A LECTURE on the Nature, Treatment and Radical cure of Seminal Weakness or Spermatorrhoea, induced by self abuse, Involuntary Emissions, Impotency, Nervous Debility, and Impediments to Marriage generally; Consumption, Epilepsy, and Fits; Mental and Phisical Incapacity, &c.—By ROB. J. CULVERWELL, M. D., author of the "Green Book," &c.

The World-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of Self-Abuse may be effectly removed without medicine, and without dangerous surgical operations, bougies, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every suffer, no matter what his condition may be, may cure himself cheaply, privately and radically. This lecture will prove a boon to thousands and thousands.

Sent under seal, in a plain envelope to any address, on receipt of six cents; or two postage stamps, by addressing the publishers.

TILE! TILE!

FARMERS, if you would improve your farms, and make good crops, without the expense of buying fertilizer for every season, TILE your land, especially your low springy and. It is impossible to make good crops, or to improve land without thorough drainage. This is the season for putting in tile. Every farmer should try a few acres. The expense is trifling in comparison with the advantage gained. Try it.

COOPER & WHITE, EASTON,
Have on hand a large supply of egg shape TILE from 2 to 7 inches, neat, which they are offering cheap.

They also have on hand half a million common and pressed handmade BRICK, which they are selling at the lowest market prices.

Trustee's Sale
OF VALUABLE
REAL ESTATE
in Trappe District, Talbot County, Md.

BY virtue of a decree of the Circuit Court for Talbot county, sitting in equity, the undersigned, as Trustee, will offer at public sale, in front of the Court House, in the town of Easton, on

Tuesday, 10th of Oct. next

between the hours of 2 and 4 o'clock, P. M., that large and valuable real estate of which Samuel Dickinson died, possessed, located immediately on the broad waters of the Choptank river, in Trappe district, Talbot county, and containing the quantity of

592 Acres

of arable and wood land, and 65 Acres of marsh land, more or less.

The location is one of the most beautiful and healthy on the Eastern Shore of Maryland, in a good and highly cultivated neighborhood; convenient to Churches Mills, Markets and Schools, within three and a half miles of the flourishing town of Trappe, twelve miles of Easton, and, by water, only four miles from Cambridge.

The most of the land is highly improved, produces heavy crops, and is adapted to the growth of grass, grain, vegetables and fruit. The resources on the land for improving the soil are unusually abundant. Sea grass, so valuable as a fertilizer, abounds in inexhaustible quantities on the shore.

The property will be sold in four parts, consisting of THREE FARMS and an Island.

No. 1.

The home farm is a splendid salt water situation, and has upon it a FINE OLD MANSION house in good order, new and substantial barn, stable, carriage house, corn crib, ice house, and all other necessary buildings. The land on this farm is considered equal to any in Talbot county. There is upon this farm a valuable

PEACH ORCHARD.

No. 2.

The farm on the right of the road leading to the Mansion house, has on it a good FRAME Dwelling House, and all necessary farm buildings. Situated immediately on the salt water. The land is good and highly improved.

No. 3.

The farm on the left of the said road is also improved with a good FRAME DWELLING and necessary farm buildings, which are situated on a beautiful sheet of salt water.

No. 4.

The Marsh, or Island, is located immediately in front of the home farms, and is separated from the main land by a stream about forty yards wide at the foot of the Lawn. This Island is one of the finest and most noted ducking grounds in the State.

Terrapins, oysters, fish and wild fowl abound in their season in the bay and river upon which the property is located.

A plat of the land will be exhibited on the day of sale, giving the number of Acres in each piece of property. Persons wishing to purchase real estate are invited to examine this property, as it is seldom that such beautiful and valuable salt water situations are offered at public sale.

TERMS.

The terms as prescribed by the decree are, one third of the purchase money to be paid in cash on the day of sale; the balance in two equal instalments of twelve and eighteen months, the deferred payments to be secured by the bond of the purchaser, with security to be approved by the Trustee. On the payment of the whole purchase money a good title will be conveyed. Stamps and title papers at the expense of the purchaser.

JAMES LL. MARTIN,

AYER'S
Hair Vigor,

For restoring Gray Hair to its original Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use.—Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application.—Instead of feeding the hair with a pasty redument, it will keep it clean and vigorous.—Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume. Prepared by

Hair, Lime and Gelatine FERTILIZER.

A MATTER OF INTEREST TO EVERY AGRICULTURIST IN THE STATES.

The Cheapest Article Offered to the People—The Reason Why.

BECAUSE it contains more Ammonia, Potash and Bone Phosphate of Lime combined for the money, than any other.—These ingredients are necessary to the growth of vegetation, and the intrinsic value of any Fertilizer is in proportion to the amount of these articles which it contains.

The estimated intrinsic value of Absolute Ammonia is 25 cents per lb
Of Potential Ammonia 15 " "
Of Potash 8 " "
Of Bone Phosphate of Lime 5½ " "

Taking the above prices as correct, (using the same for calculating the value of all other manure's) it gives a reliable result of the intrinsic and comparative value of this Fertilizer with other; and upon this basis of value for the commercial and essential fertilizing articles, we will estimate the intrinsic worth of this Fertilizer to the agriculturists, from the result of the analysis made by Prof. C. P. WILLIAMS, of Newark, State Chemist of Delaware, to wit:

	Per-centage.
Moisture expelled, at 212° Fah.,	8.47
Organic matter (Yielding Nitrogen, 2.09.)	38.37
Bone Phosphate of Lime,	3.69
Sulphate of Lime,	.91
Lime,	13·03
Sand and Clay	13.52
Chloride of Potassium,	5.80
Carbonic Acid, Magnesia, Oxide of Iron and Loss,,	16 21
	100·00.

Weight,
The above shows 2,09 per cent. of Nitrogen or 2·54 per cent. of Ammonia, equals 57.-90 lbs.. at 15c. $8.63
5.80 per cent. of Chloride of Potassium, equal to 83.53 lbs. of Potash. at 8c., 6·68
5.69 per cent. of Bone Phosphate of Lime, equals 82.69 lbs. at 5½ 4.75
Making the intrinsic value $19.88 per ton $19.88

This Fertilizer is sold only pure and unadulterated, which I will guarantee, and furthermore, any person desirous of purchasing has the privilege of having it analized by any reliable chemist, and paying or it at its intrinsic worth.

The above fertilizer is the Refuse of Glue factory—one of the largest in the world. Experience has proved that there is no better Manure than the Refuse of a Glue factory. Solon Robinson in his facts for Farmers says: "Of the value of hair for manure, we can say that we have used a good many loads of the refuse of a glue manufactory, composed mostly of hair and found it a most valuable manure. The waste of glue-makers, tanners, and all other trades, where hair or wool forms the bulk of the waste, is worth *ten times* as much as stable manure." Weight—75 to 80 lbs. to the bushel. Sold 33 bushels to ton, measured when delivered. Delivered by water at the following prices, viz:

Ten to 15 tons	$15.00 per ton.
Fifteen to 40 tons	$14.00 " "
Forty to 100 tons	$13.00 " "
100 tons and over	$12.00 " "
