indicate ~~they~~ reports there was a Charity School Fund in the County, these reports are directed to the treasurer of said fund to pay certain sums to certain teachers. Each of these reports were sworn to by Justice of the Peace. About 1840 some of these papers are contracts for building one room schools, names Dist, trustees Contractor, amt of land attached to building, dimensions of building, the sum to be used for building, the material used in contruction, description of building as to windows, doors, roof etc. signed by trustees, directed to Judges of Orphans Court.

Some of the reports are in the form of a petition to the Judges of Orphans Court signed by trustees directing the court to pay the salary of teacher for the term. The amt in most cases was $20.00 for the yr. not paid until end of term. Many petitions read like this "directing Judges of O. Court by giving a draft on the Farmers Bank of Md infavor of trustees named to pay salary of such named teacher. In one report of 1840 it mentions the fact the teacher instructed in the various branches of the English & Latin Languages, also at these periods most of the instructors were men. Some of the trustees report "poor children of neighborhoods were instructed", this would indicate the richer families employed tutors in their homes.

From 1931 to 1937 the forms have changed somewhat, still in bound forms but more like a loose leaf leader, pink instead of white sheets. Smaller in length + width but thicker. In 1931 this Health Dept became a full time unit thus causing change. The earlier ones of 1848 to 1928 are not complete as the records were not kept very accurately, much of the information was lost, due to the fact there was

see 12.

History of Health Dept in Ches. Co.

We have had a health officer in the county for quite a number of year. In 1928 it really organized on a firm bases. In 1931 became a full time unit. At first a great amt of time was spent in the contacting & assisting local Drs. The nurse and Dr. in charge were called upon to demonstrate treatments, arrange Hospitalization and the Health Officer was frequently asked for consultation. Through the efforts of the Health Dept. the county medical society was revived, reorganized with the Health officer acting as secretary. The meetings since then have been held regular & So. Md. Medical Society was organized.

Hot lunches were established in the consolidated Schools with the assistance of the School Board, Local Red Cross, P.T.A. & Home Demonstration Agent. The children were weighed & measured before lunches were started in the fall & again in the spring. The increase in weight was surprising and H. Dept was informed by the teachers that an improvement in class work was noted. Tuberculosis Clinics have been held in the county since establishment of H. Dept. all points were given advice and referred to family physician. In cases where sanatorium care was advisible all provisions were made. These clinics were conducted by Dr. J. Nicholas of the Md. Tuber. Assoc. & later by Dr. D. St. Campbell.

2. Dental clinics were established in the county in 1930. The first two years they were conducted by a state clinician later by local dentists. Dental work has been done in the various school throughout the county, partly being paid by the state & part by school board, small charge being made for the work being done on each child.

Venereal Disease clinics were started in the office 1929. These were conducted by Dr. J. E. Nolan. At the beginning a fee of 50¢ per treatment was charged but later they were given free. These clinics have been very successful & are still being conducted. A large number of tonsil clinics have been sponsored by the H. Dept. in the past few years. Some being held in the Health Office & later in the Naval Dispensary at Indian Head. These operations were performed by Dr. E. Spencer of Balto. The object of this clinic being to take care of free cases or those who could pay some but not full amount charged by Hospitals. These clinics have been very successful. Prior to this arrangements these cases were taken care of at the various Hospitals in Balto.
Typhoid & Diphteria Toxoid clinics were held in the county at request of the local physicians. Thousands of doses of typhoid vaccine has been given to all ages.

Pre-school clinics have been held in the county in which a large number of the children to enter school for the following year were examined. Follow up visits were made in all cases possible, advised corrections were stressed also vaccinations were requested.

For the past 8 or 10 yrs the Healthmobile has spent from 10 days to 2 wks in the county. This being furnished by the Bureau of Child Hygiene. The staff on the Healthmobile consisted of a Dr. Dentist, helper together with local nurse. The attendance to these clinics was very good. Follow up visits were made & corrections were insisted upon. Time has been spent visiting poor patients of the county at the request of the commissioners of the poor. These reports were sent to the commission appointed by the Gov. to investigate conditions in the state.

Lectures are given in home nursing & first aid to the Women's Club of the county with a good attendance. At the beginning of the Health Unit interest was stimulated in the county in regard to a county Hospt. Several prominent men were contacted, public meetings called. This was not successful at first due to the depression, but at present there is a county wide campaign in progress trying to raise funds by subscriptions to build a Hospt some time in the near future.

For the past ~~8 or~~ 10 years the Healthmobile has spent from ~~10~~ days to 2 wks in the county.

4 The being furnished by the Bureau of Child Hygiene. The staff on the Healthmobile consisted of a Dr. Dentist & helper, together with the local nurse. The attendence to these clinic was very good. Follow up visits were made and corrections insisted upon.

Med-cine Lectures are given at different times, the first one being conducted by Miss Troy state advisory nurse.

In Sept. of each year the people of the county hold an agricultural fair, the Health Dept is present for First Aid & comfort station. A baby contest is sponsored by the Fair Board & the Health Dept assists.

Negro Health week is observed each year, Health lectures are given, pre-school & school clinic are held. Special attention is given to chest complaint. Sanitation is stressed in the homes.

THE VOLUMES FORM—Continued

10. Size Varying sizes. Average 18½ x 12½ x 3¼ -
(Height, width, and thickness, and average number of pages, by uniform groups)

No. of pages range from 189 to 706. Average 700.

11. Location by dates and volume numbers South and S.W. wall of vault in Clerk's office, on open metal shelves. Vols. A-1, 1658 - vol. 72, 1786-1790, on south wall, others on southwest wall.
(Buildings and rooms or vaults)

12. Subtitle divisions by dates and volume numbers No. 5 Indexing continued: With plaintiff's name carring the lettering. (This is just the opposite of the present system of indexing, as the arragement is defendant vs. plaintiff, the defendant's name carrying the lettering.

Land Records are indexed in name of grantee and grantor. In most cases the indices appear in the front of the volume.

13. Other information See addenda sheet attached. ~~attached.~~

The volume marked "A - 1658" is yet in its original binding and contains court records from June 4, 1658, to Oct. 2, 1662. A few years ago it was placed in the custody of the Maryland Historical Society, Baltimore (about 45 years), where it was repaired, the pages mounted on mousseline de soire (silk muslin) and treated by modern process. The paste used contained arsenic to keep mice, moths, etc. from eating them. Pages are numbered by hand. The volume is kept in a pastboard box on the shelves with the other volumes.

(History over)

Up to 1896 the Court House was at Port Tobacco a distance of approx. 2½ miles west of La Plata on Creek. The old Court House at this time was in need of repair, and the question arose if it should be repaired or torn down and rebuilt. A number of people wished to repair the old building and let it stand at Port Tobacco for the Historical Part Port Tobacco played in the settlement of Charles County. Others favored a new building to be erected at Chapel Point. Thus a heated controversy arose. To settle matters the Gov. of the state visited Port Tobacco and inspected the building and found it worth repairing. Just as the plans were underway for repair the old building burned, (believed to have been set afire by the party who wanted it at Chapel Pt.) This caused the political parties to split many who ~~were~~ had been democratic became republican, believing the foul play the work of some of the democratic. To settle matters the court house was erected at La Plata a half way mark between Chapel Pt. and Port Tobacco.

(over)

For the past five years it has gotten appropriations from the County Commissioners. It is open two ~~and~~ half days a week (namely Tuesday and Friday. The Librarian, (Mrs Pearl Padgett) says she has no accurate catalogue of the books for she has not had sufficient training in the work to make one.

The works of reference include Colliers National Encyclopaedia, Smithsonian Series, Catholic Ency. Library of Universal History. Standard Reference Work. Ency. of Britannica, Chambers Ency. Most of these works together with other books of reference have been donated by the Parent Teacher's Associations of Public Schools and Catholic School of La Plata.

The 2 vols of Archives of Md 34, & 40 from 1720-1723: 1737-1740. In each vol Charles County is mentioned by naming delegates from the County attending General Assembly at this time. They mention a bill introduced from the Lower House by John Reed & Mr. Pritchett enabling Thos. Dent of Chas. Co. to sell a tract of entailed land in Prince Geo. Co called Locust Thicket & for entailing other lands in Chas. Co. in lieu thereof thus endorsed. Also mentions money sent to the County for construction of Jail

This Library has one copy of "History of General Assembly" 1635-1904 by Edwin S. Riley. From Calverts to Edwin Warfield.

The Port Tobacco Times - Cresent, continued.....

The present editor in describing it says "Goes into the homes and is read by the leading business men and successful farmers in Charles County, and is therefore The Best Advertising Medium in this Community."

The Times was established in 1844 at Old Port Tobacco, called Port Tobacco Times by a Mr. Wells. At that time no political party was involved. In 1893 the Cresent was found by John H. Mitchell and others, who favored the removal of the Court House to La Plata from Port Tobacco. The politics were Democratic. In 1898 the two papers became consolidated, known by the present name Times - Cresent, and it remains today a staunch advocate of the Democratic Party.

Maryland Independent, continued.....

In 1883 it was incorporated by four men who bought it. A few years later it was taken over by Mr. Adrain Posey until 1920 when his son, F. Stone Posey, became editor and manager until 1927. In that year it was purchased by Thos. B. R. Mudd until Aug. 1929, it was purchased by the present owner Ruey P. Bowling. The four men who bought this paper in 1883 wanted the Court House to remain in Port Tobacco, while the members of the Times - Cresent were anxious for the removal to La Plata, thus a heated controversy between the two parties ensued, the democratics winning. The politics of the paper is Republican. The news items and adds are practically the same as Times - Cresent. The editorials refer to the Republican Party, often condemning or criticizing the opposing party. The paper was started as independent of politics until the argument of the Court House arose.

WPA Historical Records Survey: Dorchester County Circuit Court

Index 2 reflects the entirety of the records in the Circuit Court for Dorchester County. It is a preliminary inventory list of records in an earlier stage of editing than that of Index 1. Before records could be included in Index 1 they had to be "checked"/ edited. However, work was stopped before Index 1 was completed. When record inventories were added to Index 1 the number assigned each form was changed due to the rearrangement of many of the records. Any records not found in Index 2 may be found in Index 1.

OFFICE MEMORANDUM

WORKS PROGRESS ADMINISTRATION
OF MARYLAND

DATE Nov. 6, 1937.

TO Mr. Gilbert H. Lyre

FROM F. Arthur Laskowski.

BE BRIEF

#246, Dockets of Justices of Peace were in a beautiful state of disarray and it was necessary to collect them, look in each vol. for the years covered and label them. They are now in some semblance of order.

Cambridge, Maryland,
August 24, 1937.

Mr. Gilbert H. Eyre,
Baltimore, Maryland,

Dear Mr. Eyre,

In re yours of Aug. 20, 1937.

✓ #4, Clerk's Dockets:- The older dockets are in basement vault and will check the corrections when I resume the work there. (6/17/37)

✓ #8, Commission Records:- When working in basement vault I discovered a Commission Record among a miscellaneous lot of odds and ends and may find another, hence the delay. (6/24/37)

✓ #11 was originally Robert Morris' Ledger, which later I discovered to be also a Fee Book, giving the report #68, and thereby leaving #11 an open number. (7/19/37)

✓ #12 - 15 were General Indices to Land and Mortgage Records but you suggested combining these, which are enclosed herewith. (6/30/37) This leaves #14 and #15 open.

✓ # 18, Index to Judgement Records (7/2/37) was sent you when report was made out.

#23, Tax Sales Records (7/7/37) was sent you when report was made out.

✓ #24, Chancery Papers :- Corrected and returned. (7/7/37)

✓ #33 Originally Plot Record, State Roads Commission-was rechecked and changed by myself and given #64, hence #33 is now an open number. (7/19/37)

✓ #34 was originally Plot Record. Same data as #33 applies to it. Present number is #65, #34 also being an open number. (7/19/37)

✓ #39, Miscellaneous Old Papers 1790-1846. You requested that these papers be separated and separate reports made on them, which I am at present engaged in. (7/14/37)

✓ #60, Miscellaneous 1848-1896. Data on #39 applies to 60. (7/15/37)

✓ #81, Grand Jury Resolutions- corrected and returned. (8/9/37)

✓ #88, Recognition of Cert. to Practice Medicine - corrected and returned. (8/12/37)

A. Arthur Lastowski

Cambridge, Md.,
July 23, 1937.

Mr. Gilbert H. Eyre,
Balto., Md.,

Dear Mr. Eyre,

I think that by now I have the old dockets about straightened out, but will recheck them and send them in.

So many of these judgement records are missing that I am wondering if I will come across them later.

In many of the old volumes there is no title or deignation of any kind and frequently various years are in the same volume, so we often find it necessary to look through volume after volume to get our information.

In one of the judgement record books I found the years 1787-1800 and farther on in the same volume 1808-1810. While such an arrangement might have been convenient for the clerk, it is a slow process for the information seeker.

Very truly yours,

F. Arthur Laskowski

Report # 75.

Item #4 con.- of jurors for these years.

13. Other information The gentlemen of these days seemed to haveb occasional inspirations and would grab up some convenient book and make the entry that had just occured to them. This vol. has a miscellaneous assortment of data with little rhyme or reason to its system. It's little wonder the research worker under these conditions gets a headache. There is a Test Book covering the years 1852 - 1873 and we are unable to understand why this particular vol. was used for the purpose.

13. Other information Do not know what the system of indexing is. Mr. Leonard says the nearest he can come to it is the "Vowel system" as under the different letters are AA, AE, AI, AO, AU. BA, BE etc.

The Colonial Land Records of Dorchester are contained in 28 vols. no. 1-28 and contain, unless otherwise stated, conveyances embracing indentures of deeds, mortgages, releases and powers of attorney and when noted, land commissions and return of commissioners and land view appraisals of orphans estates. The vols. also contain records of court proceedings civil and criminal as noted in individual vols.

Charles Dow Scisco in a summary of records for Dorchester Co. (Vol. XXII, No. 3, Maryland Historical Magazine) mentions that some records are transcirbed or apparently transcribed. No notation of transcription is noted in this survey unless actually stated on fly leaf or some part of vol. such as notation for Vol. No. 4.

The following fly leaf notes in individual vols. may be responsible for the suggestion of transcription. Vol. No. 7 "Land Record 1616 to 1618? This Book follows liber T.B. No. 2."

Vol. No. 12 "AR No. G. Land Records 1743,4,5."

Vol. No. 13 "Sect. Judgment liber F.T. and other sect. liber F.T. Land Records Anno. Dom. 1740,1,2,3,4,5, this book follows."

Vol. No. 15. "Liber JC No. 10 Land Records, Anu. Dom. 1753-4,5,6,7,8. This book follows JC No. 1, as to Land Records."

The indexes in vols. 10, 1738-44, 14, 1745-53, 16,17,18,19,20,21,22, 1738-1768, were modernized by John H. Willoughby, in 1854, by adding given name of grantor and grantee and type of instrument.

for Governor, the county of which he is a resident - comptroller of trearury, county of which he is a resident - attorney general, county of which he is a resident.

Note;- This ballot is interesting in that it shows the parties of that year and the fact that the comptroller elected was Hon. Phillips Lee Goldsborough who was later Gov. of Maryland and later U. S. Senator. The political parties of the time were:- Republican-Democratic-Prohibition-Socialist Labor-Union Reform and Social Democratic.
