Justification for decision: (Use continuation sheet if necessary and attach map)

The Williams residence, located at 519 Lincoln, Salisbury, Wicomico County, MD is not located in an historic district nor is it considered eligible for individual listing on the National Register of Historic Places.

The Williams House (Williams I) is a 2-1/2 story colonial revival style house with a rear center ell built 1890-1930. The frame structure sits upon a brick base and is covered with a gable roof. All of the sash windows are 1 over 1 and there are two modern strip windows in the rear ell of the building. A center porch with gable roof protrudes from the southern facade. There are two one-story additions on the western side of the house.

The dwelling is typical of the domestic architecture of the period and lacks the architectural distinctiveness to qualify for listing on the National Register of Historic Places under Criterion C. The property is not known to have any associations with persons or events significant to our past and is thus not eligible under Criteria A or B.

Documentation on the property is presented in: Review and Compliance Files
