AMUSEMENTS.

MRS. LOUISE DE MORTIE

Will give one of her
CELEBRATED READINGS,
ON
MONDAY EVENING, January 8th, 1865,
AT
WESTERN CHINA HALL,
West Baltimore st, between Pine and Fremont.

OPINIONS OF THE PRESS:

The voice was superb, rich, deep and musical, the pronunciation admirable while the pictures were always early and graceful. Whittier's exquisite pastoral, "Maud Muller," was read with the quiet ease and half-hidden pathos the piece requires. Patricia from the "Hunchback" exhibited in the reader considerable versatility and humor. A selection from the "Hero and Slave" written by J. Sella Martin, a black man, again exhibited fire and energy. In an amusement little gem entitled "Cordelia," Mrs. De Mortie fully equalled in pathos and constancy lady reader who has ever attempted to read to a New York audience; nothing in this style could be better.—*Evening Post, Dec. 9, 1864.*

THE
BALTIMORE
WEEKLY CLIPPER,
THE CHEAPEST NEWSPAPER
IN THE STATE.
The undersigned would call the attention of all desirous of having a good Weekly Journal to the
BALTIMORE WEEKLY CLIPPER,
one of the largest and cheapest Papers published in this or any other State.
At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so.
CHEAPNESS,
when everything else almost has advanced in price more than one hundred per cent., is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the
WEEKLY CLIPPER
at the low price of
$1.50 PER YEAR.
Let those who need such a paper, remember that for this comparatively small amount they are furnished
THIRTY-TWO COLUMNS
of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.
To accomplish the enterprise, however, and to do the undersigned and his subscribers full justice, he must have
PROMPT PAY;
and therefore no paper will be sent from the Office but what is
PAID FOR IN ADVANCE,
and this without respect to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprise; and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.
Let the friends of the paper in the country recollect also that a
WEEKLY "PRICE CURRENT,"
accurate and reliable, will be amongst the matters furnished, something which *alone* would justify them in inverting the small amount required for one year.
The aim of the new Proprietor is to furnish a First rate
FAMILY AND BUSINESS PAPER,
embracing *whatever* may be *interesting*, amusing and *instructive*, and he hopes, therefore, that the subscription list of the *Weekly Clipper* will not fall behind any.
Subscriptions must be remitted in
UNITED STATES NOTES.
Postmasters and others sending ten subscriptions, will be furnished one copy gratis.

EDITOR AND PROPRIETOR.

MEDICAL.

ARMY DYSENTERY.

THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY BE-SOURCE IN DISEASE IS UNEQUALLED.

No officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in slight metallic cases, occupy little space, and can be taken in a tumbler of water—The prescription has been proved of the highest efficacy on the Charges route, in Mexico, Central America, and elsewhere, the haunt of these oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience in Surgery on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a specific, when taken in the purest delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as
DR. F. J. AGRIMONT'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,
(either recent or chronic), Cholera, Cholera Morbus or looseness of the Howels, Summer Complaint of Children, and Bilious Cholic. Put up in small air-tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC

This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many present friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 6,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the air coming was Surgeon, loses a patient by the 6th, 7th, which alone cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the Mines of California as well as California, also in several parts of South America Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled for several years in ill health, which was much impaired by his campaign in the American army in Mexico.
It is well known that the terrible scourge Dysentery, sweeps into eternity untimely graves many thousand annually, and that it is not confined in its ravages to any part of our globe, but ranges at large remorselessly, *confining no clime, spare none of the weak or delicate called to endure it*, the tender infant as well as the aged and trembling adult in all variations of climate.
In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Mexico, who early experienced the ravages of the Camp Dysentery or Army Diarrhœa, and who had previously, as well as since, unequalled experience in Tropical diseases, was called to the above compilation, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which after a trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will follow.
With these few remarks, it is now confidently offered to the public, who can rely that no one-half its merits, thus far can be known, as it was released by its inventor a few years, were individuals of all civilized nations and climes, subjected to tropical influences on their way to the lands of gold, from the hardy mariner to the delicate traveller as well as soldier, many of whom, as is well known, barely survived to reach their homes at the close of the war with Mexico, with Health, which have been gratefully furnished at its effects under its administration by him.
Throwing aside all *"old wives' tales and fables,"* and the *arrogant assumptions* which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not save their lives when attacked in consequence of these diseases, to give it a trial according to the *simple directions* and no physician will ever be needed in the above named dangerous diseases, as all passage often relieving many sufferers.

TO MASTERS OF SHIPS.—To those who do business on the great waters, it will especially be found invaluable and no Shipmaster should fail to take it on a voyage, it was on the strength of its efficacy, "quick run and strike" of the elements, its virtues were first more thoroughly made known and abundantly tested by the Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in more temperate climates. The motion of a vessel also from per operation always aggravating the symptoms, and therefore baffling the best well known efforts to relieve the patient, in the above diseases.
☞ Travellers will find, in this, a compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest injury. When required, it can be unloosed from the bulk, and taken in cold water.
No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as many opportunities present themselves in the course of the year, where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly invited, as they purport to have been written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and well known citizens residing in Baltimore, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.
SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, (especially of children,) I have used it, and the success which has attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and regret as many others have to know, that you had not earlier made the public acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved by it.
Respectfully yours,
EDWIN CLAGETT,
Attorney and Counsellor at Law,
No. 16 Wall street.

Croton Point, Westchester Co., N. Y., April 15, 1863.
DEVOTED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.
A case of Dysentery occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse; but who was completely and effectually restored by the use of your remedy prepared for that complaint.
Subsequently an infant child was attacked with Summer Complaint of the bowels, which run its course unabated, despite all medicines used by our physicians, for six or eight weeks. There seemed no hope of recovery until you kindly recommended and administered your remedy, when an improvement was immediately noticed, and a permanent cure was effected.
Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1863.
While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose of two of your Remedy. The relief was immediate. I advise all my friends not to be without it, as I know while I have it, with the directions, a Physician need never be called in that usually troublesome and often fatal disease.
Respectfully yours,
JAMES ROBERTSON,
125 Court street, Brooklyn.

BROOKLYN, July 1863.
DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice I could obtain, until accidentally I heard of your medicine. I took it and obtained immediate relief; rode out on the third day, and through my own imprudence in diet, brought on a severe relapse, which was *again* relieved by the medicine; and I am happy to add, was permanently cured.
JOHN WILSON,
Skillman st., near Myrtle Ave.

EAST BROOKLYN, L. I., June 1863.
DEAR SIR—The effects of your medicine, as I understand it, in Dysentery, I have witnessed with pleasure and astonishment in my own family. The relief was prompt, decided, and off steal in a few hours; and I am happy to acknowledge, as in my humble opinion, if your medicine is administered, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many able physicians. It is perfectly safe and so promptly relieves the child, as well as adult. We would not be without it.
Respectfully yours,
JOHN JAY WOOD.

DEAR SIR—The small package of your "Tropical Dysentery Remedy," placed by you in the hands of a friend, a short time previous to our sailing for Australia, also safely performed wonders during many of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc. I can, and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known prescribed by medical men.
Yours truly,
CLARKSON UNDERHILL,
Corner Bedford and Park Avenues,
Brooklyn, L. I.

NEW YORK, May 17, 1863.
SIR—The medicine called the "Tropical Dysentery Remedy," used by third scoverer, who was for six months Physician to Tammany Hall. I have to be all that is above enumerated, which were numerous in our house in 1857, from the number of Californians stopping with us, it in every instance at once relieved, to the satisfaction of ourselves and those afflicted, saving many lives.
