THE
BALTIMORE
WEEKLY CLIPPER,
THE CHEAPEST NEWSPAPER
IN THE STATE.
The undersigned would call the attention of all desirous of having a good Weekly Journal to the
BALTIMORE WEEKLY CLIPPER,
one of the largest and cheapest Papers published in this or any other State.
At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation, in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so.
CHEAPNESS,
when everything else almost has advanced in price more than one hundred per cent., is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the
WEEKLY CLIPPER
at the low price of
$1.50 PER YEAR.
Let those who need such a paper, remember that for this comparatively small amount, they are furnished
THIRTY-TWO COLUMNS
of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.
To accomplish the enterprise, however, and to do the undersigned and his subscribers full justice, he must have
PROMPT PAY;
and therefore no paper will be sent from the Office but what is
PAID FOR IN ADVANCE,
and this without respect to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprise, and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.
Let the friends of the paper in the country, recollect also that a
WEEKLY "PRICE CURRENT,"
accurate and reliable, will be among the matters furnished, something which *alone* would justify them in investing the small amount required for one year.
The aim of the new Proprietor is to furnish a First rate
FAMILY AND BUSINESS PAPER,
embracing whatever may be *interesting, amusing* and *instructive*; and he hopes, therefore, that the subscription list of the *Weekly Clipper* will not fall behind any.
Subscriptions must be remitted in
UNITED STATES NOTES.
Postmasters and others sending ten subscriptions, will be furnished one copy gratis.

MEDICAL.

ARMY DYSENTERY.
THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASE IS UNEQUALLED.
No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in strong tight metallic covers, occupy little space, and can be taken in a tumbler of water.—The prescription has been proved of the highest efficacy on this Charge route in Mexico, Central America, and elsewhere, the bane of these climates—fatal diseases of the bowels. It is the remedy of an eminent medical practitioner, who has had an extensive experience as Surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a specific, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as
DR. F. J. AGRIMONT'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,
(either recent or chronic), Cholera, Cholera Morbus or Diarrhœa of the Bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air-tight packages, which will keep in all climates for any length of time.
TO THE PUBLIC
This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many persons of friends who have experienced its good effects in private practice, consentingly offered to the public, after having been the means of curing within the last seven years, at least 8,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used most particularly in the mines of Australia as well as California, also in several parts of South America Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.
It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined in its ravages to any part of our globe, but ranges at large remorselessly, cutting down the *aged of the feeble, cold and called to return*, the tender infant as well as the aged and trembling adult in all variations of climate.
In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the undersigned, a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Tropic Dysentery or Army Diarrhœa, and who has had a large and extensive, unequalled experience in Tropical diseases, was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.
With these few remarks, it is now confidently offered to the public, who can rely that not one-half its merits, thus far can be known, as the proprietors believed for the last seven years, were individuals of all civilized nations and climes, subjected to tropical influences on their way to the lands of gold, from the hardy miner to the energetic traveller, as well as soldier, many of whom, as is well known, barely survived to reach their homes at the close of the war with Mexico, with himself, who have been gratefully astonished at its effects under its administration by him.
Throwing aside all *"bold writer' whims and fables,"* and the arrogant assumption which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *simple directions* and no physician will ever be needed in the above named dangerous diseases; one small package often relieving most severe cases.
TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will especially be found invaluable and no Ship-master should fail to take it on leaving port, as it will be found invaluable, especially, "mid storm and strife" of the elements, its virtues were first more thoroughly made known and abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its cure than in more temperate climates. The motion of the ship also, from his observation, always aggravating the symptoms, and heretofore baffling the well well known efforts to relieve the patient, in the above diseases.
☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest injury. When required, are taken in cold water. No hotel proprietor, or Country Merchant, should be without this invaluable and tested remedy, as many opportunities present themselves in the course of the summer where speedy and certain relief is required by their patrons.
TESTIMONIALS.
An examination of the following testimonials is earnestly invited: they do not purport to have been written in Missouri, Kansas, or any other Far West place, but are from some of the most influential and well known citizens residing in our midst, who can be found and will personally testify to the astonishing effects of the Tropical Dysentery Remedy:
SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, especially of children, I have ever known. And the success which has attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and regret as many others have to my knowledge, that you had not earlier made the public acquainted with it as I have often urged you to do. For I have lost children in Dysentery many valuable lives thereby might thereby have been saved by it.
Respectfully yours,
KITTS & LAGETT,
Attorney and Counsellor at Law,
No. 16 Wall street,
Croton Point, Westchester Co., N. Y.,
April, 1863.
EXTENDED FRIENT—I take pleasure in testifying to the very beneficial effects of your medicine in my family.
A case of Dysentery occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse; but when your Tropical Dysentery Remedy was tried, the use of your remedy prepared for that complaint.
Subsequently an infant child was attacked with Summer Complaint during not months, which run its course unabated, despite all medicines used by our physicians, for six or eight weeks. There seemed no hope of recovery, until your remedy was received and administered, when a improvement was immediately noticed, and a permanent cure was effected.
Very truly yours,
RICHARD D. TALCOTT.
BROOKLYN, Sept. 1863.
While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose or two of your Remedy, the relief was immediate. I advise all my friends not to be without it, and I know while I have it, with the directions, a Physician need never be called in that usually troublesome and often fatal disease.
Respectfully yours,
JAMES ROBERTSON,
175 Court street, Brooklyn,
BROOKLYN, July 1, 63.
DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the first advice I could obtain, until accidentally I heard of your medicine. I took it and obtained immediate relief; ride out on the island, and through my own imprudence in diet, brought on a severe relapse, which was again relieved by the remedy, and I am happy to add, was permanently cured.
JOHN WILSON,
Stillman st., near Myrtle Ave.
EAST BROOKLYN, L. I., June 1-62.
DEAR SIR—The effects of your medicine in my family are truly astonishing. Diarrhœa, etc., I have witnessed surprising and astonishment in my own family. The relief was prompt, decided, and effectual in a few hours, and I am happy to acknowledge that in my humble opinion, if your Remedy is administered, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many skilful physicians. It is equally safe and as promptly relieves the aged, as well as adults. We would not be without it.
Respectfully yours,
JOHN JAY WOOD.
DEAR SIR—The small package of your Tropical Dysentery Remedy, placed by you in the hands of a friend, a short time previous to our sailing for Australia, absolutely performed wonders; curing three of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery. Diarrhœa, etc. I can add, do most cheerfully state, for the benefit of those who may be similarly afflicted, that its virtues in its certainty of relief, any medicine I have ever known, never be by medical men.
Yours truly,
CLARKSON CUNTERHILL,
Corner Flushing and Lewis Avenues,
Brooklyn, L. I.
NEW YORK, May 17, 1863.
SIR—The medicine called the Tropical Dysentery Remedy," received by the proprietor, who was for six months Physician to Tammany Hotel. I know to be all that is above enumerated, which were numerous cases from 1857, from the number of Californians stopping with us. It in every instance at once relieved to the satisfaction of ourselves and those afflicted, saving many lives.

COUGH SYRUP.
COUGH SYRUP.
W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of Coughs, Colds, Consumptions, Asthma, Hoarseness, Bronchitis and Incipient Consumption.
THIS SYRUP is one of the most certain and effectual cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no class of disease that is more neglected than this; and yet there is none that more certainly and surely undermines health. Many a fatal Cough has been but the precursor of long years of suffering; and many a Cold that has been permitted to run its course, has hurried its victim to premature graves, in the form of Consumption. Every one knows that we utter the truth when we say that a *very little* care and attention *at first* would have warded off the attack, but that the last stage of Consumption—from many a one who is now lingering beneath its tortures. Be careful then now you neglect that Cough or Cold upon which you may be slighting, and remember that a trifle expended upon some good Cough Remedy may preserve your life.
Certificates from the following gentlemen cannot fail to impress every one with the value of this truly valuable remedy:
From REV. JAS. H. BROWN, Member of East Baltimore Conference.
This certifies that I have used W. H. Read's Cough Pectoral Syrup with the most happy effects, and recommend it as a most valuable medicine.
JAS. H. BROWN.
From REV. ANDREW MANSHIP, Member of Philadelphia Conference.
WM. H. READ—Dear Sir—I have used your Syrup of Liverwort; it was of great service to my throat, and relieved me of a hoarseness. I can recommend it to clergymen and public speakers.
ANDREW MANSHIP.
From REV. WM. W. HICKS, late Missionary from India.
Rev. Wm. H. Read, Sir:
I cheerfully recommend your Syrup to all persons afflicted with Coughs or Hoarseness, as a certain cure.
The Compound Syrup of Liverwort may truly be called the Sufferers friend.

We have many more certificates than we can publish, all speaking in the most emphatic terms of the great value of this medicine, and in every case it has called it to their friends. Among them may be found

AYER'S
CHERRY PECTORAL,
For the rapid cure of
COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptives.
Even in advanced stages, it will give immediate relief, and in the early stages of Consumption, it has cured hundreds, who had given themselves up to the fatal disease.
So widely is the field of its usefulness and so numerous are its cures, that almost every section of country abounds in persons who are known, who have been restored from alarming and even desperate diseases of the lungs by its use. Often once tried, its superiority over every other pectoral is so manifest as to insure its constant use, and where its virtues are known, the public have a decided preference to employ it in preference to any other. Physicians of the pulmonary organs that are the most thoroughly acquainted with its composition, do not hesitate to give their sanction to its use, and many instances have come to our knowledge, where all other means had been tried and been discarded, the last resort, at the urgent solicitation of friends, and in every instance it has conferred benefits on the afflicted, they can never forget, and produced cures too numerous and too remarkable to be forgotten.
We can only assure the public that its quality is carefully kept up to the test it ever has been, and that it may be relied on to do for their relief all that it has ever done.
Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled efficacy of our remedies, but space here will not admit of the insertion of them. The Agents below named, foreign agents of our American Almanac, in which they are given, will also furnish them to all who call for them, and give full description of the complaints they cure.
Those who require an effective medicine to purify the blood, will find AYER'S COMPOUND SARSAPARILLA the remedy to use. Try it once, and you will know its value.
Prepared by J. C. AYER & CO., Lowell Mass., and sold by all Druggists. d1-2m wzm

NERVOUS DISEASES
CONTROLLED AND CONQUERED.
DR. BRADSHAW'S INVIGORATING CORDIAL.
DR. BRADSHAW'S INVIGORATING CORDIAL.
DR. BRADSHAW'S INVIGORATING CORDIAL.
THE GREAT INVIGORANT,
THE GREAT NERVINE,
CURES, CURES, CURES,
NERVOUSNESS AND WEAKNESS
And all diseases arising from excesses and over-exertion whether physical or mental.
To persons of feeble nervous temperament, deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the enjoyment of all the natural faculties, and to the higher mental attributes. Its beneficial effects are not confined to either sex or any age. The feeble girl, the ailing wife, the listless emaciated youth, the man of business, the victim of nervous depression, the individual suffering from general debility or from weakness, will find immediate and permanent benefit from the use of this incomparable renovator.

The effect of these is brief, and it may well be said of him who takes them, "the last state of the man is worse than the first." But the Elixir is an exhilarant without a single drawback—safe in its operation, perpetual in its happy influence upon the nervous system, and invigorator of organization in cases of neuralgia, headache, loss of memory, hypochondriasis dyspepsia, general prostration, irritability of nerves, inability to sleep, liver complaint, and all diseases incident to females hysterics, monomania, vague terrors, palpitation of the heart, barrenness, constipation, &c. &c., from whatever cause arising, it is, if there is any reliance to be placed on human testimony, absolutely infallible.
It is the only infallible
