract called for the house to be built rough cast plastered painted and papered and to be delivered into our hands completed ready for occupancy on or before the 1st day January 1859 The model for the building was the parsonage of St Johns Church Middletown Delaware for the faithful performance of this contract Mr Davis gave his bond for 3000$

The work was begun on the 23 day of June and a vein of excellent sand gravel was found which proved perfectly suitable and furnished sufficient material for the manufacture of the brick for the mortar rough casting & plastering The building has been delivered into our hands by the Contractor within the time specified in the contract and has been declared by him completed according to contract — The amount agreed to be paid Mr Davis was 2000$ the particulars of which agreement may be seen by the contract On the 23 of July the foundation being then ready for the girders the Committee paid Mr Davis 500$ and on the the house being then under roof they paid him 500$ more the balance which we agreed to pay Mr Davis within thirty days of the completion of the house was one thousand dollars — In the progress of the building the Contractor proposed an alteration as an improvement of one half story instead of an attic at an additional cost of 75$ The Chairman of the Comm in the absence of his colleagues after some deliberation gave directions accordingly No contract was made with regard to the Porch and garden

houses but as such structures are necessary and as the Building was upon the ground the Chairman of the Committee assumed the responsibility of ordering this alteration

The house was delivered into our hands on the morning of the 31st of December and is declared by Mr Davis to be completed and finished according to agreement

The Building are as competent as the committee to determine whether the house is completed according to the contract but as the building Committee have so nearly fulfilled the trust reposed in them you will naturally look for our views upon the subject — Been the house completed in all respects according to our contract with Mr Davis your Committee would have no fault to find with it — It would then have been a better house than the one chosen as the model and for the same sum specified which would have been extraordinarily cheap but there are a few matters to which we feel due to you to call your attention and to which to invite your action Mr Davis says the house is perfect and complete according to our agreement with him The delay in plastering the house and the exposure of the whole house to the weather without adequate protection from its changes caused the frost to injure the inside plastering of the lower story so seriously that besides the crumbling of the mortar from the walls portions of the ceiling of the two front rooms gave way after the house was

nearly ready for occupancy
The Chairman of the Committee
addressed a letter to Mr. Lind
the plasterer to enquire the cause
His answer herewith submitted is
that the mortar was frozen when
he put it on and that he informed
Mr. Davis if the gate orders
Mr. Davis sent to Mr. Davis not to put
up the paper on the walls
Mr. Davis says the order was not
read by him and the paper
has been placed on the walls
parts of which were crumbling
to sand under the action of
the frost - In addition to this
Mr. Davis has proposed the two
deputation ceilings having first
plastered the bottom parts
2 The roofing has been found
defective and it was feared would
give the occupant considerable
annoyance Mr. Davis agrees
as that this defect shall be remedied
forthwith
3 The same remark applies
to the defective papering of the
water from the verandahs
Mr. Davis promises the immediate remedy
of this Board's attention is
added to this matter the Surveyor
in any way visit to the house
from the defective draining
of the verandahs
4 Breaks in the rough casting
which affect the appearance
and may affect the durability of the house have not
been repaired
5 Your attention is also asked
to the unclean blends a shutters
which Mr. Davis has promised
perfect - For these reasons but
especially the first to wit -

the condition of the plastering
on the first story your committee
do not consider the house
as finished according to
contract - We have grounds
for fear that the whole of the
plastering in the lower story
will have to be taken down
and removed in the Spring
Your committee would also
ask your consideration of some
few points which have suggested
upon our minds
1 It is the opinion of your
Committee that the Surveyor should
be entitled by Mr. Davis for
the ~~amount~~ sand and gravel
excavated from the foundation
though the amount with which
Mr. Davis should be charged
we do not express ourselves to determine
for the Surveyor - we at least
think that the amount
of sand it should be
considered as full and adequate
equivalent for the additional
half story the two out houses
and any other after work
upon the building accordingly recommend that
you take action in the matter
in accordance with this
decision
2 The sand being excavated
have of course a share
in all the bricks made upon
the ground a considerable
number of the bricks
remaining after the walls
were up have been removed
without our permission or authority
besides one hundred loaned through
Mr. Rees and Mr. Davis to Mr. Brown
Colchester - The amount could with the
words of a contradiction be

in think that the Vestry should
ask of Mr Davis a statement
of the amt and how it was made
he credited with it

2nd It is also a question for the
vestry to decide whether the
postponement of more work
than was called for by the contract
does not entitle your body to a
credit on account of the extra
number used

3rd Struck out by the order of the Vestry
Your committee do not feel called
upon to censure Mr Davis they on
hearing but express their regret
that with the fairest opportunity of
completing
the house without a flaw in defect
it should from any cause have
been handed to us with the defects
we have mentioned — The replacing
of the loose stays in the spring
must necessarily impose considerable
inconvenience upon the Rector
and his family — but considering the
general character of the work
and the excellence of the boards
as such we submit the following
recommendations viz —

1st That the vestry decline that the
house be not formally received
though it may now be occupied
until the defects alluded to above
shall have been repaired

2nd That five hundred dollars be
paid to Mr Davis as early this
month as practicable

3rd That the vestry order the retention
of five hundred dollars in their hands
to await the completion of the contract
and to indemnify them for any
expenditure they may incur in
securing its completion should
Mr Davis not undertake it
That in making the arrangement with Mr
Davis he be debited with the sum
to which we have assented by
settlement

In conclusion your committee
would remind you body that
the whole amount of Dees subscription
not been subscribed — four hundred
dollars yet remains to be procured
we suggest that the effort be made
by the holders of subscriptions
papers to obtain additional
subscriptions and that whatever
balance may remain to be
raised that on all expenses
it may constitute

We congratulate you body
and our united constituency
on the possession of a parsonage
at once beautiful substantial
and convenient with the after
blessings known before stated and
we feel that gratitude is due
to God for His gracious
assistance to us in the work

In furtherance of this enterprise, Mr. George Lanagan gave three acres of land. The chapel built of wood of the dimensions 42 x 26 feet was erected at a place called in the record near "Puddling Branch".

About fifty years subsequent to this time - this frame chapel gave place to a new one of brick - In 1791 the Rev. Samuel Keene, the son of Dr. Samuel Keene being then the Rector of Shrewsbury - with James Peace and Edward Freeman - (Ex B. Sup III : 281) are appointed a Committee to advertize in the Wilmington paper for workmen for building the new Chapel
