THE BALTIMORE WEEKLY CLIPPER,

THE CHEAPEST NEWSPAPER IN THE STATE.

The undersigned would call the attention of all desirous of having a good Weekly Journal to the BALTIMORE WEEKLY CLIPPER, one of the largest and cheapest Papers published in this or any other State.

At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so

CHEAPNESS, when everything else almost has advanced in price more than one hundred per cent., is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the WEEKLY CLIPPER at the low price of $1.50 PER YEAR.

Let those who need such a paper, remember that for this comparatively small amount, they are furnished THIRTY-TWO COLUMNS of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.

To accomplish the enterprise, however, and to do the undersigned and his subscribers full justice, he must have PROMPT PAY; and therefore no paper will be sent from the office but what is PAID FOR IN ADVANCE, and this without respect to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprise; and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.

Let the friends of the paper in the country, recollect also that a WEEKLY "PRICE CURRENT," accurate and reliable, will be amongst the matters furnished, something which alone would justify them in investing the small amount required for one year.

The aim of the new Proprietor is to furnish a First rate FAMILY AND BUSINESS PAPER, embracing whatever may be interesting, amusing and instructive; and he hopes, therefore, that the subscription list of the Weekly Clipper will not fall behind any.

Subscriptions must be remitted in UNITED STATES NOTES.

Postmasters and others sending ten subscriptions, will be furnished one copy gratis.

WM. WALES, Editor and Proprietor.

MEDICAL.

ARK'S DYSENTERY.

THE GREAT REMEDY FOR Army Dysentery, CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RE- SOURCE IN DISEASE IS UNEQUALLED.

No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air-tight metallic covertings, occupy little space, and can be taken in a tumbler of water—The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of those oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as Surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a specific, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as DR. F. J. AGRIMONT'S TROPICAL DYSENTERY REMEDY, for the prompt and decided cure of DYSENTERY AND DIARRHŒA, (either recent or chronic), Cholera, Cholera Morbus or looseness of the Bowels, Summer Complaint of Children, and Bilious Colic. Put up in small air-tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC

This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 8,000 cases of the most obstinate and severe of them, on crowded passenger ships and steamships, of which the discoverer was Surgeon, issued about by the Ocean's swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the states of Australia as well as California, also in several parts of South America, Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousands annually, and that it is not confined in its ravages to any part of our globe, but ranges at large remorselessly, cutting down, *in spite of the best medical aid and care*, the aged and trembling adult in all variation of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in May, too, who barely survived the effects of the Camp Dysentery or Army Diarrhœa, and who had previously, as he had since, unequalled experience in Tropical diseases, was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.

With these few remarks, it is now confidently *offered* to the public, who can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all climes and nations and climes, subjected to tropical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller; and not a few of the latter, of whom, as is well known, barely survived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully sustained by its effects under its administration by him.

Throwing aside all *"old wives' whims and fables,"* and the assertions of charlatans which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not save, their loved ones, from prostrated in consequence of these diseases, to give a trial according to the *simple directions* and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many families.

TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will especially be found invaluable and no Shipmaster should fail to take it on leaving port as it was on the seas more especially, "mid storm and strife" of a tempestuous nature, were first more thoroughly made known and abundantly tested by a ship Surgeon, and thus, while in the Western Hemisphere, it is usually more fatal and rapid in its effects than in more temperate climates. The motion of the ship also, from his observation, always aggravating these symptoms, and heretofore baffling the best well meant efforts to relieve the patient, is the above diseases

☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest inconvenience, when required, are taken in cold water. No heal proprietor, or Country Merchant, should be without this invaluable prevented remedy, as many opportunities present themselves in the course of the summer where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly invited; they do not purport to have been written in Missouri, Kansas, or Western Wilds, but have been received from some of the most influential and well known citizens residing in our midst, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.

SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses all the curative effects, all medicines for Bowel Complaints, especially of children, I have ever known. And the success which has attended its exhibition in private practice, I cheerfully testify to, from my own and family experience, and regret as many others have to my knowledge, that you had not earlier made the public acquainted with it as I have often urged you to do, for I have no doubt many valuable lives thereby might thereby have been saved by it.

Respectfully yours, RUFUS CLAGETT, Attorney and Counsellor at Law, No. 16 Wall street.

CROTON POINT, Westchester Co., N. Y., April 6, 1863.

ESTEEMED FRIENT—I take pleasure in testifying to the very beneficial effects of your medicine in my family.

A case of Diphtheria occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse, but who was completely and effectually restored by the use of your remedy prepared for that complaint.

Subsequently an infant child was attacked with Summer Complaint during the hot months, which run its course unabated, despite all medicines used by our physicians, for six or eight weeks. There seemed no hope of recovery, when your remedy was tried and administered when an improvement was immediately noticed, and a permanent cure was effected.

Very truly yours, RICHARD D. TALCOTT.

BROOKLYN, Sept. 1863.

While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose or two of your Remedy. The relief was immediate, and my family and friends not to be without it; and I know while I have it, with the directions, a Physician need never be called in that usually troublesome and often fatal disease.

Respectfully yours, JAMES ROBERTSON, 125 Court street, Brooklyn.

BROOKLYN, July 1863.

DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice I could obtain, until accidentally I heard of your medicine. I took it and obtained immediate relief; I ate out on the island, and through my own imprudence in diet, brought on a severe relapse, which was again relieved by the medicine; and I am happy to add, was permanently cured. JOHN WILSON, Skillman st., near Myrtle Ave.

EAST BROOKLYN, L. I., June 1-63.

DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, Diarrhœa, etc., I have witnessed with pleasure and astonishment in my own family. The relief was prompt, decided, and effectual in a few hours, and I am happy to acknowledge, that in my humble opinion, if your medicine be administered, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many able physicians. It is equally safe and as promptly relieves the child, as well as adult. We will not be without it. Respectfully yours, JOHN JAY WOOD.

DEAR SIR—The small package of your "Tropical Dysentery Remedy," placed by you in the hands of a friend, a short time previous to our departure for America, absolutely performed wonders; curing many of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc., and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known prescribed by medical men.

Yours truly, CLARKSON UNDERHILL, Corner Bedford and Park Avenues, Brooklyn, L. I.

NEW YORK, May 17, 1863.

SIR—The medicine called the "Tropical Dysentery Remedy," as used by the discoverer, who was for six months Physician to Tammany Hotel, I know to be all that is above enumerated, which were numerous, our house in 1862, from the number of Californians stopping with us, it in every instance at once relieved, to the satisfaction of ourselves and those afflicted, saving many lives. C. BROWN & CO., Proprietors of Tammany Hall Hotel.

COUGH SYRUP. COUGH SYRUP.

W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of COUGHS, COLDS, CROUPS, ASTHMA, HOARSENESS, BRONCHITIS AND INJURED CONSUMPTION.

THIS is one of the most certain and effectual cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no disease of which it is more neglected than this; and yet there is none that more certainly and surely undermines health. Many a *neglected Cough* has been but the precursor of long years of suffering and misery. Old Coughs have been permitted to run *its course*, has hurried its victim into the premature grave of the Consumptive. Every one knows that we invariably trace back the origin of many *fatal* care and attention *at first* would have warded off that dreadful handmaid of death—Consumption—from many a one who is now lingering in the grave. We earnestly beg you now you neglect that Cough or Cold upon which you now look so lightly, and remember that a trifle expended upon some good Cough Remedy may save your life.

Certificates from the following gentlemen cannot fail to impress the public mind with the value of this truly valuable remedy:

From REV. J. S. M. BROWN, Member of East Baltimore Conference.

This certifies that I have used W. H. Read's Cough Pectoral Syrup with the most happy effects, and recommend it as a good cough medicine. JAS. H. BROWN.

From REV. ANDREW MANSHIP, Member of Philadelphia Conference.

WM. H. READ—Dear Sir—I have used your Syrup of Liverwort; it was of great service to my throat, and relieved me of a heavy cold. I can recommend it to clergymen and others. ANDREW MANSHIP.

From REV. WM W. HICKS, late Missionary in India.

Mr. Wm. H. Read, Sir:

I cheerfully recommend your Syrup to all persons affected with Coughs or Hoarseness, as a good medicine.

The Compound Syrup of Liverwort may truly be called the sufferer's friend. WM. W. HICKS.

We have many more certificates than we can publish, all speaking in the most emphatic terms of the great value of this medicine, and in every case recommending it to their friends and others who may be found.

DR. BIBB'S AN-TI-C POWDERS.

The great original and only known remedy that will effectually arrest and cure those distresses complained of in circulars like this.

They can be used by the most delicate without hesitation, as they will cause no pain whatever, and are as free as the needle to the point in their effects, leaving all impurities to come (not by purging or by nauseous, but by *preventing obstructions from occurring*). "Obsta Principii," resist the beginning, is a motto that is usually neglected by most females. Ladies who have used this justly celebrated Remedy.

Dr. BIBB'S POWDERS were invented and used by one of the most distinguished physicians of Philadelphia, more than thirty-five years ago, and no instance is yet known of their having failed to act as desired.

To mothers we, the health has already been sacrificed by too frequent sufferings, Dr. Bibb's Powders are the only known remedy whereby a further calamity can be *truly prevented*, beyond all paradventure.

One trial is all we ask to convince the most skeptical as to their efficacy. Full and explicit particulars and directions accompany each box, which are for sale by most of the principal Drug Stores throughout the city. d1-6m*

COUGH SYRUP.

COUGH SYRUP. COUGH SYRUP.

W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of COUGHS, COLDS, CROUPS, ASTHMA, HOARSENESS, BRONCHITIS AND INJURED CONSUMPTION.

THIS is one of the most certain and effectual cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no disease of which it is more neglected than this; and yet there is none that more certainly and surely undermines health. Many a *neglected Cough* has been but the precursor of long years of suffering and misery. Old Coughs have been permitted to run *its course*, has hurried its victim into the premature grave of the Consumptive. Every one knows that we invariably trace back the origin of many *fatal* care and attention *at first* would have warded off that dreadful handmaid of death—Consumption—from many a one who is now lingering in the grave. We earnestly beg you now you neglect that Cough or Cold upon which you now look so lightly, and remember that a trifle expended upon some good Cough Remedy may save your life.

Certificates from the following gentlemen cannot fail to impress the public mind with the value of this truly valuable remedy:

From REV. J. S. M. BROWN, Member of East Baltimore Conference.

This certifies that I have used W. H. Read's Cough Pectoral Syrup with the most happy effects, and recommend it as a good cough medicine. JAS. H. BROWN.

From REV. ANDREW MANSHIP, Member of Philadelphia Conference.

WM. H. READ—Dear Sir—I have used your Syrup of Liverwort; it was of great service to my throat, and relieved me of a heavy cold. I can recommend it to clergymen and others. ANDREW MANSHIP.

From REV. WM W. HICKS, late Missionary in India.

Mr. Wm. H. Read, Sir:

I cheerfully recommend your Syrup to all persons affected with Coughs or Hoarseness, as a good medicine.

The Compound Syrup of Liverwort may truly be called the sufferer's friend. WM. W. HICKS.

We have many more certificates than we can publish, all speaking in the most emphatic terms of the great value of this medicine, and in every case recommending it to their friends and others who may be found.

DR. BIBB'S AN-TI-C POWDERS.

The great original and only known remedy that will effectually arrest and cure those distresses complained of in circulars like this.

They can be used by the most delicate without hesitation, as they will cause no pain whatever, and are as free as the needle to the point in their effects, leaving all impurities to come (not by purging or by nauseous, but by *preventing obstructions from occurring*). "Obsta Principii," resist the beginning, is a motto that is usually neglected by most females. Ladies who have used this justly celebrated Remedy.

Dr. BIBB'S POWDERS were invented and used by one of the most distinguished physicians of Philadelphia, more than thirty-five years ago, and no instance is yet known of their having failed to act as desired.

To mothers we, the health has already been sacrificed by too frequent sufferings, Dr. Bibb's Powders are the only known remedy whereby a further calamity can be *truly prevented*, beyond all paradventure.

One trial is all we ask to convince the most skeptical as to their efficacy. Full and explicit particulars and directions accompany each box, which are for sale by most of the principal Drug Stores throughout the city. d1-6m*
