BALTIMORE CLIPPER.

[*From the National Intelligencer.*]

SENATE OF THE UNITED STATES.

FRIDAY, March 5. 1841.

The Hon. W. S. Archer, appointed a Senator from the State of Virginia, appeared, was qualified, and took his seat.

On motion of Mr. Mangum, that the Senate proceed to consider the following resolution which was submitted yesterday.

"*Resolved*, That Blair & Rives be dismissed as Printers to the Senate for the Twenty-Seventh Congress."

It was determined by yeas and nays, as follows:

Yeas—Messrs. Archer, Barrow, Bates, Bayard, Berrien, Choate, Clay, of Kentucky, Clayton, Dixon, Evans, Graham, Henderson, Huntington, Kerr, Mangum, Merrick, Miller, Morehead, Phelps, Porter, Prentiss, Preston, Rives, Simmons, Smith, of Indiana, Southard, Tallmadge, White, Woodbridge—29.

Nays—Messrs. Allen, Benton, Buchanan, Calhoun, Clay, of Alabama, Cuthbert, Fulton, King, Linn, McRoberts, Mouton, Nicholson, Pierce, Sevier, Smith, of Connecticut, Sturgeon, Tappan, Walker, Williams, Woodbury, Wright, Young—22.

The resolution being thus brought under consideration, a debate rose upon it, which had not concluded, when a confidential Message being received from the President of the United States, the Senate went into Executive Session, and so continued sitting with closed doors until the usual hour of adjournment.

Among the gratifying incidents of Inauguration Day, was the assemblage of some of the surviving officers and soldiers of the late war, who were placed immediately in front of the President in the procession, and conducted by Gen. LESLIE COOMBS, of Kentucky, in the costume of a Kentucky volunteer, and such a one as Gen. Harrison himself generally wore while commanding on the northwestern frontier:

Tippecanoe, Mississinewa, and the Thames, River Raisin and Dudley's Defeat, Fort Meigs, and Fort Erie, Chippewa, Lundy's Lane, Bridgewater, Queenstown, &c. were all represented by the few veterans present; a majority of whom bore honorable marks upon their persons of their dangerous proximity to the enemy in war "long time ago."

After partaking of refreshments at the Presidential mansion, they returned to Gadsby's, and took leave of each other in a most feeling manner, after a brief address from General Coombs. It is to be regretted that the names of all present were not obtained in time for this notice. We have been enabled to obtain only the following list:

Gen. James Miller, of Massachusetts.
Major John G. Camp, of Virginia.
Col. Charles S. Clarkson, of Kentucky.
Col. John McElvain, of Ohio.
Major Thomas Stockton, of Delaware.
Major Bacon.
Dr. Pendergrast, of Kentucky.
Dr. J. Perrine, of Virginia.
Gen. John Payne, of Kentucky.
Major John Wilcock, of Pennsylvania.

AN APPEAL OF THE WASHINGTON TEMPERANCE SOCIETY.

The unexampled success which has crowned the exertions of the *Washington Temperance Society of Baltimore*, the extraordinary increase of members, and the general interest awakened in the cause of *total abstinence* from intoxicating drinks, have induced us to apply for a charter to the Legislature of Maryland, that we might enjoy all the privileges of incorporated associations, and maintain an attitude of becoming dignity before the public.

One cherished object is, the erection of an edifice of suitable dimensions for the accommodation of our own numerous and constantly increasing society, as well as for the convenience of other Temperance, Library, or Musical Associations, which may choose to occupy it.

The ground formerly occupied by Christ church, near Market street bridge, has been secured, and a more appropriate location, for a large public building, could not be desired.

We design to raise the money by stock, in shares of $10 each, for the particulars of which, and plan of the building, &c. we beg leave to refer to the advertisement of the Executive and Building Committees.

It is our earnest wish to dispose of this stock, and we appeal most confidently to the members of Temperance Societies generally, to aid us in this laudable enterprise. We shall furnish them with a most commodious place of meeting, and the very fact of many Societies convening at the same place, will tend greatly to concentrate our energies and redouble our influence.

We appeal to the various Literary Societies of our city, who at present, have but limited or very expensive accommodations. The rooms we design to furnish, will be admirably adapted to the purposes of such associations. We appeal to property holders and capitalists to come to our aid, believing that a safer investment of money could not be made. We appeal to the friends of public improvement, and to men of architectural taste, as we design to erect an edifice which will be an ornament to our city, consecrated as it will be to the cause of humanity, literature and science.

A spacious public building of this kind has long been wanted in our city. It has been with great difficulty that some of our literary associations could procure rooms sufficiently capacious for their lectures, during the present winter, and then only, at an enormous rent. We now propose to furnish halls for the accommodation of such institutions, and we conceive that we have a right to call upon them for encouragement. We invite all who feel interested in the promotion of morality and science in our city, to aid us in this praiseworthy enterprise, believing that incalculable benefits will thereby be conferred on us and our posterity. We further and lastly appeal to the *Ladies* of our city, they being so much interested in the cause we have espoused—a cause so fraught with blessings to themselves and the rising generation.

WM. K. MITCHELL, Pres't.

THE BUILDING COMMITTEE OF THE WASHINGTON TEMPERANCE SOCIETY beg leave to report—

That they have selected the scite for the Hall in the lot formerly occupied by Christ Church, adjoining Baltimore street Bridge, it being the most central situation in our city, and on one of the principal thoroughfares. We propose to erect thereon a plain and substantial building, on the most improved plan, suitable for the various societies and public meeting. It is contemplated that the main floor or Hall will be capacious enough to seat comfortably 3500 persons, other rooms for 1000 to 1500 each, leaving one room to be used for a Library and Reading Room, should it be advisable,—also, six stores fronting on Baltimore street, which is calculated will bring a rent of 1500 dollars—in addition to the receipts of the several furnished rooms, which we have every reason to presume one or more will be occupied every day or evening in the year by the various societies, and at a reasonable rent. On the building we purpose erecting a TOWER, with an ILLUMINATED CLOCK, and an ALARM BELL. Your committee are of the opinion that the Hall, after paying the interest of the stock, will leave a surplus in the hands of the society which will not only enable it to redeem the stock at an early period, but give them the means to establish a LIBRARY and READING ROOM, free of charge. All of which is respectfully submitted.

The undersigned, appointed by the *Washington Temperance Society* of the city of Baltimore, as an Executive Committee, for the purpose of erecting and disposing of a sufficiency of stock to build a Hall in aid of the Temperance cause, do hereby present the following resolutions as the basis upon which they solicit aid in carrying out the noble and praiseworthy objects of the Society:

First. The stock shall be issued in shares of ten dollars each—one dollar of which to be paid at the time of subscribing, and the balance in instalments of not more than one dollar per month thereafter.

Second. On payment of the last instalment, transferable certificates of stock shall be issued in the name of the Washington Temperance Society of Baltimore, redeemable at her pleasure; bearing an annual interest of the nett proceeds of the Hall, to be divided annually; reserving all the surplus over and above six per cent. for the purpose of redeeming the stock.

Third. All moneys received by the Committee shall be deposited within twenty-four hours thereafter, in some safe chartered Bank in the city—as may from time to time be designated, and when so deposited, shall not be withdrawn, or any part thereof, unless by vote of the Committee; and no draft shall be valid unless signed by the President and Secretary, and endorsed by the Treasurer of this Committee.

The *Sawed Lumber* may be of white or yellow pine, with not more than an inch of sap on two edges of the stick; free from large knots, shakes or decay of any kind. A portion of the 4x8 scantling may be proposed for to be furnished, of white oak, under the same conditions as to quality. The points of delivery may be at Baltimore, Georgetown, Harper's Ferry, Cumberland, or any other point upon the line of the road, and the proposal will state the places as well as times at which the Lumber will be furnished.

Proposers to whom more than one of the places just named are accessible, will separately state their prices for delivery at each; so as to allow an option to the Company in regard to them should the proposal be accepted.

The *hewn Timber*, intended for the cross-ties and support-blocks, may be of white oak, rock-oak or chesnut oak, or of chesnut. It must be sound wood, and straight in one direction. If the proposer prefers delivering it in the rough state, and does not wish to undertake the hewing of it to the required dimensions he can so word his proposal, and in that case the size of the sticks must be such as to permit them, when dressed, to be of the full dimensions specified, clear of bark and axe-kerf. If the timber is cut while the bark is loose, it must be stripped off before the delivery. The delivery may be made upon any point of the line, between Harper's Ferry and Cumberland, and the points between which it will take place must be stated. There are to every mile of track 31,680 feet board measure of 4½x8, and 26,400 feet of 3x10 scantling, 1056 cross ties dressed to 4½ inches thick, and 302 dressed to 3 inches thick. Proposals will not be received for a less quantity of any of the kinds of timber, than will lay a mile of track.

The *Castings* for the chairs and plates will be of an easy pattern—they must be of strong and sound metal, and smoothly cast—the contractor furnishing the patterns. The screw bolts and nuts will be of sound, tough iron and made with exactness to the required form and size. The washers will be of bar-iron, rolled with the proper section, cut off and punched for the passage of the bolt. The zinc plates similarly made. The hook-headed spikes to be of iron of as good a quality as that of the screw bolts.

The Iron Fastenings just described may be delivered at Baltimore, Harper's Ferry, Cumberland, or any point of the line of the road between the two latter places and the places and times of delivery will be stated in the proposals. There are to every mile of track 7656 lbs. of castings—1584 lbs. of bolts and nuts—591 lbs. of iron washers—105 lbs. of zinc plates, and 2247 lbs. of spikes. No proposal for a less quantity than will supply 10 miles will be received.

Monthly estimates will be made of the quantities of each kind of materials so delivered and four fifths of the value at the contract prices will be paid thereon—reserving to the Company the option of paying the said four fifths in Baltimore City 6 per cent stock at par—or in the stock orders of the Company at par; and also reserving the option of paying for the remaining fifth in like manner, when the delivery of the whole quantity contracted for shall have been completed according to the contract.

If the materials contracted for or any part of them are not furnished at the times required, the Company may dissolve the contract and retain the one-fifth due on any which may have been already delivered, and no estimates or payments shall be made or on account of materials delivered *before* the time specified for commencing the delivery of the same. The monthly payments shall be made at the Company's offices in Baltimore Cumberland, or Martinsburgh, Virginia, at the option of the contactor, and the final payments shall be made in Baltimore. The manner and times in which the materials shall be furnished on the different parts of the line will be specifically provided for in the contracts, and particulars will be given on application to the undersigned. It will be required that about one half of the whole quantity of materials shall be delivered as early as possible between now and the 1st of December next. A model of the rail and its supports and fastenings will be ready for inspection at the Company's office in Baltimore by the 20th current. The proposals will be directed under seal to the subscriber, either at Baltimore, Cumbertand, or Martinsburgh—and will be received up to the 15th of March proximo. VALLIER'S FRENCH PILL, FOR THE CURE OF SECRET DISEASES. *One box of these inestimable Pills is worth all the Quack Medicines in the world.*

COMMENT. If we examine the nature of the above diseases, and the situation of the parts affected, we must consider it a very important object to be able to obtain a remedy at once certain in its action, and at the same time composed of such ingredients as will prevent the possibility of discovery while using it. It is a fact well known to many, that most of the remedies offered for these diseases are composed of such nauseous drugs, as to render it almost impossible to continue their use without creating a sickness at the stomach or other unpleasant consequences. Such being the case there can be no duobt but such a remedy as *Vallier's French Pills*, will meet the universal approbation, being entirely free from those objections; pleasant in their operation, and prompt in removing the disease. The proprietor would here remark, that the efficacy of these Pills in the disorders alluded to, are not based upon supposition; on the contrary, it is founded upon rational experience, having used them in a successful practice for upwards of two years, he feels confident of their superiority over the remedies hitherto employed.

MORE PROOFS of the efficacy of Doctor SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

To DR. SWAYNE.

Dear Sir—The time has been, when I would not recommend a medicine advertised in the public prints over my own signature; I now feel different—I feel it my duty to inform the afflicted where they may find relief. I was reduced, by a protracted COUGH for six months, to a mere skeleton; no rest at night; soreness and pain in my breast, side, &c. Suffice it to say, I used your *Compound Syrup of Wild Cherry*, which in a few weeks relieved me effectually. I am certain that, had it not been for your medicine, I should now be in the silent grave. Let no person delay, but procure your Syrup and be relieved of their COUGHS and COLDS, as they are dangerous companions, and often lead to dangerous consequences

Your friend, ABRAHAM SKINNER,
Crawford county, Pa.
