LIME.

To the Editor of the Annapolis Gazette:

WE deem it due to Mr. COULTER, of your place, to invite public attention to the very superior article of LIME now furnished by him. In doing so we feel that we are rendering a service to the Farmers, and especially to those of Anne Arundel county. We say without hesitation that, in our opinion, Mr COULTER furnishes an article greatly superior to any thing of the kind we have ever used or seen. The Lime furnished by him is burnt with the best spruce pine and light wood, the ashes of which every Farmer knows the value of, in improving land. These mix with the Lime and add greatly to its fertilizing properties. Whereas the Lime obtained from Baltimore and elsewhere is burnt with the filthy coal offal, procured from yards, and of course inferior in quality and of much less value as a fertilizer than that furnished by Mr. COULTER.

Mr. Coulter must certainly possess some secret in manufacturing his Lime, for we have never seen any Lime where all the shells were so thoroughly burnt. He burns ten thousand bushels in ten days, and every shell is converted into Lime of the finest quality and as white as the driven snow.

Dr. James Higgins, State Agricultural Chemist, in Company with Col. Walton, visited Mr. Coulter's place of business a short time since, and pronounced his Lime the most beautiful article of the kind he had ever seen.

Mr. Coulter furnishes his Lime at Baltimore prices: and the Farmers of Anne Arundel county and others would do well to give him a call, if they wish to procure an article of superior quality

Every family should read at least one newspaper from New York city, without interfering with their Local Papers, which of course cannot, and should not, be dispensed with. But New York being the great commercial and business centre of this Continent, no farmer, mechanic, professional man, or merchant, is properly prepared for the emergencies of his calling, unless he is in communication with New York City, by means of one of its first class Newspaper mediums. Such a medium is our "LEDGER," neutral in politics, but giving all the facts, items of news, and thrilling incidents worth knowing throughout the country.
