A fine example of a late Federal town house, though covered over with modern siding. Two chimnies, dormers (2 - triangular) roof metal, cornice, and possibly 1st and 2nd storey (2/2) windows sash are original. Though altered, alterations haven't hidden fine lines and form of building - very handsome, and needs only little restoration.

Note: Nos. 107, 109, 111 Cathedral though not outstanding are worth preserving due to scale - have original chimneys, and granite steps, and window sash.
