IN THE CIRCUIT COURT OF BALTIMORE CITY.—THOMAS FORBES vs MARY C. EKVING—The object of this proceeding is to obtain a decree for the sale of certain property on Gibson street in the city of Baltimore, for payment of an unpaid balance of purchase money of a ground rent, alleged in the complaint, on the 11th day of November, 1857, contracted with the defendant to lease to her a certain lot of ground, fronting 18 feet 9 inches on the south west side of Gibson, (otherwise called Eutaw) street, running back to Morris alley, in said city, for a term of $150, payable semi-annually, and extinguishable at any time for $2,000. That the defendant contracted in consideration of such lease, to pay the complainant $6 00; and paid and delivered her four promissory notes, dated October 1, 1857, for $750 each, payable 1, 2, 3 and 4 years after date, and her eight transfery notes for the interest to accrue thereon, payable semi-annually. And that the complainant executed and delivered to the defendant a bond of conveyance in the usual form, conditioned for the performance of said contract on his part, and put her in possession of the property. That all of said purchase money notes are overdue and there remain unpaid in the hands of the complainant, three notes for $250 each, payable at 2, 3 and 4 years from October 1st, 1857, and two interest notes for $22 50 each, payable at 42 and 44 months from said date. And that the defendant has removed out of the State of Maryland, and now resides in parts unknown to the complainant. He therefore asks for a decree for the sale of said lot, for the payment of said overdue purchase money notes.
It is thereupon ordered this 23d day of December, 1861, that the complainant, by publication of this order in some daily newspaper of the city of Baltimore, give notice to the non-resident defendant of the object and substance of this suit, and warn her to appear in this court in person or by solicitor, on or before the 5th day of May, 1862, to answer the same and show cause, if any she has, why a decree should not pass as prayed.

This order in some newspaper printed in Baltimore, once in each of four successive weeks before the 6th day of January next, be given to the said defendant of the object and substance of said bill, and warning him to appear in this Court on or before the fifth day of April next, to show cause, if any he have, why a divorce ought not to be granted as prayed.

TREGO'S CEREAL AND PLANT FOOD AND RUST PREVENTIVE,
TESTED AND APPROVED BY
DAVID STEWART, M. D.
CHEMIST
MARYLAND STATE AGRICULTURAL SOCIETY.
SOLD BY
P. MALCOM & CO., General Agents,
BALTIMORE.

This Compound contains all the SEVEN ELEMENTS that EMPHASIZE CEREAL and PLANT FOOD. It hastens, by ten or twelve days, the maturity of the Plant and Grain, and specifically adapted to crops requiring an early and vigorous start to bring them to perfection. For late seeding (especially upon Corn grounds) where the soil plant food has been rapidly removed by the previous crop, it SECURES THE WHEAT FROM RUST and insures a good yield of the best quality of Grain.
We submit the following results of the use of the "Plant Food."
PORT PENN, Del., Sept. 7, 1861.
Messrs. TREGO & SON, Baltimore.—The "PLANT FOOD" spread this spring both here and at the experimental farm at St. John's College, Annapolis, doubled, and I think, trebled (as the weights will prove) my product of both grain and straw. There was no doubt about that. No marks nor stakes were required at any period, the dark green color, the zooming of the grain, giving the appearance of double the number of plants from the same number of seed; the earlier ripening or maturity of the crop where the PLANT FOOD was applied; the stoutness and height of the plant and the straw, all told the same story, viz: that the PLANTS there had food, of which the soil elsewhere was deficient. No other reason could possibly be assigned, as the crop was sown and harrowed in before the manure was spread as a top dressing.
Yours respectfully, DAVID STEWART, Professor of Agricultural Chemistry,
NORTH EAST, Md., Sept. 5, 1861. St. John's College.
Messrs. WM. TREGO & SON, Baltimore:
I applied the "PLANT FOOD" at the rate of one to two hundred lbs per acre on Oats ground last spring, and the crop was very good, fully up to my expectations. I also applied it to Corn in the hill, putting in a very small quantity in each hill, the Corn started and has kept far ahead of that on the side of it, which was manured with ashes in the hill.
From the little experience I have had with it, I think it preferable to Guano or bones—and shall so recommend it.
Yours respectfully, RUSSELL THOMAS.
The PLANT FOOD is put up in substantial bags of 150 lbs each.
