TREGO'S CEREAL AND PLANT FOOD AND RUST PREVENTIVE,
TESTED AND APPROVED BY DAVID STEWART, M. D.
CHEMIST MARYLAND STATE AGRICULTURAL SOCIETY.
SOLD BY P. MALCOM & CO., General Agents, BALTIMORE.

This Compound contains all the SEVEN ELEMENTS that compose CEREAL and PLANT FOOD. It hastens, by ten or twelve days, the maturity of the Plant and Grain, and is peculiarly adapted to crops requiring an early and vigorous start to bring them to perfection. For late seeding (specially upon Corn grounds) where the soil plant food has been rapidly removed by the previous crop, it SECURES THE WHEAT FROM RUST and insures a good yield of the best quality of Grain.

We submit the following results of the use of the "Plant Food:"

Fort Penn, Del., Sept. 7, 1861.
Messrs Trego & Son, Baltimore—The "PLANT FOOD" spread this spring both here and at the experimental farm at St. John's College, Annapolis, doubled, and I think, trebled (as the weights will prove) my product of both grain and straw. There was no doubt about that. No marks nor stakes were required at any period, the dark green color, the *stooling* of the grain, giving the *appearance* of double the number of plants from the same number of seed; the earlier ripening or maturity of the crop where the PLANT FOOD was applied; the stoutness and height of the plant and the straw, all told the same story, viz: that the PLANTS there had food, of which the soil elsewhere was deficient. No other reason could possibly be assigned, as the crop was sown and harrowed in *before* the manure was spread as a top dressing.
Yours respectfully, DAVID STEWART,
Professor of Agricultural Chemistry,
St. John's College.

North East, Md., Sept. 5, 1861.
Messrs. Wm. Trego & Son, Baltimore:
I applied the "PLANT FOOD" at the rate of one to two hundred lbs per acre on Oats ground last spring, and the crop was very good, fully up to my expectations. I also applied it to Corn in the hill, putting in a very small quantity in each hill, the Corn started and has kept far ahead of that on the side of it, which was manured with ashes in the hill.
From the little experience I have had with it, I think it preferable to Guano or Bones—and shall so recommend it.
Yours respectfully, RUSSELL THOMAS.
The PLANT FOOD is put up in substantial bags of 150 lbs. each. s11-tf

VALUABLE LAND IN ALLEGANY COUNTY, FOR SALE.
A TRACT OF LAND called TREASURE TROVE, containing about SIX THOUSAND ACRES, originally granted to John W. Pratt, on the 31 day of March, 1801, and resurveyed for the Hon. Thomas G. Pratt about the year 1846.
It is situated about 18 miles east of Cumberland, on the great National Road which traverses the property. Wheat, Oats and Indian Corn grow admirably in this region. It is also admirably suited to sheep raising. There are several Farms opened and cleared upon the land and now under rent. The tract, however, is principally wooded with large Oak and Pine Timber, which can easily be transported over a road gently sloping to the Chesapeake and Ohio Canal and the Baltimore and Ohio Railroad, which run within 3 miles of the southern boundary of the tract.
In the centre of the tract are several remarkably fine Sulphur and Iron SPRINGS of different strengths, issuing from a small valley within a few yards of each other. These, with another Sulphur Spring in the same vicinity, have for years been known and resorted to first by the Indians and afterwards by the Hunters for their Hygeian qualities. A few miles off across the mountain is a very fine IODINE SPRING, which is well known in the neighborhood and is remarkably adapted to the cure of all cutaneous diseases.
The whole is offered for sale at very low rates and on long credit, as it will be divided into SMALL FARMS of sizes to suit purchasers. Apply to
WALLIS & THOMAS,
m15-tf St. Paul street.

is unfailing, with a fall of twenty-two feet, and is capable of driving the machinery for a large
COTTON MILL
OR A
FLOUR MILL,
to turn out 250 bbls. flour per day; and the wharf has sufficient water to accommodate vessels of 11 feet draught.
A TRACT OF
FIVE THOUSAND ACRES,
In the immediate neighborhood of the well known farms of Messrs. Cromwell, Linthicum and others, which supply the Baltimore and Philadelphia markets so largely with fruit, most of which is particularly adapted for Vegetable and Fruit culture, adjoins the Mill Seat. A portion of it is well TIMBERED, and there are many fine sites with extensive views. The route of the
BALTIMORE AND POTOMAC RAILROAD
passes through the entire tract.
THIS WILL BE DIVIDED INTO
SMALL FARMS
TO SUIT PURCHASERS,
TO WHOM EVERY ACCOMMODATION WILL BE GIVEN.
To capitalists the above offers a very favorable opportunity for investing at a low rate, in the immediate vicinity of a large and populous city.
The Mill Seat is offered alone, or with any required quantity of land adjoining, at low rates. A very liberal charter from the State of Maryland, which would be transferred with the property, offers particular inducements to any parties desiring to form a company. The present owners of the property would be willing to take from quarter to half of the stock of such a company if required.
Terms will be made to suit the purchasers. Apply to

BY F. W. BENNETT & CO.
VERY VALUABLE PROPERTY IN BALTIMORE COUNTY, NEAR PARKTON, TWENTY-SIX MILES FROM THE CITY OF BALTIMORE, ON THE NORTHERN CENTRAL RAILROAD, FOR SALE AT PUBLIC AUCTION.
TWELVE HUNDRED ACRES.
The undersigned, as Trustee under and by virtue of three several Deeds of Trust, viz: one from Charlotte Withers, Edwin D. Withers, Susanna Withers and Charlotte A. Withers, recorded among the Land Records of Baltimore County, in Liber G. H. C., No. —, folio —, &c; one other from Michael P. C. Withers and his wife, recorded in Liber G. H. C., No. 30, folio 506, &c; and the other G. H. Ehrman and his wife filed for Record, March 11th, 1861, will set up and expose to sale by public auction, at the Exchange Salesrooms, in Baltimore city, on TUESDAY, the 22d day of October, 1861, at one o'clock, P. M., the following tracts, parts of tracts and parcels of land, parts of the real estate of the late James Calder, deceased, known as "CASTLE CALDER," that is to say—
LOT No. 1—Containing 85 acres; 15 acres whereof are cleared and the balance is in wood. This tract is opposite "Walker's Grist Mill." Walker's Switch on the Northern Central Railroad, is located on and belongs to this lot; and it is well watered by the Little Gunpowder Falls. The county road from Middletown to the York turnpike crosses the switch here, affording a fine business centre, where a lucrative business is now transacted, which might be much enlarged with proper effort.
LOT No. 2—Adjoins the above lot; contains 100 acres, about 50 of which are cleared, chiefly meadow. Upon this lot there is a TWO STORY LOG DWELLING HOUSE and outbuildings. The Little Gunpowder Falls runs through it, as also a road leading to Walker's Mill, on the property adjoining. The Northern Central Railroad divides lots Nos. 1 and 2.
LOT No. 3—Adjoins No. 2 and runs eastwardly, and fronts on the Baltimore and Yorktown turnpike road. It contains 112 acres, about 40 of which are cleared and the balance is in wood. This tract is about one mile and a half north of Parkton. The cleared land is well enclosed.
LOT No. 4—Adjoins No. 3 on the north, and fronting on the west side of the Baltimore and Yorktown turnpike road. It contains 114 acres, about 6 acres cleared and enclosed, the balance in wood.
LOT No. 5—Adjoins No. 4 on the north and fronts on the west side of the said turnpike. It contains 121 acres, about 20 acres cleared and well enclosed, the balance in wood.
LOT No. 6—Adjoins No. 5 on the north, fronting on the west side of said turnpike. It contains 138 acres; about 50 acres cleared, the balance in wood. Lots Nos. 3, 4, 5 and 6 are well watered by a strong stream known as "Panther Branch." No improvements.
LOT No. 7—Lies on the county road leading east from the turnpike, adjoining the lands of Christian Stabler on the one side, and lot No. 8 on the other. It contains 112 acres, about 60 of which are cleared and enclosed, the balance in wood.
This tract is watered by a stream known as "Miery Branch." It lies about one mile and a half northeast of Parkton, and near the turnpike.
LOT No. 8—This tract embraces the homestead upon which Mrs. Charlotte Withers now resides. It contains 152 acres, fronting along the east side of the Baltimore and Yorktown turnpike road, opposite lots Nos 3, 4 and 5. There are about 90 acres cleared and in a high state of cultivation, the balance in wood. The improvements on the farm consist of a neatly finished, comfortable FRAME DWELLING HOUSE, two stories, with parlors, dining room and kitchen on the first floor, and several good chambers. There is a grove of forest trees about the house; large new Switzer barn, together with meat houses, and all other necessary outbuildings. There is a spring of excellent water near the house, as also a fine orchard with several varieties of fruits. The farm is well watered by a stream running through its entire length known as "Fowler Branch," and the whole place is under good fencing.
LOT No. 9—Contains 150 acres of land about 10 acres cleared, the balance in wood. It is located 3½ miles northwesterly from Parkton, on both sides of the Northern Central Railroad, which runs through its entire length a distance of three-quarters of a mile. "Bently's station" is located on the southern portion of this tract. "Bee Tree run," a stream of large size, affording fine water power, flows through this land of its entire length. Having a railroad station on it and abounding in springs of pure water, this land, from its commanding position, would be very suitable for cottages and places of summer resort.
LOT No. 10—Contains 111 acres all in wood. It lies on the east side of the Baltimore and Yorktown turnpike road, about 2½ miles northwardly from Parkton and about the same distance from the town of New Market, adjoining the lands of Messrs. McCubbin and Tracy. The northern portion of this land has a front on the turnpike. It is abundantly watered by several spring branches.
The location of the above lots of land on an excellent railroad and turnpike, and in a neighborhood unsurpassed for the healthfulness of its climate and the purity of its water, offers rare inducements to capitalists and others, as the subdivision of so large an estate and its ownership by different persons must soon inevitably enhance the value of all the lands now offered to the public.
Terms of sale—one-third cash, balance on a credit of six, twelve, eighteen, twenty-four, thirty and thirty six months, with interest, in the meantime, semi-annually, secured by mortgage or otherwise, to the satisfaction of the trustee.
Plats of the above lands are for inspection at the office of Wm. R. Hill, Fayette street, near St. Paul, who will give any further information upon the subject. The property will be shown by Edwin D. Withers, residing on Lot No. 8. Plats may also be found at the offices of the undersigned.
