Description

Located on the corner of Mt. Briar Road and South Main Street, this house is a two story, three bay common bond brick L-shaped structure. Windows have six over six sash within narrow frames beneath wide wood lintels and flanked by pairs of louvered shutters. The entrance is located in the center bay of the front elevation and includes a transom over the door. Another entrance is located on the Mt. Briar Road facade in the rear wing of the building. The roofing material is standing seam sheet metal.

This property was owned by James Jones in 1877 and although it is not recorded on the Atlas, he is said to have kept a blacksmith's shop here.

This is one of Keedysville's older brick houses. It, however, does not appear on the 1867 Military Atlas map which is based a county map of 1859.
