MARYLAND LEGISLATURE.

ANNAPOLIS, Feb. 5, 1841.

HOUSE OF DELEGATES. On motion of Mr. Prestman, leave was granted the Committee on Corporations to report a bill to incorporate the Maryland Institute of Literature, Science and Arts.

On motion of Mr. Prestman, leave was granted to report a bill for the despatch of business in Baltimore County Court.

On motion of Mr. Seidenstricker, leave was granted to report a bill to provide for cleansing out the docks of the State in Baltimore City, and for the reconstruction and repairing of the Wharves thereof.

Mr. Graves obtained leave to bring in a bill, to amend the Constitution of this State, so as to take from the majority of the Legislature the right to loan the public money or the credit of the State of Maryland to any corporation whatever. Referred to Messrs. Graves, Lecompte and Sprigg of Allegany.

The Speaker laid before the House a report from the Commissioners of Lotteries.

Mr. Legrand reported a supplement so the act to incorporate the Baltimore and Potomac Steam Packet Company, which was passed.

The hour arrived for taking up the order of the day, being the report and resolution submitted by Mr. Bowie, chairman of the Committee on Ways and Means, in relation to the finances of the State.

Mr. Coad has offered a series of resolutions as a substitute for the report. The resolution proposes to borrow one million six hundred thousand dollars; the million to be appropriated towards the completion of the Chesapeake and Ohio Canal, and the remaining six hundred thousand to be appropriated towards the demands that will be made on the Treasury the present year. The resolutions also propose to lay a direct tax to the amount of one hundred thousand dollars, to be appropriated towards the payment of the loan, and provide for the increase of the tolls on the Chesapeake and Ohio Canal, to be invested as a sinking fund to pay the principal of the proposed loan.

SENATE. Mr. Howard of Balt. reported a bill to incorporate the Patapsco Canal and Navigation Company. Mr. Ely reported a bill to amend the Constitution.

Mr. Pratt reported a bill to authorise the appointment of a Commissioner of Loans.

The Supplement to the act granting a Lottery in aid of the construction of a Town Hall in Baltimore, was passed.

For the Baltimore Clipper.

JUPITER would respectfully say in reply to "an old subscriber" that he has authorised *Mercury* to invite "a Venitian by birth from the Austrian dominions, (a hatter by trade,") to visit Washington and report in *propria persona* to J. K. Boyd, Esq., whose residence is on Pennsylvania avenue, two doors from the Madisonian office, who is authorised to examine him—and if he proves to be a true member of the residue of that chivalrous little band, I am in honor bound to use my pen and influence in securing for him a suitable reward. The time has now arrived when the claims of the few remaining gallant tars, who periled their lives in the destruction of the frigate Philadelphia, will, I am sure, receive that attention they so richly merit. I feel rejoiced to find that "an old subscriber" joins me in impressing the fact on the minds of our countrymen, that the deed "shines now, as it ever will shine, bright on the pages of American history." Is there an American whose heart does not beat high for the welfare of our gallant tars, when his mind recurs to this brilliant achievement? None, I am sure, will say there is. Then why are we so forgetful of the merits of the brave spirits who are now asking for simple justice at the *outer door* of our great republic—that is destined in the order of Providence to make the thrones of mighty kings recede from view, and lie buried with the things that were?

May the spirit of true justice arouse the attention of our countrymen to this subject is the prayer of one who believes the U. S. Senate will reward J. K. Boyd, Esq. with the post of sergeant-at arms of that honorable body, for having assisted with his naked arm in firing the frigate Philadelphia, in the harbor of Tripoli, under the guns of a heavy fortress.

ABSENCE OF MIND. A gentleman boarding for some time in Market street removed his board to Gay street; after the lapse of about a week he went to his former boarding house to dinner, ate of the fine turkey, smacked his lips over a fine slice of ham, and enjoyed in a large degree of the fine dessert which was spread before him, and was not aware of his mistake until he was about leaving the dining room, when the landlady politely asked him for the payment of arrearages.

BURNT TO DEATH. A child about four years old was burnt to death in New York on Thursday. Its father, a brute named B. C. Cosgrave, sent his wife out to work, and himself got drunk and laid down to sleep. While in this condition, the child set its clothes on fire and was literally roasted alive without alarming its father.

TWO CHILDREN BURNT. A fire broke out at No. 27½ Hudson street, New York, the day before yesterday. It was occupied by a woman of intemperate habits, who had two small children, one about five years, and the other half as old. About an hour before the fire was discovered, she had left the children alone in the room; and when it was entered on the discovery of the fire, the little sufferers were found with their clothes burned off, their bodies horribly burned, and dying from suffocation and pain.

Who ever heard of any one using "burnt glasses" to look at the moon?—*Balt. Republican.*

We do not know what kind of *glasses* the learned pundit of the Repulican makes use of in matters of "moonshine;" but this we do know—we saw plenty of fools using burnt glasses on the night of the eclipse. Our paragraph read "*if* any of the good people of this city intend using burnt glasses," &c.; we did not tell them to use them. Try again, but clear your optics first.

FATAL ACCIDENT. An aged woman named McDevitt, at Brooklyn, came to her death a day or two ago in the following manner: She was engaged in hanging clothes upon a line in the back yard, when, it is supposed, she slipped and fell head foremost into a hogshead, which had been sunk in the ground, and dislocated her neck. The hogshead was nearly empty at the time of the accident.

McLEOD'S CASE AGAIN. One of McLeod's bondsmen, in consequence of the demonstration of public feeling, has withdrawn his bail, and the owner of the Caroline has commenced a suit against McLeod for destroying his boat. $12,000 is now demanded, so that he is likely to remain in prison until his day of trial.

A KNIFE. A Mr. John Demerett, cutler, of Montpelier, Vt. has made a jack-knife, which he uses to cut ebony, whalebone, horn, and at the same time makes his pens, and shaves himself without grinding or honing!

TO THE PUBLIC.

IT must be obvious to every one that an Intelligence Office, when conducted under proper principles, and regulated upon an honest and equitable course, is of great convenience and utility to the citizens of a populous and thriving city like this. The subscriber, being aware of this fact, and with the knowledge that a degree of dissatisfaction has existed from the manner in which other offices of the kind have been heretofore conducted, he has therefore taken great pains to conduct his establishment in such a manner as to deserve public confidence, and be worthy of the public patronage.

PERSONS making application at this office for servants, or help of any other kind, will deposit, in advance, 50 cents each, for which they will have access to the records, properly kept for that purpose, and on which they find the names, residences, references, &c. of the servants or other help—in case that neither of them answers the desired purpose, the money will be returned. Yearly subscriptions received at $1.50 each.

AGENCY. HOUSES, FARMS, VACANT LOTS, GROUND RENTS, LANDS, &c. bought and sold on commission. SLAVES, for life or a term of years, bought or sold on commission, and the highest prices obtained. Persons having laves, which they wish to dispose of, will do well to apply at this office before selling.

N. B. All letters addressed to this office (post paid) thankfully received and promptly attended to.

VALLIER'S FRENCH PILLS, FOR THE CURE OF SECRET DISEASES. *One box of these fashionable Pills is worth all the Quack Medicines in the world.*

COMMENT If we examine the nature of the above diseases, and the situation of the parts affected, we must consider it a very important object to be able to obtain a remedy at once certain in its action, and at the same time composed of such ingredients as will prevent the possibility of discovery while using it. It is a fact well known to many, that most of the remedies offered for these diseases are composed of such nauseous drugs, as to render it almost impossible to continue their use without creating a sickness at the stomach or other unpleasant consequences Such being the case there can be no doubt but such a remedy as *Vallier's French Pills*, will meet the universal approbation, being entirely free from those objections; pleasant in their operation, and prompt in removing the disease. The proprietor would here remark, that the efficacy of these Pills in the disorders alluded to, are not based upon supposition; on the contrary, it is founded upon rational experience, having used them in a successful practice for upwards of two years, he feels confident of their superiority over the remedies hitherto employed.

CHILDREN TEETHING.

AT this important period, LITTLE CHILDREN suffer very much, and should not be neglected. *Mothers* and *Nurses*, who have the care of them, should be cautious and apply such means as will relieve them. Dr. PARIS' SOOTHING SYRUP, for CHILDREN CUTTING THEIR TEETH, is pronounced by Thousands to be the most efficacious medicine yet discovered; it gives immediate relief to those little ones, (if used according to directions,) thus preventing FEVER CONVULSIONS, and other dangerous symptoms, which often prove fatal. It is highly important to be very careful of whom you purchase this medicine, and not mistake the spelling in the name of PARIS, as there are several individuals representing themselves as Agents, who palm on the unwary a different article which is not only useless, but a *Dangerous Poison* to Infants. ☞ Remember, all genuine has the signature of Dr. PARIS blown in the bottles, and the label and envelope contain an entry, "According to an act of Congress," with the *fac simile* of the proprietor on the envelope. Unless it contains *as* aforesaid, touch it not. Price 50 cents. For sale by

LOOK OUT!!
"Caution" is the Parent of Safety.

AN ATTACK of the "PILES" may be positively prevented by using (when the premonitory symptoms are felt) the celebrated HAYS' LINIMENT. There are more than one thousand people in this city, and in the United States an immense number, who have suffered beyond endurance by this dreadful complaint, who keep themselves wholly free from attacks by applying this Liniment when they feel any symptoms of its approach—of this there is the most perfect proof.
