THE SENTINEL.

BENJAMIN F. WADDY,

Georgetown, D. C. is our authorized Agent for receiving subscriptions and advertisements.

(Reported for the Baltimore Sun.)

MARYLAND LEGISLATURE.

ANNAPOLIS, Feb. 24, 1860.

SENATE.—After my letter closed to-day, the bill in relation to tobacco inspections in Baltimore was postponed.

The vote on the Chesapeake and Ohio Canal bill was reconsidered, and said bill made the order of the day for Monday.

HOUSE OF DELEGATES.—When the cars left to-day, the bill of Mr. Jacobs was under consideration relative to the colored population, the manumission of slaves, prohibiting negro assemblages, the immigration of free negroes, their having guns, punishing the teaching of negroes, for the sale and hiring of free negroes, &c. Both Messrs. Burgess and Holland withdrew the substitutes which had been proposed by them respectively. Mr. Dennis' substitute bill then remained before the House with Mr. Jacobs', and the balance of the sitting was spent in the consideration of the subject.

Bill Passed.—The bill to amend the 12th section of article 38 of the code of public general laws, relating to the fees of officers, was, after amendment, passed, with a provision that it take effect at once.

ANNAPOLIS, Feb. 25, 1860.

SENATE.—Mr. Duvall reported in favor of the claim to pay the heirs of Colonel Fitzhugh $16,000, and reported a bill to that effect.

HOUSE OF DELEGATES.—Mr. Goldsborough, chairman of the committee on corporations, reported favorably on the following bill: To amend the charter of the Metropolitan Railroad Company.

Bill Passed.—Requiring that potatoes shall hereafter be sold in this State by weight, at the rate of 56 pounds to the bushel, under a penalty of $10.

ANNAPOLIS, Feb. 27, 1860.

SENATE.—I omitted in my Senate report of Saturday to state that, on motion of Mr. Miles, a committee was appointed, on the part of the Senate, to confer with the committee of the House of Delegates, to consider the South Carolina resolutions.

The President presented a communication from the President of the Chesapeake and Ohio Canal Company, stating that it was impossible to give the names of the present ship and stockholders of the company, as there is no record of transfers kept in their office.

The bill authorising the Governor and Adjutant General to purchase arms to the amount of $70,000 for the use of the State, was read a second and third time, by special order, and passed.

Mr. Duvall presented the petition for the opening of a road in Montgomery and Howard counties.

The act relative to the Chesapeake and Ohio Canal Company, which had been reconsidered, was postponed and made the order of the day for Wednesday, at 12 o'clock.

Mr. Yellott had leave to introduce a bill to be entitled, "An act to provide for taking the sense of the people upon the expediency of calling a convention to frame a new constitution and form of government for this State, and to provide for the election of delegates to said convention." It was referred to the committee on the constitution.

HOUSE OF DELEGATES.—The speaker presented a communication from the board of managers of the Maryland Colonization Society, which was referred to the committee on colored population.

Orders Presented.—By Mr. Burgess, that the committee of ways and means be requested to report a bill providing for the re-assessment of the real and personal property of this State; adopted.—By Mr. Beall, that the House meet daily hereafter (Saturday excepted) at 10 o'clock and sit until 2 o'clock, and from 3½ o'clock to 6 o'clock, P. M., and meet again at 7½ o'clock; that none but local bills shall be considered after 3½ o'clock; the order not to impair the right of a member to move an adjournment; adopted.

THE CONTESTED ELECTIONS.

Mr. Freaner, chairman of the committee on elections, made a report in the case of the Baltimore Delegates.

Mr. Preaner also made a report in the case of the clerk of the Baltimore city Circuit Court.

Bill Reported.—By Mr. Harding, for the relief of John Hardesty, a free negro.

The House adjourned at 3½, P. M.

THE RIO GRANDE TROUBLES.—The Commissioners appointed by Gov. Houston to investigate the condition of affairs on the Rio Grande, have finished their labors. The Galveston *News* says that they take the ground that a state of war actually exists on the South-western frontier; that it is not merely a private war, instigated by motives of rapine or revenge, and consisting of predatory incursions for transient purposes, but that it partakes essentially of the character of a national contest, and the absence of a formal declaration of hostilities does not by any means weaken the position.—Prompted, no doubt, by the report of this Commission, Gov. Houston has written a letter to Washington, demanding to know if the Government intends taking any action toward Mexico, and intimating broadly if not, that he will assume the responsibility on behalf of Texas.

THE NATIONAL REVENUE.—The revenue for the six months ending the 31st of December exceeds, by $4,238,000, the same period last year. The increase at New York for January and February authorizes the belief that Secretary Cobb's estimate of $56,000,000 for the present fiscal year will be fully sustained, and perhaps exceeded, if the imports continue to crowd in as recently.

☞ The hog cholera is still slaughtering thousands in the northern part of Kentucky.

NOTICE.

THE COMMISSIONERS for Montgomery county will meet at the Court-House, in Rockville,

On MONDAY, the 5th of March next,

and continue in session one week, for the purpose of hearing appeals in relation to, and noting transfers of, the assessed property in said county, agreeably to the acts of the General Assembly of Maryland.

Executors and Administrators neglecting to comply with the law, will be charged with the taxes for the year 1859.

U. FORREST, Cl'k to Com'rs.

☞ Persons making application for transfers of property, will be required to comply with the following section of the Act of December session, eighteen hundred and forty-seven, chapter two hundred and sixty-six, entitled "A supplement to the act entitled 'An Act for the General Valuation and Assessment of Property in this State,' passed at March session, eighteen hundred and forty-one, chapter twenty-three:"

"SECTION 15. *And be it enacted*, That whenever any person shall make application to the Levy Courts, Commissioners, or Appeal Tax Courts, as the case may be, to make him or her an allowance or deduction on account of the sale, transfer, alienation, loss, destruction, or removal of any property, or the collection or payment of any public debt or private security for money, it shall be the duty of said Levy Courts, Commissioners, or Appeal Tax Courts, to interrogate such persons, on oath, in reference to the said property or security and disposal of the same, and especially to require him or her, by whom the said property has been sold or transferred, the amount of the purchase money, or the money collected and paid, and how the same has been invested; and it shall also be the duty of said Levy Courts, Commissioners or Appeal Tax Courts, to interrogate the said person, on oath, in reference to any acquisitions or investments made by the said person and not already assessed, and the amount of all such acquisitions and investments, in whatever description of security, shall be added to the assessable property of the person so applying and charged accordingly; and if the said person refuse to answer the interrogatories proposed as aforesaid, no deduction shall be made on his or her assessment.

Martenet & Bond's MAP Of Montgomery County, Md.

FROM ACTUAL SURVEYS, by ISAAC BOND, of Sandy Spring, Montgomery Co., Md.

S. J. MARTENET, Publisher, No 6 South St., Baltimore, Md.

In accordance with articles of agreement between the aforesaid parties, the subscriber will proceed with canvassing the subscribers for said Map, at the earliest time consistent with his other interests.

He has met with excellent success so far, and he trusts to meet every where, not only with a characteristic old Montgomery welcome, but with encouragement in this enterprise that will reflect credit upon the intelligence and liberality of his fellow-citizens; for he will come fully prepared to show the superiority of such a map over all others in practical usefulness, appropriateness as an ornament, and in contributing to the public good.

He would, therefore, respectfully but earnestly ask all to wait till he comes, before purchasing or subscribing for any other map that may offer, unless they are determined to have both.

He will bring testimonials from B. HARTSHORNE, W. H. FARQUHAR, GEO. W. DAWSON, and many others, for the information of those not already acquainted with

ISAAC BOND, Surveyor
and Publisher of Map of Fred'k Co., Md.

AGRICULTURAL Implements and Machinery, SEEDS, &c. For the Spring of 1860.

THE subscriber, having just returned from his tour through the New England States, where he is engaged extensively in the manufacture of agricultural Implements and Machinery, would call the attention of Farmers and Dealers in agricultural Implements to his facilities for furnishing them with all articles in that line.

At the North (where I have just returned) I have made arrangements that will enable me to furnish all goods in my line

AT PRICES BEYOND COMPETITION!

CHEAPER than any House South of New York.

Through the representations and experience of many intelligent farmers I am introducing in this part of the country several new and important features in Farming Implements and Machinery, a number of new and important improvements on machinery now in use.

I enumerate in part, Implements and Machinery for this season, as follows:

Plows, &c.

A LARGE STOCK of PLOWS, particularly Minor's Patent Cast Steel Plow, with wrought Shares, improved Harrows.

WHEAT FANS, with the improved Screen, Rollers, Horse Hoes, Corn and Cob Crushers, Hand Straw Cutters, Rockaway Horse Rakes, Iron Pitchforks, Horse Rakes, Hoes, Shovels, &c., all of which I can deliver at any depot from any river or city in the country.

In fact, every other Machine and Implement used in the agricultural profession.

New Flour & Grist Mill.

that will grind one barrel of flour per hour, or ten bushels of corn per hour, and all run with the power of two or four horses.

☞ All Machinery purchased of me and warranted to be as represented, or may be returned at my warehouse.

Being thoroughly conversant with all the various branches of agricultural machinery, I can give practical information upon the best manner of using it. It is the interest of the farming community to purchase their machines from me, as it is impossible to do justice to farming machinery without a practical knowledge of its use; and when it is put up in an improper manner, as often occurs, in the shipment of machinery, that some of the important parts get out of order, and when observed, they are set down as defects in the machine, when, if properly put together, the machine would be found perfect and capable of doing all that is claimed for it, and even more than is claimed for it by the inventor.

Farmers, in all cases, will find it their interest to see the machine in operation before purchasing, as I will prove its merits to be what I represent them.

Bone Dust!

Having purchased the Bone Dust Mill on Rock Creek, near Fletcher's Upper Bridge, I am prepared to offer BONE DUST by the barrel, or in any quantity, to the farmers of Montgomery and the District of Columbia.

Guanos! Guanos!!

Peruvian, Californian, and Sombrero Manufactured Guano, for sale by the undersigned, and all other Fertilizers constantly on hand, and for sale on the most favorable terms.

Seeds! Seeds!! Seeds!!!

Orchard Grass and Timothy Seeds, and all other Varieties of Grass Seeds.

ALSO—The subscriber has received English, French and American GARDEN SEEDS, and offers them for sale in season.

Being thankful for the liberal patronage of the farming community for their past favors, I hope to merit a continuance of the same.

SOLUBLE AMMONIATED PHOSPHATIC GUANO.

MADE OF GUANOS OF OUR OWN DIRECT IMPORTATION, and under the personal supervision and direction of Dr. R. H. Stearns, Chemist, of the city.

The Fertilizer we confidently recommend, as the most permanent and concentrated article offered to the public. It is composed of No. 1 Peruvian and Sombrero Guanos, and is sold on direct importation. *WE WARRANT IT IN EVERY RESPECT.* The Sombrero Guano has before been considered unsuitable for a fertilizer, for the reason of its phosphoric acid. This has been obviated by the process used by us, which has proved to be the most economical and valuable application of Sombrero Guano ever offered to the Agricultural community. Wholesale at the factory, Alexandria, Va., and in quantities to suit purchasers, at the following prices, respectively, for cash, or satisfactory indorsed notes:

PRICE $40 per ton of 2000 lbs.
