RAIL ROAD NOTICE.

I AM instructed by the Board of Directors of the Md. and Del. R. R. Co., to notify the stockholders and all interested in the completion of the work, that six miles of said road has been adjusted, and now, is in running order; that iron has been purchased and paid for by the Contractor, and is, together with a large amount of ties, being transported on the line of the road, and the work is in active progress. In view of these facts I am directed to urge all delinquent stockholders to come forward and pay their subscriptions, and to solicit new subscriptions of stock. Now is the time when every friend of the road should render all the aid in his power. The present contract is one more favorable for the company, and the earlier completion of the road, than could have been looked for under the circumstances, and it will require but little aid to connect the waters of the Chesapeake with the Delaware. Rail Road; when the whistle of the iron horse and the welcome sound of the cars may be heard as the messengers, that our enterprise has been accomplished, and with it the prosperity of our section of country commenced.
