☞ THE statement we gave last week in reference to the attempted rape in Chapel District, being hurriedly penned the circumstances in the case were not as fully given as was stated in a card from Mr. Wm. B. Yeo, in the Star on Tuesday last. We cheerfully publish the card:

To the Editor of the Easton Star:

FRIEND:—As the Editor of the Easton Gazette was partly in error in regard to the facts in the assault on my niece, thee will confer a favor by publishing the following:

The man, Charles Hughes, was cutting wood in the woods through which she had to pass in going to school. When she had passed him some distance, she heard some one running after her, and on looking back saw Hughes running after her, but looking in the woods as if he was looking for something. She left the road and started toward the field for him to pass by, but instead of passing, he came up to her and struck her three or four times with his fist about the head, knocking her down. He then took from his pocket a knife and opened it, when she said, 'now you are going to cut my throat; I never done you any harm, why do you wish to kill me?' He then said he would not kill her, and put up his knife, and seized her by the throat and dragged her some distance through the woods. Hearing some one calling him, he released his hold on her throat, and then pointed to the road, saying, "there is the main road; go back to the corner, and I will come there and help you find your books; don't tell any one,"—and started in the direction from whence the call proceeded. She went to the road and ran home as fast as she could.

Respectfully thy friend,

WM. B. YEO.

12th Mo., 3d. 1870;

Hughes is still at large.

ADMITTED TO THE BAR.—Saml. T. Hopkins, Esq, was admitted to the bar, as an attorney, at the sitting of the Court of Talbot county, on Monday last. Mr. Hopkins has been conversant with the law for a number of years, but during the past three years has gone through a regular course of reading; preparatory to being admitted and we have no doubt will become an able member of the bar. His capacity for transacting business is extensively known and we bespeak for him a liberal share of encouragement.

☞ PURSER JNO. N. HAMBLETON, died at "Perry Cabin," his residence, near St. Michaels, on Monday night last, about 10½ o'clock. Mr. Hambleton was Paymaster in the U. S. Navy, which position he held for many years—never faltering in the time of need. During the rebellion he held fast to the flag that had always protected him, both on land and on sea, and died a true patriot. He was in the 73d year of his age and throughout his life was beloved by his neighbors and acquaintances. In his death Talbot county has lost another valuable citizen.

A SERIOUS DIFFICULTY.—On Tuesday night last, a difficulty arose between several parties in Easton, which ended in James Willis being severely, but not dangerously stabbed, and — Collins getting his head badly gashed with a stick. R. T. Elliott was charged with the stabbing of Willis and on Wednesday gave himself up, when he was held to $400 bail by Esquire Stewart. John E. Martin was charged with inflicting the wounds on Collin's head; but on having a hearing before Esquire Stewart, it was proven that he did it in self-defense and was discharged. Willis was taken to the Talbot House, and Drs. Anderson, Willson and Chamberlaine were called in to render medical aid, when they found him stabbed in five places. He had sufficiently recovered on Thursday to be removed to his own home—several miles in the country. Collin's wounds we learn, are yet quite bad.

THE NEW YORK OBSERVER.—We invite the attention of our readers to the advertisement in another column, headed "A Valuable Book." This book will be given as a premium to every subscriber to the Observer—which paper claims to be the means of communication among all the evangelical churches throughout the world and a complete digest of the religious news throughout the country. Owing to its double form, it also has a large space to devote to all useful subjects—such as agriculture, the affairs of the Nation, &c., at $3 per annum.

The premium book will contain an explanation of the Cycles of Time, a civil and commercial department, embracing the United States, and all the governmental affairs; the Governments of the World, educational department, legal department, and in fact it will be an embodiment of useful information. All this and an extraordinary family paper for $3.

Trappe Items.

On Tuesday afternoon last, as Dr. Hardcastle was driving by the school house, where the children were at play, a little daughter of Wm. Mullikin ran against his carriage wheel and was knocked down. The Doctor immediately stopped, took her up and carried her into a neighbor's house where he examined her injuries. The Doctor fears she is seriously injured, being bruised considerably about the head and arm, though no bones are broken.

Hog killing is about over, the heaviest hog killed in Trappe weighing 431 lbs., owned by Mr. Hennisee. The next weighing 400 lbs—sixteen months old, belonging to J. C. Mullikin.

Mr. Phil. Lloyd, of Baltimore, will move over to his farm adjoining Trappe, this month.

The M. E. Sabbath School intends giving an exhibition (in the Church,) on the evening of the 26th of this month.

"THE UNIVERSAL AYER."—On my journeys over the continent—through Turkey, India, China, Japan, Peru, Chili, Paraguay, Brazil, and Mexico, and the United States—in them all to some extent and in some to a great extent, I have found the universal Ayer represented by his family medicines, which are often held in fabulous esteem. Whether they win their marvalous reputation by their cures, I know not, but I know they have it such a degree that it frequently gave me importance to have come from the same country. (Field's letters from abroad.

TO CURE A COUGH, to relieve all irritations of the throat, to restore perfect soundness and health to the most delicate organizations of the human frame—the Lungs—use *Dr. Wistar's Balsam of Wild Cherry*, which is still prepared with the same care in the selection and compounding of its various ingredients as when it was introduced to the public by Dr. Wistar over forty years since.

☞ PROF. TURNER, of Philadelphia gave lectures and experiments in Chemistry, Electricity and Natural Philosophy, at the Odd-Fellows' Hall, in Easton, on Thursday and Friday nights last. His experiments were highly instructive and some of them very amusing. The last part, composed of "the magic cup, or, take a drink," "a patent engagement, or getting married by magnetism," "no you don't, or magnetic kiss," &c., brought fourth roars of laughter.

☞ LAST week we stated that the Steamboat Company was fitting up a suitable room for passengers, freight house, &c, In this we were in error.—Mr. Robt. B. Dixon, to whom the property belongs, is doing it at his own expense. Mr. Dixon is one of the most stirring and enterprising men in the community.

LARGE HOG.—Mr. Wm. Cole, butchered and brought to Easton, one day this week, a hog which weighed 517 pounds. There was considerable speculation as to the weight of it and quite a crowd gathered around when it was put upon the scales.

☞ THE lecture room of the Methodist Protestant Church having been completed, the congregation of that Church have been worpishing in it for several weeks and will continue to do so until the upper part of the Church is completed—which will be during the coming month.

PORK.—The past week has been a week of hog slaughtering, both in the town and country Quite a large quantity of pork has been in market and held at $9.50 to $10 per hundred.

The Magic Comb will change any colored hair or beard to a permanent black or brown It contains no poison. Any one can use it. One sent by mail for $1. Address MAGIC COMB CO., Springfield, Mass. aug 20-3m

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption:

Probably never before in the whole history of medicine, has any thing won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonory complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and public speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c. and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As it names implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in no wise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or traveling through miasmatic localities, will be protected by taking the AGUECURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass. and sold all around the world. Price $1.00 per bottle. (nov 12 3m
