AMUSEMENTS.

MRS. LOUISE DE MORTIE

will give one of her
CELEBRATED READINGS,
on
MONDAY EVENING, January 9th, 1865,
AT
WESTERN CHINA HALL,
West Baltimore st., between Pine and Freeman.

OPINIONS OF THE PRESS:

The voice was superb, rich, deep and musical, the pronunciation admirable, while the gestures were always easy and graceful. Whittier's exquisite pastoral, "Maud Muller," was read with the quiet, rare and half-hidden pathos the piece requires. Extracts from the "Pickwick" exhibited to the reader considerable sprightliness and humor. A selection from the "Hero and Slave," written by J. Sella Martin, a black man, again called forth her fire and energy. In an anonym so little known entitled "Giardetta," Mrs. De Mortie fully equalled in pathos and effect any lady reader who has ever attempted it read to a New York audience; nothing in this style could be better.—*Evening Post, Dec. 2, 1864.*

THE BALTIMORE WEEKLY CLIPPER,
THE CHEAPEST NEWSPAPER IN THE STATE.
The undersigned would call the attention of all desirous of having a good Weekly Journal to the
BALTIMORE WEEKLY CLIPPER,
one of the largest and cheapest Papers published in this or any other State.
At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so.
CHEAPNESS,
when everything else about has advanced in price more than one hundred per cent, is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the
WEEKLY CLIPPER
at the low price of
$1.50 PER YEAR.
Let those who need such a paper, remember that for this comparatively small amount, they are furnished
THIRTY-TWO COLUMNS
of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.
To accomplish the enterprise, however, and to do the undersigned and his subscribers full justice, he must have
PROMPT PAY!
and therefore no paper will be sent from the Office but what is
PAID FOR IN ADVANCE,
and this without excepts, or to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprise; and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.
Let the friends of the paper in the country, recollect also that a
WEEKLY "PRICE CURRENT,"
accurate and reliable, will be amongst the matters furnished, something which *alone* would justify them in favoring the small amount required for one year.
The aim of the new Proprietor is to furnish a First-rate
FAMILY AND BUSINESS PAPER,
omitting whatever may be *offensive*, *immoral* and *irreverent*; and he hopes, therefore, that the school, too, list of the *Weekly Clipper* will not fall behind any.
Subscriptions must be remitted in
UNITED STATES NOTES.
Postmasters and others remitting ten subscriptions, will be furnished one copy gratis.
WM. WALES,
Publisher and Proprietor.

MEDICAL.

ARMY DYSENTERY.
THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASE IS UNEQUALLED.
No Officer or Soldier should go to the front to encounter the dangers of Disease and unwholesome water without a package or two of these powders. They are put up in air-tight metallic coverings, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of these oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as surgeon on the Panama Steamship Line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a *specific*, when tried on the most delicate child or the adult, where the simple directions accompanying it are faithfully followed. It is known as
DR. F. J. ACHMONT'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,
(either recent or chronic), Cholera, Cholera Morbus (or looseness of the bowels), Summer Complaint of Children, and Bilious Cholic. Put up in small air-tight Packages, which will keep in all climates for any length of time.
TO THE PUBLIC
This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experience, its good effects in private practice, could really offered to the public, after having been the means of curing within the last seven years, at least 800 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the undersigned was Surgeon, none lost about by the Ocean's swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used there particularly in the cities of Australia as well as California, also in several parts of South America, Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.
It is well known that this fatal scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that little not confined in its ravages to any part of our globe, but ranges at large remorselessly, cutting down, in *spite of the best medical aid called to relieve it*, the tender infant as well as the aged and trembling adult in all variations of climate.
In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of the medical world, and of Surgeons in the Mexico, who rarely survived from the effects of the Camp Diseases or Army Diarrhœa, and who had previously, as well as since, unequalled experience in Tropical diseases, was called to the above complaint, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.
With these few remarks, it is now confidently offered to the public, who can truly that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civilized nations and climates, subject to tropical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as is well known, barely survived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under the administration by him.
Throwing aside all *"old wives' whims and fables,"* and the ANTIQUATED TAMPERING which has always prevailed in regard to the fatal disasters, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the simple directions and physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.
TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will especially be found invaluable, and no Ship master should fail to give it on leaving port, as it was on the sea more especially, "that storm and stress" of the elements, its virtues were first more thoroughly and strongly and abundantly tested by a ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in more temperate climates. The attention of the ship also, from his observation, always aggravating these symptoms, and therefore taking the best well known efforts to relieve the initial and subsequent stages of the above diseases.
☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest injury. When required, are taken in cold water. No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as it may opportunately serve themselves in the course of the summer where speedy and certain relief is required by their patrons.
TESTIMONIALS.
An examination of the following testimonials is earnestly invited: they do not purport to have been written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and well known citizens residing in our midst, who can be found and will promptly testify to the extraordinary effects of the Tropical Dysentery Remedy.
DEAR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, (especially of children,) I have ever known, and the success which has attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and regret as many others have to say, knowledge that you had not earlier made the public acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved by it.
Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 16 Wall street.

CROTON POINT, Westchester Co., N. Y., April 6, 1863.
ESTEEMED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine to my family.
A case of Dysentery occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse; but when your remedy was administered, it effectually restored by the use of your remedy prepared for that complaint.
Subsequently an infant child was attacked with a summer complaint during its two months, which run its course unabated, despite all medicines used by our physicians, for six or eight weeks. There seemed no hope of recovery, finally our remedy was resorted and administered, when an improvement was immediately noticed, and a permanent cure was effected.
Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1854.
While confined to my home in consequence of a very severe attack of Dysentery, a friend administered a dose or two of your Remedy. The relief was immediate. I advise all my friends not to be without it in their house while I have it, with the directions, a Physician need never be called in that usually troublesome and often fatal disease.
Respectfully yours,
JAMES ROBERTSON,
134 Court street, Brooklyn.

BROOKLYN, July 1852.
DEAR SIR—I was taken with a severe attack of Dysentery and I could get no relief from the best advice I could obtain, until accidentally I heard of your medicine. I took it and obtained immediate relief; rode out on the head, and thought my own imprudence in air, the night caused a severe relapse, which was again relieved by the medicine; and I am happy to add, was permanently cured.
JOHN WILSON,
Skillman st., near Myrtle Ave.

EAST BROOKLYN, L. I., June 1852.
DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, Diarrhœa, prove to have been wonderful in my own family. The relief was prompt, decided, and effectual in a few hours; and I can pay to acknowledge it in my humble opinion, if your medicine be administered, as I the direction have stated, that a cure would be effected in every instance, in a disease usually fatal in the hands of many of the physicians. It repeatedly saved my family from the first, as well as adults. We would not be without it.
Respectfully yours,
JOHN JAY WOOD.

DEAR SIR—The small package of your "Tropical Dysentery Remedy" received from you in the hands of a friend, is short time previous to our sailing for Australia, and lately performed wonders, curing many of our families as well as several men of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc. I can, and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known prescribed by medical men.
Yours truly,
CLARKSON CULLEHILL,
Corner Hooper and Park Avenues,
Brooklyn, L. I.

NEW YORK, May 17, 1858.
SIR—The medicine called the "Tropical Dysentery Remedy," as used by my wife, gave, when very far six months Physician to Tammany Hotel, I know to be all that is above enumerated, which was so manifestly on our business I 55, from the number of Gilt fortunes stopping with us, it in every instance at once relieved, to the satisfaction of ourselves and those afflicted, saving many lives.
