AYER'S CHERRY PECTORAL, for the rapid cure of COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stage of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and when its virtues are once known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies that upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they never forget, and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public, that its quality is sustained by kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Green numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unquestionable usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named, furnish gratis our pamphlet almanac in which they are supplied with also full descriptions of the complaints they cure.

Those who require an alterative medicine to purify the blood, will find AYER'S SARSAPARILLA the remedy to use. Try it once, and you will know its value.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by all Druggists. d1-eod

THE BALTIMORE WEEKLY CLIPPER, THE CHEAPEST NEWSPAPER IN THE STATE.

The undersigned would call the attention of all desirous of having a good Weekly Journal to the

BALTIMORE WEEKLY CLIPPER,

one of the largest and cheapest Papers published in this or any other State.

At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so

CHEAPNESS,

when everything else almost has advanced in price more than one hundred per cent, is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the

WEEKLY CLIPPER

at the low price of

$1.50 PER YEAR.

Let those who need such a paper, remember that for this comparatively small amount, they are furnished

THIRTY-TWO COLUMNS

of closely printed matter per week that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, info. mation concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear, legible and on good paper, not excelled by any issue of the same class in the whole country.

To accomplish the enterprise, however, and to do the undersigned and his subscribers full justice, he must have

PROMPT PAY

and therefore no paper will be sent from the Office but what is

PAID FOR IN ADVANCE.

[illegible] without respect to persons. [illegible] not the paid for. [illegible] Every [illegible] issued as soon as the subscription expires without the exception, usually, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprise, and therefore, he will see the necessity of complying with the terms set forth, who desire to receive a weekly paper fearly circular in its visits.

Let the friends of the CLIPPER, bear in mind, that

WEEKLY "PRICK CURRENT," [illegible] and reliable, will be among the matter furnished, something which [illegible] will justify them, in favoring the small amount required for one year.

The aim of the new Proprietor is to make a First rate

FAMILY AND BUSINESS PAPER,

embracing whatever may be interesting, [illegible] and instructive and he hopes, therefore, that the subscription list of the Weekly Clipper will soon fall behind any

Subscriptions must be remitted in

UNITED STATES NOTES.

Postmasters and others acting as the subscription agents, will be furnished one copy gratis.

MEDICAL.

ARMY DYSENTERY.

THE GREAT REMEDY FOR

Army Dysentery,

CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASE IS UNEQUALLED!

No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air-tight metallic covering, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of these oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a specific, when tried on the most delicate child or the adult, where the prescribed directions accompanying it are faithfully followed. It is known as

DR. F. J. AGRIMONT'S TROPICAL DISENTERY REMEDY,

for the prompt and decided cure of

DYSENTERY AND DIARRHŒA,

(either recent or chronic). Cholera, Cholera Morbus, or looseness of the bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC

This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 8,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is one cause of the great fatality attending these diseases in Tropical climates. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined to its ravages to any part of our globe, but ranges in large profusion, cutting down, *in spite of the best medical aid called in relief*, the tender infant as well as the aged and trembling adult in all variations of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Diseases or Army Diarrhœa, and who had the misfortune to lose his unequalled experience in Tropical diseases, was called to the above complaints, and the result is, the introduction to the public of this "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy recovery will be the result.

With the few remarks, it is now confidently offered to the public, who can rely that not one-half it merits, thus far can be known, as it is only within the last two or seven years, were individuals of all civilized nations and climes, subjected to tropical influences on their way to the shrine of gold, from the hardy mariner to the effeminate traveller as well as soldier, some of whom, as is well known, barely survived to reach their homes at the close of the war with Mexico, with himself, but who have been fatally attacked at its effects under its administration by him.

Throwing aside all *"old wives' nostrums and fallacies,"* and the antiquated tapeworm which has so long been the bugbear regarding these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of the disease, to give it a fair trial according to the *simple directions* and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.

TO MASTERS OF SHIPS.—To those who do business with Ships, and particularly regard especially be found invaluable and no Shipmaster should fail to take it on leaving port, as it was on the severe especially, "mid storm and blight," of a tropical clime, the writers were first more thoroughly made acquainted with its virtues, in a disease usually fatal in the hands of many a skilled physician. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined to its ravages to any part of our globe, but ranges in large profusion, cutting down, *in spite of the best medical aid called in relief*, the tender infant as well as the aged and trembling adult in all variations of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Diseases or Army Diarrhœa, and who had the misfortune to lose his unequalled experience in Tropical diseases, was called to the above complaints, and the result is, the introduction to the public of this "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy recovery will be the result.

With the few remarks, it is now confidently offered to the public, who can rely that not one-half its
