d23-lawtaw Or to PENDLETON COLSTON, Attorney, [south] No. 47 St. Paul street.

IN THE CIRCUIT COURT OF BALTIMORE CITY.—JAMES S. FORBES vs. MARY C. EWING—The object of this proceeding is to obtain a decree for the sale of certain property on Gibson street in the city of Baltimore, for payment of an unpaid balance of purchase money. It appears that the complainant, on the 11th day of November, 1857, contracted with the defendant, to lease to her a certain lot of ground, fronting 18 feet 9 inches on the southwest side of Gibson, (otherwise called Eutaw) street, and running back to Morris alley, in said city, for a term of ninety-nine years renewable, subject to an annual rent of $180, payable semi-annually, and extinguishable at any time for $3,000. That the defendant contracted in the relation of tenant lessee, to pay the complainant $6,000 and paid and received other four promissory notes, dated October 1, 1857, for $750 each, payable 1, 2, 3 and 4 years after date, to her eight promissory notes for the interest to accrue thereon, payable semi-annually. And that the complainant executed and delivered to the defendant a bond of conveyance in the usual form, conditioned for the perform ance of said contract on his part, and put her in possession of the property. That all of said purchase money notes are overdue, and there remain unpaid in the hands of the complainant, three notes for $750 each, payable at 2, 3 and 4 years from October 1st, 1857, and two interest notes for $22,50 each, payable at 42 and 48 months from said date. And that the defendant has removed out of the State of Maryland, and now resides in parts unknown to the complainant. He therefore asks for a decree for the sale of said lot for the payment of said overdue purchase money notes.

It is thereupon ordered this 23d day of December, 1861, that the complainant, by publication of this order in some daily newspaper of the city of Baltimore, once a week for four successive weeks before the 1st day of February next, give notice to said absent defendant of the object and substance of this suit, and warn her to appear in this court in person or by solicitor, on or before the 5th day of May, 1862, to answer the same, and show cause, if any she has, why a decree should not pass as prayed.

IN THE CIRCUIT COURT FOR BALTIMORE CITY, December 12, 1861.—DONNETT AND OTHERS vs. THURSBY.—Ordered that the sale made and reported by William F. Frick, Trustee for the sale of the property in this case, be ratified and confirmed, unless cause to the contrary thereof be shown on or before the 3d day of January next; provided, a copy of this order be inserted in some newspaper printed in Baltimore, once in each of three successive weeks before the 30 day of January next. The report states the amount of sales to be $9,000.

IN THE CIRCUIT COURT FOR BALTIMORE CITY, December 4th, 1861.—MARY WIGAN vs. HENRY WIGAN.—The object of this suit is to procure a divorce a *vinculo matrimonii*. The bill charges the defendant with having wholly abandoned the complainant more than three years ago, and with adultery and divers other acts of the defendant resident out of the State of Maryland.

It is therefore ordered that notice, by insertion in a copy of this order in some newspaper published in said city, once in each of four successive weeks before the 6th day of January next, be given to the said defendant of the object and substance of said bill, and warning him to appear in this Court on or before the 6th day of April next, to answer cause, if any he have, why a divorce ought not to be granted as prayed.

TREGO'S

CEREAL AND PLANT FOOD

AND

RUST PREVENTIVE,

TESTED AND APPROVED BY

DAVID STEWART, M. D.

CHEMIST

MARYLAND STATE AGRICULTURAL SOCIETY.

SOLD BY

P. MALCOM & CO., General Agents,

BALTIMORE.

This Compound contains all the SEVEN ELEMENTS that compose CEREAL and PLANT FOOD. It hastens, by ten or twelve days, the maturity of the Plant and Grain, and specially adapted to crops requiring an early and vigorous start to bring them to perfection. For late seeding (especially upon Corn grounds) where the soil plant food has been rapidly removed by the previous crop, it SECURES THE WHEAT FROM RUST and insures a good yield of the best quality of Grain.

We submit the following results of the use of the "Plant Food."

FORT PENN, Del., Sept. 7, 1861.

Messrs. TREGO & SON, Baltimore.—The "PLANT FOOD" spread this spring both here and at the experimental farm at St. John's College, Annapolis, doubled, and I think trebled (as the weights will prove) my product of both grain and straw. There was no doubt about that. No marks nor staked were required at any period, the dark green color, the *bleeding* of the grain, giving the *appearance* of bounds the number of plants from the same number of seed, the earlier ripening or maturity of the crop where the PLANT FOOD was applied, the stouter and height of the plant and the straw, all told the same story, viz: that the PLANTS there had room, of which the soil elsewhere was deficient. No other reason could possibly be assigned, as the crop was sown and harrowed in *before* the manure was spread as a top dressing.

Yours respectfully, DAVID STEWART,
Professor of Agricultural Chemistry.

NORTH EAST, Md., Sept. 5, 1861.

St. John's College.

Messrs. WM. TREGO & SON, Baltimore:

I applied the "PLANT FOOD" at the rate of one to two hundred lbs per acre on Oats ground last spring, and the crop was very good, fully up to my expectations. I also applied it to Corn in the hill, putting in a very small quantity in each hill, the corn started much faster and kept ahead of that on the side of it, which was manured with ashes in the hill.

From the little experience I have had with it, I think it preferable to Guano or dung—and shall so recommend it.

Yours respectfully, RUSSELL THOMAS.

The PLANT FOOD is put up in substantial bags of 150 lbs each.
