MILL NOTICE.

I HEREBY tender my thanks to the public for the liberal patronage heretofore extended—and hope by strict and prompt attention to business to merit a continuance of the same, both with Grist and Saw departments. My mode of grinding is, to weigh all wheat where as much as 5 bushels is sent, (and Corn also if requested) and send back in writing the weight of both wheat and flour, when persons do not come themselves. Farmers and merchants will find it to their advantage to have their grain ground up instead of shipping all they have to Baltimore, and then send back for their flour, pay freights, commission, storage, &c. "A word or to the wise is sufficient." For every 54 bush. of good wheat weighing 60 lbs. to the bushel or over, I will not allow to leave the mill with less than a barrel full of flour and packed; and for quality, the Easton Steam Mill stands probably unsurpassed by any mill on the shore.
