* Thos. Armstrong died Saturday, November 14, 1868, after a short illness, in the 79th year of his age. For more than half a century a Methodist, he sustained an irreproachable character in the Church & community. Filling various offices of responsibility in the church, he was always found faithful. A man of great simplicity, uniformity, & strength of character & life. A warm friend of Meth. Preachers, at whose house they were always welcome. Blessed with prosperity in business, he accounted himself a steward of the Lord, & gave liberally to all demands that commended themselves to his judgment & conscience. His end was peace. A long life of Christian devotion terminated in a triumphant death. The city station has lost one of its strong men, — Methodism in Balt. another of the few who represent the fathers of our glorious system. God be with those into whose hands so solemn a trust is committed.

ALPHABETICAL RECORD

OF

MEMBERS IN FULL CONNECTION.

EXPLANATIONS AND DIRECTIONS.

This Record is intended to embrace the names of all persons now in Full Connection with the Church, or that may hereafter be admitted by Certificate or examination; the same to be entered in an inverted order (that is, the last or surname first) under their appropriate letters, with *State in Life, Time of Reception, Manner of Reception,* (whether *by Certificate, without a Certificate* from some Evangelical Church, or *by examination* from Probation,) the *Name of the Pastor* receiving them, and the *Number of the Class Joined.* This List *not* to be rewritten while this Record lasts. Any changes occurring at any future time in the State in Life should be noted in the columns under that head. So also changes in class should be noted under the head of "*No. of Class,*" the last number always indicating present class relationship. Under the head of "Remarks" should be entered a note of *Deaths, Withdrawals, Expulsions,* or *Removals,* either with or without a certificate. In the case of Removals without a Certificate the Record should be made in pencil, so that if the parties return and claim their membership they can be reinstated by simply removing the record, without either rewriting or defacing the book. When a name ceases to represent a member in that particular Church, the fact can be indicated by placing a check mark (thus ✓) in red ink before it. This will save the trouble of always looking across the page for the proper record of the fact.
